To the Electors of the County of Annapolis.

GENTLEMEN,— HAVING been nominated at a large and influential meeting of the Electors of the County as a Candidate for the General Parliament at Ottawa, I beg now most respectfully to solicit your suffrages at the ensuing Election.

For the eight years during which I have been honored by your generous confidence and support, I have endeavored to study and advance your interests, while I have had some humble share in promoting the prosperity of the country.

In the discharge of the varied duties of public life, I do not for a moment flatter myself that I have always obtained your unqualified approval, but be assured that I have been actuated by a desire to meet your wishes, and promote the general good.

In supporting the scheme for an Union of the Colonies I have been called upon on several occasions to assume grave responsibilities, when, for the time being, I was somewhat in doubt about your views upon this great question, and only felt myself justified in voting as I did, under the strongest conviction that the general good would be greatly subserved by the consummation of the scheme proposed.

Happily the public sentiment has recently undergone a vast change upon this all-absorbing and vitally important question, and I am confident the day is not far distant when the action taken by the Legislature in connection with this question will meet with general approval on the part of all those who love their Queen and Country.

I have steadily, and to the best of my ability advocated the claims of the western part of the Province to a participation in the advantages of Railway communication with the Capital of the Province; and I hope I may claim some share of the credit due for the boon about to be conferred upon the people of the west in connection with the Windsor and Annapolis Railway; which is now in course of construction, and will undoubtedly be finished on or before the end of 1869.

I need scarcely remind you of the strenuous efforts made in the Legislature by the opponents of the Government to obstruct and defeat this undertaking from its inception down to the end of the last session of the Assembly; nor need I refer to the unhandsome opposition which it has encountered from the press in their interest, not excepting the local paper of the County; which strangely enough has been among the most bitter of all its opponents; for these facts are patent to all, and will I doubt not be fully appreciated at the proper time; moreover it is known that one at least of those likely to contest the constituency with my colleagues, and myself at the approaching General Election has voted against this project in the Legislature; and it is believed that the two candidates likely to be associated with him in the contest are equally hostile to the enterprise in question. Fortunately the most determined efforts of this extraordinary combination could not bar you from the privileges which you are so entitled to so early a day.

I need scarcely say to you that I sought not the nomination so handsomely conferred upon me, but that on the contrary, I should have been only too happy to have escaped from the exactions and turmoil of an exciting election contest by myself nominating for the honorable position in question one deservedly qualified to serve you in the General Parliament than myself, and only consented to accept the nomination myself, when it was found that the objections of the valued friend referred to could not be overcome. Having thus placed myself in your hands, permit me again to solicit your hearty and generous support, and be assured that no effort of mine shall be spared in the way of securing a triumph for "Union," and making it what I sincerely believe it is destined with proper management to be, an inestimable blessing to all concerned.

Although a candidate for the General Parliament, I shall not cease to feel a lively interest in local affairs, and acting in happy concert with my colleagues Messrs. Whitman and Foster, the candidates for the Local Legislature, trust it may be in my power still to serve you, to some extent at least, and beg therefore in conclusion to ask for these my colleagues the same measure of support accorded to myself.

I remain, Gentlemen, Your obedient humble servant, A. LONGLEY.

To the Electors of the County of Halifax.

GENTLEMEN,— HAVING been nominated at a large and influential meeting as one of the Candidates for a Seat in the Local Legislature for the County of Halifax, I now beg to say that, if elected, I shall devote my energies to the promotion of the best interests of the County.

The Act of Union of the British North American Provinces having become the law of the land, it is the duty of all loyal subjects and lovers of their country, not merely to yield a cheerful obedience to it, but to endeavor to obtain from it the greatest possible benefits; and it will be my aim to secure, as far as it may be in my power, those advantages, and thereby promote the welfare and prosperity of the inhabitants of this Province, and particularly of this county.

I have the honor to be, Gentlemen, Your obedient servant, P. CARTARET HILL.

ULCERATED CANCER CURED.

Who needs better proof, than the following voluntary testimony of

Mrs. Hannah Balmain, OF WICKHAM, N. B.

SOME four years since their came a lump in my breast, and at the time I did not know what it was—but on showing it to three Doctors, they told me it was a "CANCER," and for which the knife would have to be applied, then again, I went to a female doctor, who has been in the habit of curing "Cancers" by drawing them out, but she informed me that it was deep in the flesh and too long seated and therefore could not help me. Knowing that something must be done, I concluded to try your Medicine, which I saw advertised in the Visitor. Accordingly I sent for a can of Ointment and Powders for making the Syrup, which I used without the slightest change, at the time. I began to think it was a failure, but concluded to give it another trial; consequently procured another can of Ointment and Powders and from its use, it gathered and broke in two places, and discharged very freely for about six months, after which time it broke again in another place, and one of the old Ulcers healed up, the remaining two still remaining. One of which ran for two and a half years, the other healing up in about two months, after it broke, during which time I used your medicine regularly. I may here state, that the last ulcer healed up about thirteen months ago, since which time I have enjoyed very good health! Yes I may say better health, than I have enjoyed for several years.

I remain yours, respectfully, MRS. HANNAH BALMAIN.

REV. A. McBEAN,

SUPERINTENDENT OF COLPORTAGE.

FOR THE American Tract Society, 112 CUNARD STREET—HALIFAX, N. S.

Communications respecting Colportage may be addressed as above. Feb. 27.

TO THE ELECTORS OF THE COUNTY OF HALIFAX.

GENTLEMEN,— In a few days the House of Assembly will be dissolved, and new elections in the course of the summer will take place for seats in the House of Commons in the Dominion of Canada; and as I have been nominated for one of those seats by my fellow citizens, at a large and influential meeting held at Temperance Hall for that purpose, I beg respectfully to solicit from you a renewal of that confidence with which you have honored me during three successive Provincial Parliaments.

I have now to address myself for the first time of the electors of the Eastern Division of this county. It will be seen by the Act of Union, that both divisions form one Constituency, and I feel I have some claim to their support, for, in the discharge of my public duty, in all that related to the local interests of the county, I have known no east or west.

During the twelve years that I have had the honor of a seat in the Legislature, the Province has enjoyed a remarkable degree of progressive prosperity. Wealth has rapidly increased, and the revenue has always been sufficient to provide for the public expenditure. Without the burthen of increased taxation, the coast has been lighted, the rivers bridged, many lines of roads penetrating in every direction opened up, and railways east and west, to grasp the trade of the Gulf of St. Lawrence and the Bay of Fundy, placed under contract, which when completed will confer lasting benefits on the people of this Province. Education has been provided for, and large grants given to steamboats, packets, and ferries.

These are the results of the combined action of your public men, in which I have had a humble share; and now a bright gleam of hope for the future has cheered the land by the passage of the Union Act and the Credit Bill, in the Imperial Parliament, to both of which Her Most Gracious Majesty has given her assent,—uniting these Provinces in the happy bonds of Union, and placing within their reach the means of constructing that great public work, "the Intercolonial Railway," for which they have so long and so earnestly labored.

I hope a just judgment of my past conduct will entitle me to the same measure of good will which has been extended to me during my twelve years of public life; and in the meantime, I again respectfully and earnestly solicit from you a continuance of that confidence which has always cheered me on in the discharge of my public duty.

I have the honor to be, Gentlemen, Your obedient humble servant, JOHN TOBIN.

Larookah's Sarsaparilla Compound.

is an Alterative medicine of uniform strength, the effect of which is to eradicate from the system all those disorders which originate in Impure Blood.

Each of its ingredients are known and used by medical men in their practice, but this combination is believed to have a greater medical effect than could be produced by their use separately or in any other form.

Sarsaparilla, by itself, as is well known, operates slowly upon the system, but combined with other and more active agents, as in this Compound, its purifying effects are speedy and lasting.

Hence, Scrofula, in all its multitudinous forms, whether in that commonly known as King's Evil, Enlargement of the Glands or Bones, Gout, white Swellings, Chronic Rheumatism, Cancer, Diseases of the Skin or Spine, or of Pulmonary Consumption, emanating from the same cause, which is a poisonous principle or virus in the system, is in most cases completely eradicated by this medicine.

Curing Scrofula in all its forms, this preparation may be relied upon as an effectual remedy for complaints of a kindred nature, such as Dropsical Swellings, Dyspepsia and Liver Complaints, Enlargement of the Ovaries, Epilepsy, Erysipelas, St. Anthony's Fire, Gout, Chronic Inflammation of the Mucous Membranes of the Throat, Windpipe, Nose and Ears, Mercurial and Syphilitic Affections, Neuralgia or Tic Dolerieux, Phthisis Pulmonalis, Scald Head, Ulcers of all kinds, Weakness or Soreness of the Eyes, Female Complaints, such as Suppression, Irregularity, Leucorrhoea, Sterility, &c., General Debility, Salt Rheum, Boils, Pimples, Carbuncles, Pain in the Stomach, Side and Bowels, and all those affections which require an Alterative or Purifying Medicine.

Price, \$1.00 per bottle, 6 bottles for \$5.00. Prepared by E. R. KNIGHTS, M. D., Chemist, Melrose, Mass.

LAROOKAH'S PULMONIC SYRUP

The best Preparation ever made for the Cure of Coughs, Colds, Croup, Whooping Cough, Asthma, Catarrh, Bronchitis, Influenza, Pleurisy, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, the various Throat Affections and Hoarseness to which Public Speakers and Singers are liable, Consumption in its early stages, and all complaints tending to Consumption.

This Preparation is universally acknowledged to be the best remedy for Pulmonic Complaints that has ever been made available to the public. Purely vegetable in its composition, it may be administered with safety to the tenderest infant; while at the same time it is sufficiently active to meet the requirements of the most robust. The proprietor constantly bears in mind that the sick require the best aid that science can devise and under his personal supervision, Dr. Larookah's Syrup is kept at that high standard of excellence which has won for it at the bedside of suffering such a reputation as no other medicine has ever merited or attained.

FOR COLDS AND COUGHS.—Take the Syrup morning, noon and evening, according to directions on the bottle. Take the largest dose at night, on retiring to bed.

FOR CROUP OR HOARSENESS.—Give the Syrup in doses large enough to produce vomiting, and it will effect an immediate cure.

WHOOPING COUGH, however severe, may be alleviated and cured by the use of Larookah's Syrup, given from three to five times a day.

ASTHMA AND CATARRH.—Asthma, or Phthisis, is caused by an accumulation of mucus or matter in the bronchial tubes, which run through and supply every portion of the lungs with air; besides the phlegm which clogs up the wind tube, they are often lessened to one third of their usual diameter by spasmodic contraction, so that it is with the utmost difficulty that respiration can be performed.

The Syrup immediately overcomes the contraction of the bronchial tubes, and enables them to expand to their original size; while at the same time it loosens the mucus which clogs them up, and which is, by a free and easy expectoration, ejected from the lungs. It should be taken in larger doses than for a mere cough, and in such quantities as will give relief, even if it produces vomiting.

BRONCHITIS.—Difficulty of breathing, harsh cough, a slimy expectoration, with all other symptoms by a disease of the air-tubes leading from the throat to the lungs, are directly and specifically relieved by the use of this admirable remedy. This is a very painful, wearing, and injurious complaint, and always has a powerful tendency to inflame and soften the lungs, and thereby induce the worst form of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.

Large bottles, \$1. Medium size, 50 cents. Prepared by E. R. KNIGHTS, M. D., Chemist, Melrose, Mass.
