

HUTCHINSON'S NOVA SCOTIA DIRECTORY, 1866-7, has just appeared. It is a handsome volume of 1050 pages and does great credit to the printer, John Lovell of Montreal, as well as the compiler and publishers, D. McAlpine & Co. It even surpasses their last issue of the N. S. Directory. It has the name and residence of every man of note and almost every man of business in the Province. It is an invaluable collection of information for commercial men, whether in this or other countries. Under the Railway Department is given a map showing the lines of railway in Nova Scotia and New Brunswick, and how it is proposed that they shall connect with those of Canada and the United States. The Directory also contains a large number of advertisements got up in capital style.

THE BAR.—The following paragraph has appeared in the city papers:—

"Advices by the Africa state that the Privy Council have reversed the decision of the Supreme Court in this province, which suspended T. J. Wallace, Esq., from practicing as an Attorney."

Some two years since Mr. W. charged the Hon. Chief Justice with some improper motives in a decision he gave. The result of which was the suspension of Mr. W. from his functions. An appeal was made by Mr. Wallace to Her Majesty's Privy Council who have reversed the decision of the N. S. Judges. This will doubtless create quite a sensation among the young lawyers. One of our contemporaries suggests the probability of further proceedings on the part of Mr. Wallace.

TO CORRESPONDENTS.—J. W. S.—We must not be surprised at such things as you name. It men believe that infant sprinkling is from heaven, it is to be expected that they will manifest their hostility to what we understand to be scriptural baptism. We must not return railing for railing, but contrariwise blessing.

"A BAPTIST" wishes to know if the direction given by Paul to Timothy—in 1 Tim. iii. 8-13—was intended to apply in this nineteenth century. If so, is the direction there given, concerning his wife and children, deserving of the same importance, as that given concerning himself—and, is the instruction given to the disciples of Christ, by the Apostles (Acts vi. 3) to select "men of honest report; full of the Holy Spirit and wisdom;" worthy of imitation in our churches at the present day?

We doubt not the principles of the New Testament were intended to apply to all ages.

With respect to the other enquiry we would suggest that all the members should be present at the regular meetings of the church. It would, however, be only courteous and proper that when such business, as the election of church officers, is to take place, that due notice thereof be previously given.

NEWS SUMMARY.

The kingdom of Spain is said to be in a state of much perturbation. All the acts of the Government of late, have been retrograde. The policy of each new ministry has been to trench upon some of the constitutional rights, which have within the past half century, and amid turmoil and revolutionary movements, been with great difficulty arrested from the despotism of ages. Religious and political persecution seem to be the vital air of the Spanish Bourbons, and it will, to all appearances, be a fortunate day for Europe, when the last of this bigotted and infatuated race shall be forever debarred from Sovereign power. It seems indeed strange that a high-minded, chivalrous nation, such as the Spaniards have often shewn themselves to be, should so long submit to be tyrannized over by a weak, depraved and superstitious dynasty. It is, however, among some of the middling classes and the peasantry of Spain, that any remaining seeds of virtue, honour, or independence are to be found. The nobility and higher classes have long lost the high character of their progenitors, and are universally sunk into venality and corruption.

The war between Spain and her former Colonies, the Republics of Chili and Peru, is at an end, as both parties have agreed to accept the mediation of England and France to put an end to their strife.

The popular vote which has been taken in the Venetian Provinces given up by Austria, to ascertain the willingness of the people to become part of the kingdom of Italy, has resulted in giving a majority of 641,758 votes over a minority of Sixty-nine. Austria must surely be well rid of subjects who with good reason, had so little affection for her rule.

Messrs. McDonald and Cartier, two of the Canadian Delegates on the Confederation of the Colonies, have left for England, and as the whole of the several representatives from the different Provinces, charged with this important mission, will shortly be assembled in

London, no doubt the scheme of Union will at once be finally settled and adjusted, and ready to be submitted for the sanction of the Imperial Parliament on its meeting in January.

Notices, &c.

REV. A. W. BARSS wishes that all correspondence and papers for him, be directed to Shelburne Town.

A Prayer Meeting will be held, (D. V.) in the Rooms of the Young Men's Christian Association on Sunday Dec. 2nd, at 4 past 4 o'clock. Young men are earnestly invited to attend.

The New Baptist Church at Liverpool.

We intend opening our new Church, for Divine Service, on the second Sabbath in December, and avail ourselves of this opportunity to cordially invite Ministering Brethren to be present with us and participate in the services.

In behalf of the Baptist Church, GEO. S. PARKER, Clerk. Liverpool, 28th Nov., 1866.

General Intelligence.

Domestic.

THE CITY RAIL CARS are to be provided with stoves during the winter.

QUICK.—The Java, here on Thursday last, made the passage from Boston in 27 hours.

GAS METRES.—The Gas Inspector has reported 1033 metres inspected; of which number, 708 were correct, and 325 inaccurate.

An Indian, while carrying a load of wood along the road near the Four Mile House, on Saturday morning last, fell and broke his leg.

On Saturday a large swordfish was taken in the neighborhood of Sambro. This is the second fish of that species which has been captured off the harbor this fall.

Two young men named, respectively, Joshua Young, of Ironbound Island, and Hiltz, of Moose Cove, were drowned, by the upsetting of a boat, off Chester Bay, a few days ago.

Mr. Zenas Kempton, of Queens County, N.S., formerly a student at Horton, after studying two years at New York, has recently received the degree of M. D. at Dartmouth College, N.H.

OUR CITIZEN ARTILLERY.—On Monday afternoon the battery of Armstrong guns sent from England for our Volunteer Artillery, were formally presented to them by His Excellency Sir F. W. Williams. Appropriate speeches were made on the occasion. High encomiums were passed on the appearance of the Volunteers.

CORRECTION.—A paragraph in a late No. of the Express, copied into the C. Messenger, stated that a sum of money, lost last winter, had been found at Musquodoboit by a Mr. James Bruce. We are requested by Mr. Edward McCabe to state that it was not Mr. B., but Mr. George Higgins, 2nd, who found the money (\$340) and restored it to the owner, Mr. Dilman, who presented Mr. H. with \$5 for doing so.

WOLFVILLE.—A Band of Hope was formed at Wolfville on Saturday the 17th Inst., 75 lads and lasses joined in the good resolutions of that fraternity. They have our best wishes. Many of them will doubtless live to be thankful to those who have interested themselves in this "delightful task."

CIVIC.—The City Council have at length decided to comply with the law respecting the assessment for the support of Schools in Halifax. At a meeting on Friday, by a vote of 9 to 6 it was resolved:

That the City Assessor be instructed to make out an assessment for the sum required by the School Commissioners amounting to \$22,750.

Several communications were brought before the Council, respecting the imposition of a fine of 10 per cent., on those who had not paid their taxes within thirty days of the notice being given.

INDUSTRIAL EXHIBITION.—At a meeting of the Commissioners of the Paris Exhibition held in the Province Building on Saturday last, a Committee was appointed to enquire as to buildings suitable for a local Exhibition in Halifax, in January, of the articles to be sent to Paris, and to report on the application of mechanics who have not contributed, for permission to exhibit articles at the local exhibition but not to be sent to Paris. A number of specimens of building stone, minerals, grasses, &c., &c., have been received. It is expected that said exhibition will take place about 8th or 10th of January.

On Saturday two men named respectively, Jacob Homer and William Homer, with several aliases, were brought before the Police Court, charged with having, a few days ago, stolen a horse and express wagon, the property of a person in Sackville, New Brunswick, and also with having, after their arrival in Halifax, obtained a sum of money under false pretences. It appears they left the horse and wagon at Truro, and came to the city in the Railway Cars. They were remanded for trial at the next sitting of the Criminal Court. They pleaded guilty to the charge. The wife of one of the accused was also arraigned upon a charge of obtaining money under false pretences, and she too pleaded guilty, and was also remanded for trial before the Criminal Court.—Chronicle.

OUR DETECTIVES.—Serjts. Hutt and Powers succeeded on Friday last in finding a silver tea pot and coffee pot, stolen about three or four weeks since from the residence of Alderman McCulloch, also a trunk of children's clothing stolen a short time since from Mason Hall.

CAUGHT.—A young man calling himself Cameron Meeke, was convicted before the City Criminal Court, the other day, of obtaining a quantity of Potatoes and Oats, from a Trader at the Market Wharf, through fraud and misrepresentation. He represented himself as belonging to the firm of Meek, Neal & Company, doing business in Bedford Row. After delivery of the goods, the too credulous Trader made out his account, and searched in vain to find out this firm. He could find no such firm in Bedford Row, or anywhere else—not even Mr. Meeke was to be found. He was advised to seek the aid of the Police, when the rascal was tracked to his hiding place. He has been sentenced to six months hard labor in Rockhead. The poor trader is minus the price of his Oats. Meek is a young man of respectable appearance.—Jour.

PRESENTATION.—A number of the Sisters of "Safe Retreat" Lodge of British Templars presented Rev. A. W. Barss, with a handsome Family Bible and highly complimentary address on their removal to Shelburne. Mr. B.'s reply closed by saying on behalf of himself and family:

"Accept of our warmest thanks for your kindness, and may the Holy Spirit apply the teachings of this blessed book to each of your hearts to enable you to live soberly, righteously, and godly in this life, and by it may we dwell together, in the life to come,

In Heaven above where all is Love.

A. W. BARSS.

FATAL ACCIDENT.—On Friday, the 16th inst., Mr. William Whittier, of Douglas, Hants Co., was killed by the wheel of a loaded cart passing over his head, and fracturing it so as to cause immediate death. Mr. W. was engaged in carting earth from a short distance to secure his cellar for the winter. No person was with him just when the fatal circumstance occurred, but it was thought that he was either sitting on the tongue of the cart or attempting to get on, and fell while the team was moving forward. Bro. Whittier removed from Rawdon to Douglas about twelve months ago. He had for many years been a consistent member of the Baptist Church in Rawdon, and for nearly thirty years officiated as deacon in the church. He was greatly beloved as a truly pious, benevolent, active christian, and much respected in the community. He has left a widow, several children, and a large circle of relatives and friends to lament his sudden death. Bro. Whittier was in the 66th year of his age.—Com. by Rev. Jas. Stevens.

DR. LAROOKAH'S PULMONIC SYRUP.

It is prepared to meet the universal demand for a safe and effectual remedy for Throat and Lung Complaints.

These complaints are alarmingly prevalent in every climate and at every season.

The slightest cough, unless promptly checked, not unfrequently ends in CONSUMPTION.

Yet few diseases are so readily overcome in their early stages, as those of the respiratory organs.

And for those diseases, incipient or advanced, no remedy has ever been devised, which can be administered with such uniformly good results, as

Dr. Larookah's Pulmonic Syrup.

Qualities which are indispensable in a medicine designed for popular use are, certainty of salutary effect, and absence of danger from accidental overdoses.

These qualities are noteworthy in the PULMONIC SYRUP.

Though this medicine has been before the public for many years, and though thousands in every section of the country place their dependence upon it in all disorders of the Throat and Lungs, the first instance has yet to be recorded, where it has failed to cure or afford relief.

Purely vegetable in its composition, it is administered with safety to the most delicate invalid or tender child.

The complaints which have a common origin, and which the Pulmonic Syrup effectually and speedily cures, are COUGHS, COLDS, CROUP, WHOOPING COUGH, ASTHMA, CATARRH, BRONCHITIS, INFLUENZA, DIPHTHERIA, PLEURISY, SPITTING BLOOD, PAIN IN THE SIDE, NIGHT SWEATS, HOARSENESS, CONSUMPTION in its early stages, and all affections tending to Consumption.

This medicine is offered to the sick with the utmost confidence that it will be found the surest, safest and speediest cure for all Pulmonic Complaints, that has ever been placed within their reach.

PRICE, \$1.00 Per Bottle.

Prepared by E. R. KNIGHTS, M. D., CHEMIST, Melrose, Mass.

Dr. Larookah's Sarsaparilla Compound.

Combines all the medicinal virtues, which long experience has proved to afford the most safe and efficient alternative for the cure of Scrofula, Liver Complaints, General Debility, Dyspepsia, Dropsy, Neuralgia, Epilepsy, Erysipelas, Cancerous and Indolent Tumors, Ulcerations of the Bones, Joints, Glands and Ligaments, of the Ovaries, Uterus, Liver, Spleen and Kidneys, of all diseases of the Skin, such as Salt Rheum, Boils, Pimples, Carbuncles and Sore Eyes, for Pain in the Stomach, Side and Bowels, for Syphilis and Mercurial Diseases, also many affections peculiar to females, such as Suppression, Irregularity, Leucorrhoea, Sterility &c., &c.

This preparation is the fruit of many years of careful study and experiment, and by the innumerable cures which it has effected, we are fully convinced that no other remedy has ever been devised so powerful as this, to combat and eradicate from the system that classes of diseases to which reference is made above.

Many of the Sarsaparillas in the market possess no medicinal properties whatever; they may be used as a medium in which to administer some powerful drug, but of themselves are totally inert.

Price, \$1.00 per bottle, — 6 bottles for \$5.00.

DR. KNIGHT'S HAIR DRESSING

A VEGETABLE PREPARATION For Preserving and Beautifying the Hair, Contains neither Oil nor Alcohol.

Col. W. Ford dates at Newport News, Va., and says:

"Last summer I had a severe attack of fever, by which I was prostrated for nearly four months. When I got about again I found myself nearly bald. Dr. Santos, to whom I applied for advice, recommended me to give your Hair Dressing a trial. I had never had any faith in proprietary articles of any kind, but at the earnest solicitation of the doctor, concluded to try yours. The first bottle had little apparent effect; but after using about half of the second bottle, I found my head covered with a thick growth of fine silken hair. I continued the use of the Dressing, and my hair continued to grow rapidly. It is now about the length I have usually worn it, and is much thicker and apparently more healthy than at my former period."
