From the Halifax "Citizen."

A VALUABLE REMEDY .- As a general rule we do not endorse editorially any of the numerous notices of popular medicines that from time to time appear in the advertising columns of our paper; but we de-part from our usual custom to-day to direct attention to the advertisement of Rogers & Co.'s Medicines, because we believe the facts disclosed in the advertisement are such as to justify if not call for, such special attention. The facts of the case detailed in the advertisement are placed beyond dispute by the certificate of the High Sheriff of Cumberland, and ten of the most respectable and well known citizens of Amherst, so that there is nothing of mere pufflug about it, but a truthful statement that ought to be laid before sufferers afflicted as young Copeland was. The character and social position of Mr. Rogers, who is well known over a great part of Nova Scotia, is sufficient to show that this is no mere quack nostrum, made only to sell and put money in the pockets of speculators at the expense of the credulous and unfortunate.

AMHERST, N. S. 7th August 1865.

MESSRS. ROGERS & Co. Gentiemen, - Permit me to add my testimony to it upon my son will not dispute my right to do so. He first fell upon a fork handle in the baru, and hurt his leg a little below the knee; he subsequently took cold, when it began to swell and pain him very much. It soon ulcerated near were it was hurt, and continued to disharge freely, until the calf of his leg

seemed to be one mass of corruption. His foot and knee swelled very much, and when we commenced with your medicine was very much inflamed and was evidently upon the eve of mortification. The pain and suffering he endured no pen can describe. He grew weaker daily. Nothing that medical skill and faithful attendance could accomplish was omitt ed; still he gradually sank, until there seemed but little hope of saving either his life or limb. As a Great Humor Remedy! last effort the doctors decided to ampulate the leg. This was to have been done the next day, but just at this critical point a kind friend advised me to try your medicine. I concluded to do so, and the leg at once began to improve, and is now well. He goes to school daily.

This is certainly the most extraordinary cure ever made in this country. No person could fully appreciate the sad and suffering condition he was in with out seeing for themselves; to all human appearance he could not have lived a week; there did not seem to be a ray of hope left. Doubtless there are thousands dying whose lives might be spared if they had this extraordinary medicine.

Hoping that God may prosper you in your work of

I am, Gentlemen, Yours very affectionately,

Perhaps the most remarkable case of all we have to relate is that of a son of W. B. Weldon, Esq., of Kouchibouguac, N. B. It is very similar to that of of the body, or obstruction of its functions. AYER'S CATHARTIC PILLS

ARE the most perfect purgative which we are able to produce or which we think has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to

cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they oure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are miliar with the facts from common report in this free from any risk of harm. Cures have been made community-have no hesitation in endorsing the which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth, Many eminent clergy men and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that, our Preparations contribute immensely to the relief of our afficted, suffering fellow men.

The Agents below named are pleased to furnish gratis our American & Imanae, containing directions for the use and certificates of their cures, of the following complaints:-

Costiveness, Bilious Complaint, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Naus-a, Indgestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state
