AUGUST 28, 1867.

TAVING been nominated at a large and HAVING been nominated at a large and influential meeting of the Electors of the County as a Candidate for the General Parliament at Ottawa, I beg now most respectfully to solicit your suffrages at the ensuing Election. For the eight years during which I have been honored by your generous confidence and support, I have endeavoured to study and advance your in-terests, while I have had some humble share in pro-moting the prosperity of the country. In the discharge of the varied duties of public life, I do not for a moment flatter myself that I have always obtained your unqualified approval, but be assured that I have been actuated by a desire to meet your wishes, and promote the general good.

meet your wishes, and promote the general good. In supporting the scheme for an Union of the Colonies I have been called upon on several occa-sions to assume grave responsibilities, when, i for the time being, I was somewhat in doubt about your time being, I was somewhat in doubt about your views upon this great question, and only felt myself justified in voting as I did under the strongest con-viction that the general good would be greatly sub-served by the consummation of the scheme pro-posed. Happily the public sentiment has recently undergone a vast change upon this all-absorbing and vitally important question, and I am confident the day is not far distant when the action taken by the Legislature in connection with this question will meet with general approval on the part of all these

I need scarcely remind you of the strenuous ef-forts made in the Legislature by the opponents of the Government to obstruct and defeat this under-taking from its incention down to the end of the
