Epithelioma !!

Or Cancer of the Lip Cured by ROGERS & Co.'s MEDICINES.

READ WHAT DR. READ SAYS: WINDSOR, April 16, 1865.

Messrs. ROGERS & Co.,—Gentlemen—in reference to the case of EPITHELIOMA OF THE LIP, in which I used your Ointment, I beg to say that the patient entirely recovered and has continued well since. I have also used the Medicine in some cases of obstinate skin disease with much benefit. I believe it to be a valuable remedy in many otherwise intractable cases.

H. H. READ, M. D. June 6.

NEW SERIES OF ORGANS! THE MASON AND HAMLIN Portable Organs.

MASON & HAMLIN respectfully announce that, in order to meet the demand for low-priced instruments, they have commenced the manufacture of a new series of single-reed organs, the design of which is to furnish really good instruments in the most economical form and at the lowest prices possible. They are smaller in size and more compact than the Cabinet Organs, and hence will be known as THE MASON & HAMLIN PORTABLE ORGANS. The cases, which are all of walnut, are very plainly, though neatly and tastefully finished; and in various details, such as ivory keys, pedal coverings, music desks, hinges, &c., &c., not affecting the practical usefulness or durability of the instruments, less expensive materials and workmanship are employed than in the Cabinet Organs. This economy of manufacture is not, however, allowed to extend to the working parts of the instruments, which are all made with that scrupulous care and thoroughness for which the M. & H. Cabinet Organs are celebrated.

It should be observed that the principles upon which the MASON & HAMLIN PORTABLE ORGANS are made are just the reverse of those which are generally adopted in the manufacture of low-priced instruments. The plan commonly is to make as much show as possible in externals, and to slight the interior parts of the instrument, which are not seen. In the Portable Organs it is upon the externals—upon those parts which are seen, and which are not essential to the musical capacity of the instrument that the saving is effected, and not upon the more important interior. In that liquid purity and smoothness of tone by which the M. & H. Cabinet Organs are distinguished, and for which they have become so celebrated, the Portable Organs cannot claim to be fully equal to them. The necessity for adopting different and smaller cases and scales renders the attainment of this impossible. Yet it is confidently believed that in quality of tones the Portable Organs approach nearer to the M. & H. Cabinet Organs than do any other reed instruments. In power, quickness of action, and other excellences, they are worthy of highest praise. Each one is furnished with the Automatic Bellows Swell, two Blow Pedals, Combination Valves, and such other of the patented improvements of M. & H. as are applicable to the same.

The following are the styles and prices:—AMERICAN CURRENCY. No. 1. Four Octave Single-Reed Portable Organ, Black Walnut Case.....\$75

No. 2. Five Octave Single-Reed Portable Organ, Black Walnut Case.....\$90

No. 3. Four Octave Double-Reed Portable Organ, Black Walnut Case.....\$100

No. 4. Five Octave Double-Reed Portable Organ, Black Walnut Case.....\$125

Teeth Extracted by the Use of Nitrous Oxide Gas.

WE take pleasure in announcing to our friends and the public that we are now prepared to extract TEETH by the use of Nitrous Oxide Gas. By this process we are enabled to extract Teeth without the slightest pain or inconvenience to the patient.

Anesthesia, by Nitrous Oxide, acts as a healthy stimulant, unattended like other stimulants, by subsequent depression. By superoxidizing the blood it gives to the patient a vigor for resisting the exhausting effects of the operation. Ether and Chloroform on the contrary, deoxygenize the blood, and acts as reductives to depress rather than elevate the tone of the system.

H. H. READ, M. D. Stormont, Guysboro', 17th April, 1866.

Messrs. ROGERS & Co.,—Gent.—Your medicine has made another wonderful cure.

Thos Cooper, Esq., of Lochaber Lake, (Store-keeper) got some for his wife who had been afflicted with Scrofula for seven years, and nothing she got from the Doctors did her any good. Mr. Cooper says her face was in a dreadful state with running sores, and is now well; as he expressed it: "It made a total cure of her." Yours truly, S. F. McWARD, J. P. May 30.
