Class of the Turkish Order of Medjide, &c., &c.; Lieutenant Governor and Commander-in-Chief, in and over Her Majesty's Province of Nova Scotia and its Dependencies, &c., &c., &c.

W. F. WILLIAMS.

WHEREAS, for the prevention of Cholera and other infectious disease, strict Sanitary and Quarantine laws are absolutely necessary: I do therefore, by the advice of Her Majesty's Executive Council of this Province, hereby order and direct,

1st. That when a vessel shall arrive at any Port of this Province, the Captain shall report to the Pilot or Revenue Officer, all cases of sickness of whatever kind, other than ordinary sea-sickness, that may be on board.

2nd. That the Revenue Officer, or Pilot, shall send notice thereof to the Health Officer of the Port, or should there be no such Officer, to any other duly qualified Medical Practitioner of the place.

3rd. That the captain, if need be, shall provide a boat and men to convey such notice, and bring back such Medical Officer or Practitioner, to examine the case or cases of sickness on board.

4th. That the Health Officer thus notified shall go on board, and having examined the cases of sickness on board, shall use such means as are necessary and proper for their recovery.

5th. In any case where the Health Officer of the Port shall consider it necessary he shall have power to order any vessel into such Quarantine Station as may have been established for that purpose, and to determine how long she shall remain in Quarantine.

6th. In case the Health Officer shall find the vessel in a filthy condition, or over crowded, or that there is danger of disease spreading on board, he shall cause the sick to be taken on shore, and the vessel to be thoroughly cleansed; and in every such case the Captain, Agents, or Owners of the vessel, shall be held responsible for all the necessary expenses incurred in cleansing the vessel or providing suitable apartments for the sick, for their removal thereto, and their treatment therein, or any incidental expenses connected therewith.

7th. In case of the existence of any contagious or infectious disease, on board any Vessel arriving in Port, the Health Officer is hereby authorized to take such measures for the protection of the Passengers and Crew on board, as also the community on shore, as are prescribed in the several regulations in Chap. 54, Sections 8 and 9, of Revised Statutes of Nova Scotia.

8th. That for the services thus rendered, the Health Officer shall be entitled to charge a reasonable sum, to be paid by the Captain or Agents of the Vessel on behalf of the owner.

9th. That no vessel, subject by these sanitary regulations to be examined, shall be admitted to entry, until a certificate of such examination, signed by the Health Officer, shall be exhibited; nor shall such vessel be admitted to entry or clearance until all the fees and charges authorized by these sanitary orders have been paid, as directed in Chapter 54, Section 3, of the Revised Statutes of Nova Scotia.

10th. In case of dispute in respect to such charges, such dispute, where the bill of charges does not exceed twenty pounds, shall be determined summarily before any two Justices of the Peace as to the amount which is reasonable, according to the accustomed rate of charge within the place, for distance and for attendance on patients of the like condition and class in life.

11th. That the Table of Fees payable to Health Officers, in all Ports of the Province, shall be as follows:-

For visiting all vessels above 100 tons burden liable to be examined..... \$3 00

Of and under 100 tons..... 1 50

Certificate of Release..... 1 00

N. B.-In all the Ports in this Province except Halifax, each Health Officer shall be entitled to demand, in addition to the fees above prescribed, ten cents currency for every mile of distance from the residence of the Health Officer to the vessel required to be visited, if the distance shall exceed two miles.

For visiting Vessels having Emigrants, or 10 Steerage Passengers..... \$6 00

Inspecting Passengers..... 2 00

Certificate of Release..... 1 60

Subsequent visits required by sickness or otherwise..... 3 00

The following Quarantine shall be enforced for the Port of Halifax:

1. All vessels shall come to inside of Meagher's Beach, and remain there until boarded by the Health Officer of the Port. Vessels arriving at night shall fire a gun, and hoist two vertical lights at the foremast head.

2. It shall be the duty of the Medical Officer to board every vessel, day or night; to examine the log book, and, if necessary, to put the captain or others on board under oath as to any cases of disease that may have occurred during the voyage, and whether she is from an infected Port.

3. Vessels from disease, and not coming from an infected Port, shall be admitted to Pratique immediately.

4. Any vessel coming from an infected Port, on board of which no case of disease has occurred, and having been out fourteen days or more, shall be admitted to Pratique; and if under that time, shall be detained in Quarantine until fourteen days have elapsed since the commencement of the voyage.

5. An infected vessel, that is-a vessel in which disease existed during the voyage, shall be immediately placed in Quarantine, and the crew and passengers (if any) be removed to the establishment provided for that purpose.

6. All infected vessels shall be thoroughly fumigated, and all clothing, or such articles as the Health Officer may deem necessary, shall be destroyed, or subjected to proper purification.

7. Crews, passengers, and vessels shall be relieved from Quarantine at the discretion of the Health Officers only.

8. No person shall be permitted to communicate with a ship when in Quarantine, or with the Quarantine Station, except upon the written permission of the Health Officer.

9. Any Pilot having been on board an infected ship shall be subject to the order of the Health Officer, and shall not communicate with the shore without his permission.

The foregoing Regulations are applicable to vessels bound to this Port; but in all cases when infected vessels put into this Port, the Governor in Council may order them at once to leave the Port, or take such measure consistent with humanity as may be required to prevent the introduction or spread of infection.

All Pilots and Revenue-Officers shall observe, keep, and carry with them copies of these Sanitary and Quarantine Regulations and Instructions thereon. Any violation or disobedience of any of the orders hereby made shall be deemed a misdemeanor, and shall subject the person guilty thereof to a penalty not exceeding five hundred Pounds.

Dr. HAMLIN'S HAND BAG FOR CHOLERA.

CONTAINING all the articles recommended by Dr. Hamlin, a well known Missionary residing at Constantinople, and possessing large experience in treatment of Cholera. In the Bag are full directions how to proceed in treating an attack, till the Physician arrives-a point of much importance, for as Dr. Hamlin remarks, on the approach of Cholera every family should be prepared to treat it, without waiting for a Physician. It does its work so expeditiously, that while you are waiting for a Doctor, it is done.

The Bag thus fitted out and locked, should be hung up in such a position, that on the slightest alarm it may be at hand. The public will see the immense advantage it will be to each family to possess in compact form and easy of access, the remedies which have been proved most efficacious with such directions as have in other hand saved thousands of lives.

HAIR DRESSING!!

A dressing for Children's Hair, which can be used without fear of injury to its growth or texture, has hitherto been unobtainable. Most, if not all, of the Hair Dressing heretofore sold at the drug stores are composed chiefly of oil and alcohol-ingredients which are antagonistic to the life of the hair.

KNIGHT'S Hair Dressing contains neither oil nor alcohol, is purely vegetable in its composition, and is the most perfect hair renewer and invigorator that has ever been made available to the public. Persons whose hair has been thinned by sickness or age should give this preparation a trial, with the assurance that a luxuriant growth of hair will result unless the roots are dead, when such an effect is impossible.

KNIGHT'S HAIR DRESSING

is an elegant preparation, exquisitely perfumed, inclines the hair to curl, will not soil the skin or any other article of apparel, and is fast superseding the pernicious articles which have so long deceived a credulous public.
