

and defeated, on Sunday, by French and Papal troops. General LaMarmora, who was sent to Paris by the King of Italy on a mission, the nature of which has not been ascertained, has returned to Florence, having failed to accomplish the objects for which he was despatched thither. The ultimatum of the Emperor Napoleon was presented by the French Charge d' Affairs to the Italian Government on Sunday, and an instant reply was demanded.

Paris, Nov. 5.—The *Moniteur* of this morning publishes full particulars of the battle in Italy. The scene of the fight was near Tivoli. Eight thousand insurgents were killed wounded or taken prisoners. Garibaldi himself and his son Menotti were captured and sent to Florence as prisoners of war. Four thousand Garibaldians, while on the march to reinforce the insurgents, were stopped, disarmed, and turned back. The greatest agitation prevails in Italy. Napoleon's ultimatum is to be answered by Thursday.

London, Nov. 5.—Garibaldi has arrived at Spezzia on board of a man-of-war, a prisoner in the hands of the Italian Government.

The Vienna *Decade*, a semi-official journal in this city, states that Baron Von Beust, in a note, says that the policy of the Emperor Napoleon, and that of Francis Joseph, are the same, namely, that of peace.

It is thought the recent defeat of Garibaldi cancels the ultimatum of Napoleon. It is said that the Italians have repassed the frontier. It is also stated that the Emperor Napoleon has received General Marmada, the Italian Ambassador.

Tivoli, Nov. 5.—When Garibaldi reached here this morning on his way to Florence, the Italian officer on duty told him he must go to Spezzia. Garibaldi declined, saying he would not resist the officer, but that he would not go willingly. The Italian soldiers then stepped forward and lifted him into the car. His sons would not go with him.

Florence, Nov. 5.—The English Minister and Embassy here have requested King Victor Emanuel to treat Garibaldi leniently. This trouble being over, there will it is said be no collision between the French and Italian forces. Italy is quiet. There are rumours afloat here to the effect that Garibaldi's mind is affected.

London, Nov. 5.—The Italians assert that 5000 French troops, under Gen. Pothies came to the assistance of the Papal forces during their last engagement with the insurgents, and the timely arrival of these reinforcements turned the battle, and caused the defeat of Garibaldi.

Paris, Nov. 5.—Information has been received from Rome that the Pontifical authorities intend to prosecute the citizens who voted in favor of Union with Italy. The French Government has made representations to the Pope, advising that purpose being carried into effect.

Florence, Nov. 5.—Accounts of the late engagement near Rome have been received. During the battle on Sunday Garibaldi brought into action 10,000 men. At one time during the day the Papal troops were beaten, and Garibaldi was gaining ground, when the French came up and turned it into a defeat. It is now reported that the insurgent lost 800 killed and wounded, and 2000 prisoners.

London, Nov. 7.—Garibaldi is now in prison in Ygrano, in Piedmont. He claims that he is a citizen of the United States and demands his privilege and rights as such under the law of nations. The American Minister, Hon. Geo. P. Marsden, left Florence for to visit the General.

One division of the French troops which entered Rome has already been withdrawn from the city, and the rest will follow them soon. Those left for the relief of Rome remain at Civita Vecchia, and await the action of Italy.

HIGH ENDORSEMENT FROM THE MEDICAL COLLEGE OF PRUSSIA.

DR. RADWAY

Is in receipt of an important official document signed by the Professors of the Medical College of Breslau, Prussia, embodying the result of an analysis of

RADWAY'S REGULATING PILLS.

Instituted for the satisfaction of the Prussian Government and people. It appears that the great popularity of the pills throughout Germany, as an aperient, antibilious and alterative medicine, had provoked the malice of the apothecaries, who caused a report to be circulated that the ingredients were poisonous. Therefore, a scientific inquiry into their nature and properties was ordered, the issues of which was a most triumphant vindication of the salutary value of the Pills.

The Faculty of the College state in their report that after a careful and minute examination, they have the honour to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favourably upon the nervous system" &c., &c. They state, further, that the injurious rumours set afloat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief period."

Signed in behalf of the College,

DR. PHIL. THEOBALD WERNER, Director of the Polytechnic Bureau.

DR. HEISE, First Assistant.

DR. RADWAY'S PILLS are sold by Druggists and Country Merchants everywhere. Principal Depot for the New Dominion of Canada, 439 St. Paul, corner of Francois Xavier Street, Montreal, P. Q., D. O.
