arookah's Sarsaparilla Compound, is an Alterative medicine of uniform strength, the effect of which is to eradicate from the system all those disorders which originate in In-PURE BLOOD.

Each of its ingredients are known and used. by medical mon in their practice, but this combination is believed to have a greater medical effect than could be produced by their use separately or in any other form.

Sarsaparilla, by itself, as is well known, operates slowly upon the system, but combined with other and more active agents, as in this Compound, its purifying effects are speedy and lasting. Hence, Scrofula, in all its multitudinous forms,

whether in that commonly known as King's Evil, Enlargement of the Glands or Bones, Goitre, white Swellor virus in the system, is in most cases completely eradicated by this medicine.

Curing Scrofula in all its forms, this preparation plaints of a kindred nature, such as Dropsical Swell-UNFAIR GAME. WINDSOR AND ANNAPOLIS RAILWAY-We understand that Mr. Brassey, the great English Railway Contracter, has undertaken the build. ing of the above line; and it is expected that the road will be completed as far as Kentville by next fall. The Bridge over the Avon River is to be constructed of Iron.-Rep.

A YARMOUTH SHIP IN TROUBLE.-The Greenock Advertiser contains a lengthy description of the perilous voyage of the ship Research, of Yarmouth, N. S., from Quebec to Greenock in 88 days. Her commander, Captain Churchill, has rendered himself famous for the bravery, and ingenuity and seamanlike manner in which he brought his vessel sate into port, although in a very leaky condition. After the loss of rudder, the captain made several jury rudders, one after another being carried away, until at length good fortune rewarded his gallant skill and perseverance; and he found a haven for his tempest tossed and delapidated bark. He had been thrice spoken and supplied with provisions, but still stuck manfully to his charge.

Fifty wrecks were reported last week. This raises the total for the present year to 513.

SAD ACCIDENT AT SPRY BAY .-- On Wednesday, the 27th of Feb'y., as George Corner, of Spry Bay, was out in a boat alone, off Taylor's Head, duck shooting, the gun suddenly burst in his hands, shattering the left hand and wrist, and tearing the forefinger and thumb away completely.

With great difficulty he reached the shore, Dr. Jamieson of Tangier being in the settle ment amputated the hand and part of the arm.

Mr. J. B. Norton, professor of music has been engaged by the City School Commissioners to teach singing in some of the City Schools.

CITY EXTENSION .- We learn that there is a prospect of the Admiralty and the City authorities agreeing upon a line for the extension of Brunswick street. The line first proposed tion gratis. will be departed from, and another adopted, in order to avoid unnecessary encroachment on the Admiralty property .-- Unionist

For Colds AND Coughs .--- Take the Syrup morning, noon and evening, according to directions on the bottle. Take the largest dose at night, on retiring te bed

FOR CROUP OR HIVES .- Give the Syrup in doses large enough to produce vomiting, and it will effee. an immedia te cure.

WHOOPING COUCH, however severe, my be alleviated and cured by the use of Larookah's Syrup, given from three to five times a day.

ASTHMA AND CATARRH .- Asthma, or Phthisic, is caused by an accumulation of mucus or matter in the portion of the lungs with air; besides the phlegm which clogs up the wind tube, they are often lessened to one third of their usual diameter by spasmodie contraction, so that it is with the utmost difficulty serted in at least four of the public newspapers. that respiration can be performed.

The Syrup immediately overcomes the centraction of the bronchial tubes, and enables them to expand to their original size; while at the same time it lessens the mucus which clogs them up, and which is, by a free and easy expectoration, ejected from the lungs. It should be taken in larger deses than for a mere cough, and in such quantities as will give relief, even if it produces vomiting.

BRONCHITIS -Difficulty of breathing, harsh cough, a slimy expectoration, with all other symptoms by a disease of the air-tubes leading from the throat to the lungs, are cirectly and specifically relieved by the ase of this admirable remedy. This is a very painful, wearing, and injurious complaint, and always has powerful tendency to inflame and soften the lungs, and thereby induce the worst form of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.
