Commercial affairs in England appear to be regaining their wonted course. The Bank of England having lowered its rate of discount from 10 to 8 per cent, with hopes of a further reduction, business will no doubt shortly resume its former activity.

The Confederation Delegates from the Maritime Provinces had arrived in England, and had interviews with the Minister for the Colonies, although too late for any definite arrangement of the great object of their mission, to bring the matter before Parliament, which is now prorogued.

PERRY DAVIS'S VEGETABLE PAIN KILLER,

The Great Family Medicine of the Age.

TAKEN INTERNALLY, CURES

Sudden Colds, Coughs, &c., Weak Stomachs, General Debility, Nursing Sore Mouth, Canker, Liver Complaint, Dyspepsia or Indigestion, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Asiatic Cholera, Diarrhoea and Dysentery.

TAKEN EXTERNALLY, CURES

Felons, Boils, and old Sores, Severe Burns and Scalds, Cuts, Bruises and Sprains, Swelling of the Joints, Ringworm and Tetter, Broken Breasts, Frosted Feet and Chilblains, Toothache, Pain in the Face, Neuralgia and Rheumatism.

The PAIN KILLER is by universal consent allowed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instantaneous effect in the entire eradication and extinction of PAIN in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been, and are its own best advertisement.

The ingredients which enter into the PAIN KILLER, being purely VEGETABLE, render it a perfectly safe and efficacious remedy taken internally, as well as for external applications, when used according to directions. The stain upon linen from its use is readily removed by washing with a little alcohol.

This medicine is justly celebrated for the cure of so many of the ailments incident to the human family, has now been before the public over TWENTY YEARS, and has found its way into almost every corner of the world; and wherever it has been used, the same opinion is expressed of its medical properties.

In any attack where prompt action upon the system is required, the Pain Killer is invaluable. Its almost instantaneous effect in relieving PAIN is truly wonderful; and when used according to directions, is true to its name, a PAIN KILLER.

It is, in truth, a FAMILY MEDICINE, and should be kept in every family for immediate use. Persons travelling should always have a bottle of this remedy with them. It is not unfrequently the case when persons are attacked with disease, and before medical aid can be procured, the patient is beyond the hope of recovery.

It has been used in SEVERAL CASES OF THE CHOLERA, and never has failed in a single case, where it was thoroughly applied on the first appearance of the symptoms.

Pain Killer, taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a COUGH, a few drops on sugar eaten, will be more effective than anything else. For SORE THROAT, gargle the throat with a mixture of Pain Killer and water, and the relief is immediate and cure positive.

It should not be forgotten that the Pain Killer is equally as good to take internally as to use externally. Each bottle is wrapped with full directions for its use. PLEASE READ THE PRINTED DIRECTIONS.

Come thou fount of every blessing. To-day the Saviour calls. Must Jesus bear the Cross alone. Come hither, all ye weary souls. When marshalled on the mighty plain. When I survey the wondrous Cross. How sweet the name of Jesus sounds. There is a fountain filled with blood. Not all the blood of beasts. Oh for a thousand tongues to sing. From Greenland's icy mountain. The morning light is breaking. When I can read my title clear. Rock of Ages cleft for me. My Country 'tis of thee. Nearer my God to Thee."

NEW SERIES OF ORGANS!

The greatest and best musical capacity at the lowest price.

THE MASON AND HAMLIN Portable Organs.

MASON & HAMLIN respectfully announce that, in order to meet the demand for low-priced instruments, they have commenced the manufacture of a new series of single-reed organs, the design of which is to furnish really good instruments in the most economical form, and at the lowest prices possible. They are smaller in size and more compact than the Cabinet Organs, and hence will be known as THE MASON & HAMLIN PORTABLE ORGANS. The cases, which are all of walnut, are very plainly, though neatly and tastefully finished; and in various details, such as ivory keys, pedal coverings, music desks, hinges, &c., not affecting the practical usefulness or durability of the instruments, less expensive materials and workmanship are employed than in the Cabinet Organs. This economy of manufacture is not, however, allowed to extend to the working parts of the instruments, which are all made with that scrupulous care and thoroughness for which the M. & H. Cabinet Organs are celebrated.

It should be observed that the principles upon which the MASON & HAMLIN PORTABLE ORGANS are made are just the reverse of those which are generally adopted in the manufacture of low-priced instruments. The plan commonly is to make as much show as possible in externals, and to slight the interior parts of the instrument, which are not seen. In the Portable Organs it is upon the exterior—upon those parts which are seen, and which are not essential to the musical capacity of the instrument that the saving is effected, and not upon the more important interior.

In that liquid purity and smoothness of tone by which the M. & H. Cabinet Organs are distinguished, and for which they have become so celebrated, the Portable Organs cannot claim to be fully equal to them. The necessity for adopting different and smaller cases and scales renders the attainment of this impossible. Yet it is confidently believed that in quality of tone the Portable Organs approach nearer to the M. & H. Cabinet Organs than do any other reed instruments. In power, quickness of action, and other excellences, they are worthy of highest praise. Each one is furnished with the Automatic Bellows Swell, two Blow Pedals, Combination Valves, and such other of the patented improvements of M. & H. as are applicable to them.

If The Mason & Hamlin Portable Organs are FULLY WARRANTED for five years.
