DAVID CHERBULIEZ, Pelham, Westchester Co., N. Y.

I take great pleasure in recommending to the notice of my friends in Nova Scotia and New Brunswick, the Boys' Boarding School of M. David Cherbuliez, New York.

I know this gentleman as an accomplished and skilful teacher and an excellent disciplinarian. He is a French Protestant, but long resident in this country. For 17 years he has been connected with Pelham Priory, as a Professor, and this is no slight recommendation. This School offers very superior advantages for acquiring a speaking knowledge of the French language.

Ayer's Cherry Pectoral

IS a soothing expectorant, prepared to meet the urgent need of a safe and reliable cure for diseases of the throat and lungs. A trial of many years has established the fact, that it is more efficacious in pulmonary affections, than any other remedy. Its efficacy has now become so genehas now become so generally known, that it is just-

ly regarded in many countries as a medicine of in-dispensable necessity. In Great Britan, France, and Germany, where medical science has reached its highest perfection, it is prescribed in domestic practice, and constantly used in the armies, in hospitals and other public institutions, where it is regarded by the attending physicians as the most speedy and greeable remedy that can be employed. Scarcely any neighborhood can be found where well known cases of diseased lungs, which had baffied the efforts of the most skillful and experienced doctors, have been permanently cured by it. These results are the most convincing proofs of the superior curative properties of this preparation; and to them the authors point with peculiar satisfaction. While it is most powerful against confirmed diseases, it is extremely gentle as a medicine in infancy and youth, being quite harmless to even the youngest, when administered judiciously.

This health restorer accomplishes even more by prevention than cure. If taken in season, it heals all irritations of the throat and lungs, whether arising from Colds or Coughs, or from other causes, and thus prevent that long train of painful and incurable diseases, which would arise from the neglect of them. Hence no family should be without it. Influenza, Croup, Hoarseness, Whooping Cough, Pleurisy, Incipient Consumption, and other affecions of the breathing organs, give way before this pre-eminet combination of medical virtues. Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine

everywhere. AVERY, BROWN & Co., General Agents for Nova
