The PAIN KILLER is by universal consent allowed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instantaneous effect in the entire eradication and extinction of PAIN in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been, and are its own best advertisements.

The ingredients which enter into the PAIN KILLER, being purely VEGETABLE, render it a perfectly SAFE and efficacious remedy taken internally, as well as for external applications, when used according to directions.

This medicine is justly celebrated for the cure of so many of the afflictions incident to the human family, has now been before the public over TWENTY YEARS, and has found its way into almost every corner of the world; and wherever it has been used, the same opinion is expressed of its medicinal properties.

In any attack where prompt action upon the system is required, the Pain Killer is invaluable. Its most instantaneous effect in RELIEVING PAIN is truly wonderful; and when used according to directions, is true to its name, a PAIN KILLER.

It is, in truth, a FAMILY MEDICINE, and should be kept in every family for immediate use. Persons travelling should always have a bottle of this remedy with them.

Pain Killer, taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a COUGH, a few drops on sugar eaten, will be more effective than anything else. For SORE THROAT, gargle the throat with a mixture of Pain Killer and water, and the relief is immediate and cure positive.

It should not be forgotten that the Pain Killer is equally as good to take internally as to use externally. Each bottle is wrapped with full directions for its use. PLEASE READ THE PRINTED DIRECTIONS.

Dr. HAMLIN'S HAND BAG FOR CHOLERA.

CONTAINING all the articles recommended by Dr. Hamlin, a well known Missionary residing at Constantinople, and possessing large experience in treatment of Cholera. In the Bag are full directions how to proceed in treating an attack, till the Physician arrives—a point of much importance. For as Dr. Hamlin remarks, on the approach of Cholera every family should be prepared to treat it, without waiting for a Physician. It does its work so expeditiously, that while you are waiting for a Doctor, it is done.

The Bag thus fitted out and locked, should be hung up in such a position, that on the slightest alarm it may be at hand. The public will see the immense advantage it will be to each family to possess in compact form and easy of access, the remedies which have been proved most efficacious with such directions as have in other lands saved thousands of lives.

Prepare for the Worst by getting a Bottle of LANGLEY'S CORDIAL RHUBARB, OR ANTI-CHOLERA COMPOUND.

In the present age of humbug it is hard for a genuine preparation, however good it may be, to escape the open or the covert sneer, and the muttered condemnatory word "QUACK," that many preparations thoroughly deserve on account of their utter worthlessness.

LANGLEY'S CORDIAL RHUBARB has however managed not only to escape censure, but also to obtain high praise. This it has done simply by being what it purports to be, A RELIABLE MEDICINE

for a specified complaint. It does not propose to cure a dozen different diseases of most opposite natures, but confines itself with great modesty to one particular class of diseases, viz: those arising from a DISORDERED STATE OF THE STOMACH AND BOWELS.

This Cordial is therefore good for Diarrhoea, Dysentery and Cholera. It has been used with great success in the EAST INDIES,

having been introduced there by officers at one time stationed in this garrison. Lately it has found its way to the

COAST OF AFRICA, and is there fast becoming esteemed for its curative powers as a specific for Asiatic Cholera. Each bottle has around it a copy of the "Recommendations of the Royal College of Physicians on the subject of Cholera,"—of itself worth the price of the bottle. Price 50c. a bottle. Liberal discount to dealers.

BEAVER RIVER, N. S.

To W. S. RAYMOND. Having a gathering coming on my hand which I supposed to be a Felon, I suffered, very severely, from pain for four days and nights, I poulticed it with every thing nameable, and used every thing that I could think of to relieve the pain, and nothing seemed to have any effect whatever. One of my neighbors advised me to use Mrs. JACKSON'S Golden Liniment, which I did, and in twenty-four hours my hand was well enough to perform a days labour, I have used it in a great many instances and found it to be a valuable article. Try for yourselves and you will find the Gold Liniment just what it is recommended, excellent for Sore Throat, Headache, Toothache, Inflammation, it is excellent.

WM. H. PIERRES.

BEAVER RIVER, Township of Clare, March 25th, 1864

Mrs. W. JACKSON.—Please except the following testimonial, which, if desirable, you can use for the public good:—

I have used, also made more than a score of applications of your Gold Liniment, in cases of Inflammation arising from colds, following cuts and bruises, &c. and in every stage of inflammation even where previous days and nights have been spent in restlessness, and pain, defying ordinary applications, in every such case when I have used your Liniment liberally applied saturating the under wrapping. The effect in removing the pain and inflammation has been astonishing whoever will try this remedy, will prove inflammation cannot live when brought in contact with it.

Respectfully yours, IRA RAYMOND.

YARMOUTH Co., N. S.

Mrs. JACKSON.—Having been brought very low by bleeding of the lungs, in connection with the Bronchitis for several years, during which time I tried many medicines without material benefit, about seven months since began using your Gold Liniment, and found the bleeding entirely cured, and received great relief otherwise. Also my wife having been for some years troubled with Chronic Rheumatism, has found great relief from the use of the same liniment.
