

General Intelligence.**Domestic.**

EDUCATIONAL.—We are happy to be able to state that the attendance of pupils at the public schools in the Province during the term ending April 30th, was some 16,000 over that of the corresponding term of 1866. This is progress of which every Novascotian may be proud. The number of schools in operation in Lunenburg County is eighty-two. The Inspector reports from this county: "I am happy to say that the law is now working very satisfactorily in this county and is getting into favor with the general community more and more every day; for with the exception of some of those persons here and there, who have no children to educate and are therefore not in a capacity to reap any direct benefit from its admirable provisions, it is very generally hailed as one of the greatest blessings bestowed on the country." 300 sets (900 vols.) of Murdock's History of Nova Scotia have been purchased by the educational department, to be offered as prizes for competition by the pupils of the public schools of this province. They will be awarded to the pupils manifesting the greatest proficiency in such branches of a common school education as may hereafter be decided on. It has been decided to distribute the vols. among the different counties as nearly as possible, in proportion to the number of pupils attending school in each during the past year. Pictou County stands first in the list, receiving 28 sets; Colchester County comes next, getting 22 sets; while Queen's County is last, obtaining only 6 sets.—*Reporter.*

SAD ACCIDENT.—By the explosion of a boiler at Lang's Brick Yard, Shubenacadie, on Friday last, a fatal accident occurred, occasioning the death of a young man named William Boardwell, of Halifax. The particulars of the accident are nearly as follows: All the men employed at the works were absent at dinner, except the deceased, who was sitting outside of the Engine room at the time of the explosion. A piece of the boiler came through the building and struck him, completely severing the head from the body. Young Boardwell was only in his 20th year.—*It.*

Chief Justice Young has supplemented his generous gift of a library for the use of the citizens, with some fifty volumes of standard works, embracing the newest and choicest literature of the day, selected by himself during his recent visit to England. We learn that so soon as the new Provincial Building is completed, rooms will be provided in the old one for the library.—*Ib.*

The investigation of the late revolt in the Penitentiary, resulted in its being ordered that nine prisoners, besides those wounded, be subjected to the punishment of 24 hours in irons, 72 hours in solitary confinement, without bedding, and during that period be fed on bread and water. It is to be hoped that the result of the insurrection on Sunday may prove a salutary lesson to prisoners disposed to be refractory. It has been proved that the food the men who revolted declared bad, was good and wholesome.—*Ez.*

J. Scott Hutton, Principal of the Deaf and Dumb Institution, intends shortly to visit St. John, N. B., in company with several of his pupils. His aim is to bring the merits of the institution prominently before the people of that city. In New Brunswick, at the present time, there are said to be some 200 deaf and dumb children; and for the educational wants of this afflicted company it is the desire of Mr. Hutton and those co-operating with him, to make adequate provision. At the present time there are some 100 mutes enjoying the advantages of the institution, and one sixth of this number are from New Brunswick. Mr. Hutton, who intends going round by the North Shore, will probably reach St. John about the 30th of September.

RAILWAY TARIFF.—The receipts on the railway for the month of July amounted to \$21,192.78. For the corresponding month last year the amount was \$17,727.82. Increase in 1867, \$5,464.96.

D. McN. Parker, Esq. M. D., will be Commissioner of the Poor's Asylum and City Hospital for the month of September.

The deceased was a subject of great suffering several weeks before her death, which she bore with much patience. As death approached, she calmly and freely opened her mind on the subject of religion, testifying of the grace of God which had been shed abroad in her heart by the Holy Spirit, and giving strong evidence of her acceptance through Christ Jesus. May a gracious God support the sorrowing parents and brothers and sisters. The body was buried in the Baptist graveyard in the village of Tobique. Sermon preached by the writer: text, 1st Cor. xv. 26. "The last enemy that shall be destroyed is death."

Dear as thou wert, and greatly dear,

We will not weep for thee;

One thought shall check the starting tear,

It is that thou art free.

And thus shall faith's consoling power,

The tears of love restrain;

Oh! who that saw thy parting hour,

Could wish thee back again.
