THE LATE GALE.—Halifax and its neighborhood was visited on Saturday morning, last, by a storm from the southward more severe than has been known for some years. Much damage was done to fences, gardens, and trees.

The frame of the New Baptist Church, not being fully secured was considerably injured; a barn near the Three-mile house, a small house in Dartmouth, and several other buildings were blown down. Some of the shipping in port and lying in the harbor was seriously injured.

One of our morning papers adds to the notice of the storm the following pathetic appeal: "The fences round our own property were completely demolished, and as we will be at considerable expense repairing them, we would be thankful if parties owing us for three and four years, would send in the amounts due, for which they will receive our thanks."

If any of our neighbors, subscribers, can assist that they must have hard hearts and seared consciences.

The Union Protection Company, (the old 100) propose to celebrate their 29th Anniversary on the 8th inst.

A young woman named McLoughlin, while walking in Brunswick Street on Wednesday night, burst a blood vessel, and dropped dead almost immediately.

PERIPATETIC.—We learn from the Citizen that Elson will finish his self-allotted task of walking 1000 miles in 1000 hours on the 8th inst. at 4 p. m. He holds out remarkably well, and is confident of completing the number of miles in the time mentioned. He proposes after his present task is concluded to race a horse to Windsor and back.

GOLD.—A bar of gold, valued at \$800, taken from the claims of the Montreal Company operating at Mount Uniacke was shown in Halifax last week; the result of 4 days operations extracted from 25 tons of quartz.

The receipts on the Provincial Railways for the month of June exhibit an increase of \$2531.75 over those of the corresponding month of last year.

FATAL ACCIDENT.—A man named Patrick Dunn, a carpenter, living near the Windmill, while on his way home late on Saturday night, fell or walked over an embankment near the residence of Mr. James Synnot, and sustained injuries from which death ensued on Sunday. The deceased was a married man, and leaves a family.—Recorder.

The Presbyterian Kirk at Plaister Cove, C. B., was destroyed by fire on the 25th ult.

The Recorder states that there are fifteen newspaper editors as candidates for election to the Dominion and Local Legislatures in the three provinces.

FATAL RAILWAY ACCIDENT.—On Tuesday of last week as the train was coming from Truro, when near Brookfield, it ran over a woman named Green; about 45 years of age. The driver saw her and blew the whistle, but she, being a deaf mute, could not hear. He then whistled for brakes, but before the train could be stopped the cow-catcher threw her across the track, and the engine passed over her neck, completely severing her head from her body. No blame can be attached to the driver.

DISGRACEFUL.—As the colored people in the city were on Friday last, celebrating the anniversary of British Emancipation, a number of rowdies got into the Mason Hall and took upon themselves to assault them. A quarrel arose and a free fight ensued, and on coming from Masonic Hall several of them were chased through the streets and badly beaten—one poor fellow suffered severe injuries. Rigid enquiry should be instituted into the conduct of the Police force on the occasion, in not stopping such disgraceful proceedings or arresting the ringleaders.

Two of the gang were captured and fined on Saturday. Another one named Murphy was brought up on Monday and sentenced to two years in the Reformatory, or pay a fine of \$30.

AQUATIC.—Some considerable interest was shown on Thursday last, in the race for the Championship of Halifax harbor. Four boats started, as follows: Petrel, pulled by James Purcell, Camilla, George Brown, Tangier, Edward Tracey, Fidget, Joseph Higgins.

Brown came in about a dozen lengths ahead. This is the fourth year in succession he has taken the prize. Dr. Cogswell the founder of the prize in 1858 was so pleased with Brown's sailing, that he proposed to the Secretary of the Yacht Club that a subscription list be opened, for the purpose of raising funds to send Brown to England to contest the championship of the world; and generously offered to head the list with the sum of \$200.

George Lovett had won the belt four times before. It will be for him or Brown to win it another year, and it will become the property of the winner. Purcell soon gave up the contest. A dispute arose between the two losing boats, which is to be the subject of another contest this morning. It is said that Brown's time-rate is superior to all the scull-races in England and the United States.

The Stipendiary Magistrate has, after several days consideration, dismissed the case of the Gas Company vs. Phelan & Kelly, for using gas without its passing through the metre.

BRIDGEWATER.—A public meeting was recently held here for the purpose of protesting against a late change in the mail route, via Lunenburg instead of across the new road direct from Mahone Bay as heretofore. If the road is bad, why is it not repaired? One of the resolutions however says, "The road from Mahone Bay to Bridgewater direct is equally as good as the road round by Lunenburg."

TRANSPORTATION.—The Amherst Gazette states that the County Boarding House, we are happy to say, is without a solitary boarder, although the establishment is kept by its usual popular keeper. And gives the following as one of the reasons therefor. "A man was arrested for stealing twenty dollars out of a portmanteau lying on a counter in a store. The constable took him into the Court House and placed him in the prisoners' box and went out. The justices were seated around the big table, and not moving quickly enough in the matter, the prisoner moved and took steps himself, and rivals Elson as a pedestrian, indeed, rather excels him, as Elson never walks so far that he does not succeed in returning, not so with the prisoner who has not since been heard from."

This is a cheap mode of administering justice. Coals from Picton to Montreal are meeting with ready sale.

The Berwick Star reports the death of a lad named Major Baker, under the following circumstances.—The young man was in the field hoeing potatoes on Tuesday the 24th, was missed, and was not seen until his body was found in a pond on Sunday 28th ult. which he is supposed to have visited for the purpose of bathing.

Larookah's Sarsaparilla Compound is an Attentive medicine of uniform strength the effect of which is to eradicate from the system all those disorders which originate in IMPURE BLOOD.

Each of its ingredients are known and used by medical men in their practice; but this combination is believed to have a greater medical effect than could be produced by their use separately or in any other form. Sarsaparilla, by itself, as is well known, operates slowly upon the system, but combined with other and more active agents, as in this Compound, its purifying effects are speedy and lasting. Hence, Scrofula, in all its multitudinous forms, whether in that commonly known as King's Evil, Enlargement of the Glands or Bones, Goitre, white Swellings, Chronic Rheumatism, Cancer, Diseases of the Skin or Spine, or of Pulmonary Consumption, emanating from the same cause, which is a poisonous principle or virus in the system, is in most cases completely eradicated by this medicine. Curing Scrofula in all its forms, this preparation may be relied upon as an effectual remedy for complaints of a kindred nature, such as Dropsical Swellings, Dyspepsia and Liver Complaints, Enlargement of the Ovaries, Epilepsy, Erysipelas, St. Anthony's Fire, Gout, Chronic Inflammation of the Mucous Membranes of the Throat, Windpipe, Nose and Ears, Mercurial and Syphilitic Affections, Neuralgia or Tie Dolereaux, Phthisis Pulmonalis, Scald Head, Ulcers of all kinds, Weakness or Soreness of the Eyes, Female Complaints, such as Suppression, Irregularity, Leucorrhoea, Sterility, &c., General Debility, Salt Rheum, Boils, Pimples, Carbuncles, Pain in the Stomach, Side and Bowels, and all those affections which require an Alterative or Purifying Medicine.

Price, \$1.00 per bottle,—6 bottles for \$5.00. Prepared by E. R. KNIGHTS, M. D., CHEMIST, Melrose, Mass.

LAROOKAH'S PULMONIC SYRUP

The best Preparation ever made for the Cure of Coughs, Colds, Croup, Whooping Cough, Asthma, Catarrh, Bronchitis, Influenza, Pleurisy, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, the various Throat Affections and Hoarseness to which Public Speakers and Singers are liable, Consumption in its early stages, and all complaints tending to Consumption. This Preparation is universally acknowledged to be the best remedy for Pulmonic Complaints that has ever been made available to the public. Purely vegetable in its composition, it may be administered with safety to the tenderest infant; while at the same time it is sufficiently active to meet the requirements of the most robust. The proprietor constantly bears in mind that the sick require the best aid that science can devise and under his personal supervision, Dr. Larookah's Syrup is kept at that high standard of excellence which has won for it at the bedside of suffering such a reputation as no other medicine has ever merited or attained.

For COLDS AND COUGHS.—Take the Syrup morning, noon and evening, according to directions on the bottle. Take the largest dose at night, on retiring to bed.

For CROUP OR BRONCHITIS.—Give the Syrup in doses large enough to produce vomiting, and it will effect an immediate cure. Whooping Cough, however severe, may be alleviated and cured by the use of Larookah's Syrup, given from three to five times a day.

BRONCHITIS.—Difficulty of breathing, harsh cough, a slimy expectoration, with all other symptoms by a disease of the air-tubes leading from the throat to the lungs, are effectually and specifically relieved by the use of this admirable remedy. This is a very painful, wearing, and injurious complaint, and always has a powerful tendency to inflame and soften the lungs, and thereby induce the worst form of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.
