

very happily, and then took a bird's eye view of the history of the Church, as divided into periods. He remarked that the period preceding the present was one of union, as he showed by historical illustrations. Mr. Bennet's remarks were broad, candid and able, and would bear expansion into a little volume. Professor King followed in a most masterly address. He had a word to say for periods of disintegration as well as for periods of Union, and showed that the one sometimes prepared the way for the other. Professor King's attachment to principle, and his growing catholicity of feeling, shone forth conspicuously in his remarks. Rev. Neil McKay, Rev. Mr. Sedgewick, senr., and Rev. Alex. Stirling delivered addresses. They were all good, but Mr. Sedgewick's, like his preaching, was quite out of the common course. He is a most interesting gentleman, of venerable aspect and eccentric appearance, with a very ardent temperament, which reminds many of that of Dr. Chalmers. If any one wants to be refreshed with broad Scotch (not "broad" Theology) let him go and hear Mr. Sedgewick. He is as full of humor as he is of dignity, and would be an ornament to any Church. Can he be appreciated as he ought to be in Musquodoboit? The Synod will meet next year at New Glasgow, N. S., on the fourth Wednesday of June."

We much regret that the Rev. B. J. Langridge is obliged to remove from Picou to a less changeable climate. The more so seeing that he has secured so largely the good-will of the people of that town. We learn that the Baptist congregation under his ministry had been very considerably increased. The Temperance men of all denominations have treated him with great kindness, and presented him with a testimonial of their high appreciation of his labors amongst them.

WESLEYAN ORDINATIONS.—During the recent sitting of the Methodist Conference in St. John, the following thirteen persons were ordained to the work of the ministry:

John S. Allen, J. G. Angwin, C. Colpitts, Chas. W. T. Datcher, Wm. Heariz, C. Jost, A. M. S. B. Martin, J. N. Parker, W. W. Percival, C. Titlado, Jab-z Rogers, Howard Sprague, A. M., and Robert Taylor.

The Rev. Dr. Richey is elected President of Conference for next year.

The institutions at Horton are being put in complete repair. The Governors of Acadia College at their recent meeting made a thorough inspection of the rooms of the College, the Academy and the Boarding House establishments, and after considering their several requirements, determined that several alterations should be made, and everything possible be done to improve the facilities for the students and officers to carry on their work. We have no doubt that these efforts will be duly appreciated, and that all concerned will be benefitted. The institutions will doubtless feel the influence of these improvements. We congratulate our brethren on this step onward, and trust that the President, Professors, and Teachers will be encouraged in their work. These efforts of the Governors to serve their constituents will, we doubt not, be met by a ready and hearty response to their modest appeal.

NEWS SUMMARY.

The Russell Ministry having been defeated in the Commons by a small majority on the Reform Bill, on which they are said to have staked their retention of office, are placed in a dilemma, the solution of which seems quite uncertain. Whether they will throw up the reins of government and resign them to the Conservatives, or will dissolve Parliament and call a new house, was not determined. The Queen had just gone to Scotland, and would have to return, to give her sanction to whatever measures might be ultimately decided on. The state of the Cabinet is a very embarrassing one, especially in the present warlike position of Europe. The present Parliament, now about a year old, was returned under the auspices of the Russell Ministry, and was said to have returned to the House of Commons a majority of eighty members in their favor. These have gradually diminished until the government have been left in a minority. It can hardly be expected that under such circumstances, there is any great probability that a new House would give them a working majority.

War between Austria, Prussia, and Italy has been at last declared, and the Prussians, with singular promptness, have already taken possession of several of the lesser German Kingdoms and States, the allies of Austria. The Capitals of Hanover, Saxony, and Hesse Darmstadt are in their hands, while the armies which belong to them, not being able to offer resistance, have proceeded to unite with the Austrians. The Italian army, under Victor Emmanuel and Garibaldi, are also in motion for an attack on the Austrians in their strongly fortified position in Venetia. Strong efforts have been made by neighbouring Powers to avert the terrible consequences of a

war, that may shortly involve others of the chief countries of Europe, and the termination of the results of which can scarcely be divined at present, except that none can possibly be real gainers.

Since writing the above we have a few days later news from Europe, which will be found in another column. The Italian army under Victor Emmanuel have been repulsed with great slaughter.

A Slight Cold, Cough, Acarseness, or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously. Few are aware of the importance of stopping a Cough or Slight Cold in its first stage; that which in the beginning would yield to a mild remedy, if not attended to, soon attacks the lungs.

Brown's Bronchial Troches were first introduced eleven years ago. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hoarse Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

Public Speakers and Singers, will find them effectual for clearing and strengthening the voice.
Sold by all Druggists and Dealers in Medicine, at 25 cents per box.

PERRY DAVIS'S VEGETABLE PAIN KILLER,

The Great Family Medicine of the Age.

TAKEN INTERNALLY, CURES

Sudden Colds, Coughs, &c., Weak Stomachs, General Debility, Nursing Sore Mouth, Canker, Liver Complaint, Dyspepsia or Indigestion, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Asiatic Cholera, Diarrhoea and Dysentery.

TAKEN EXTERNALLY, CURES

Felons, Boils, and old Sores, Severe Burns and Scalds, Cuts, Bruises and Sprains, Swelling of the Joints, Ringworm and Tetter, Broken Breasts, Frosted Feet and Chilblains, Toothache, Pain in the Face, Neuralgia and Rheumatism.

The PAIN KILLER is by universal consent allowed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instantaneous effect in the entire eradication and extinction of PAIN in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been, and are its own best advertisements.

The ingredients which enter into the PAIN KILLER, being purely VEGETABLE, render it a perfectly safe and efficacious remedy taken internally, as well as for external applications, when used according to directions. The stain upon linen from its use is readily removed by washing with a little alcohol.

This medicine is justly celebrated for the cure of so many of the afflictions incident to the human family, has now been before the public over TWENTY YEARS, and has found its way into almost every corner of the world; and wherever it has been used, the same opinion is expressed of its medical properties.

In any attack where prompt action upon the system is required, the Pain Killer is invaluable. Its almost instantaneous effect in RELIEVING PAIN is truly wonderful; and when used according to directions, is true to its name, a PAIN KILLER.

It is, in truth, a FAMILY MEDICINE, and should be kept in every family for immediate use. Persons travelling should always have a bottle of this remedy with them. It is not unfrequently the case when persons are attacked with disease, and before medical aid can be procured, the patient is beyond the hope of recovery. It has been used in SEVERAL CASES OF THE CHOLERA, and never has failed in a single case, where it was thoroughly applied on the first appearance of the symptoms.

Pain Killer, taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a COUGH, a few drops on sugar eaten, will be more effective than any thing else. For SORE THROAT, gargle the throat with a mixture of Pain Killer and water, and the relief is immediate and cure positive.

It should not be forgotten that the Pain Killer is equally as good to take internally as to use externally. Each bottle is wrapped with full directions for its use. PLEASE READ THE PRINTED DIRECTIONS.

ROGERS & CO.'S MEDICINES.

Messrs Rogers & Co.—
Gentlemen—In reference to the case of EPITHELIOMA OF THE LIP, in which I used your Ointment, I beg to say that the patient entirely recovered and has continued well ever since. I have also used the Medicine in some cases of obstinate skin disease with much benefit. I believe it to be a valuable remedy in many otherwise intractable cases.

H. H. READ, M. D.

Stornont, Guysboro', 17th April, 1866.

Messrs Rogers & Co.,—
Gents:—Your medicine has made another wonderful cure.

Thus Cooper, Esq., of Lochaber Lake, (Store-keeper) got some for his wife who had been affected with scrofula for seven years and nothing she got from the Doctors did her any good. Mr. Cooper says her face was in a dreadful state with running sores, and is now well; as he expressed it: "It made a total cure of her."
Yours truly,
S. F. MILWARD, J. P.
