\$15 VICTORIA \$15. FAMILY SEWING MACHINE.

The Most Complete and PERFECT MACHINE ever offered to the Public. The only reliable CHEAP MACHINE in the World. Our NEW IMPROVED FAMILY SEWING MACHINE is unrivalled for certainty of STITCH and BEAUTY OF WORK. The Greatest Wonder of the Age! We challenge the World to produce its equal.

Price Only \$15.00! UNSURPASSED FOR CERTAINTY OF STITCH! For Reliability, Ease, Quietness of Movement, and Real Worth, it has no EQUAL.

IN presenting our new "Victoria Family Sewing Machine" to the public, we do so with the utmost confidence in its practical utility. Being adapted to a very wide range of purposes for general Family Sewing, it is considered, by competent judges, the most simple, effective and reliable Machine yet introduced, making the celebrated Lock Stitch. It will sew the finest muslins, cambrics and silks, also cottons, woollens and cloths with equal facility. By its use the tedious and laborious work of a family is rendered a pleasure and a greable pastime. If the price of our Machines were \$25 or \$30, they would still be cheap compared to the high-priced \$75 Machine, who give ours the preference from the fact of its simplicity of construction, ease of management, and beauty of stitch; being managed by a child of twelve years just as well as by an older person. Every Machine is perfect, and used with care is WARRANTED FOR THREE YEARS. This is better than all the testimonials and references we can produce.

THE FOLLOWING ARE AMONG THE MANY ADVANTAGES OF THIS EXCELLENT FAMILY MACHINE:

If you buy the Victoria you have a certainty. It is less liable to get out of order, and is so simple and perfect in its mechanism that a few minutes instruction will enable any person to become master of it.

The needle is more rapidly adjusted in the Victoria than in any other Machine, being very simple. It runs quietly and sews rapidly. The most inexperienced persons find no difficulty in using it. It will sew alike on all kinds of material, from the finest linen bosom to the coarsest woolen fabric; and every kind of sewing silk and thread, from the finest silk to the coarsest cotton and linen, can be used.

We warrant it to sew as handsome, fine and tight a seam, and equal to any of the high-priced machines. It is impossible for this Machine to drop a stitch with the Patent Looper, therefore it can be relied upon in all kinds of sewing, while all other cheap Machines are liable to skip or drop stitches, wherever the work is uneven, or where it is necessary to run one seam across another. For Milliners, Dress or Cloak makers, it is unrivalled.

It makes no difference which way the machine is turned, BACKWARD or FORWARD, it is all the same. It makes a seam which will not rip or rival though every fourth stitch be out; and it will hem, bind, tack, fell, quilt and embroider in the most superior manner.

With these advantages we place it fearlessly before the public as the only reliable cheap Machine in the world; in full assurance that its manifold merits must make themselves manifest to a discriminating eye.

Orders by Mail otherwise, will meet with prompt attention—addressed to GATES COMPANY, Canada Manufacturers, Toronto, C. W. SALERSON—14 King Street East. MANUFACTORY 119 and 121 Bay St., and 37 Adelaide St., Toronto.

We have put up and sold this article for over thirty years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," a ter thirty years' experience, AND FLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. NOVA SCOTIA IRON WORKS.

OFFICE OF WM. MONTGOMERY & CO. Halifax, N. S., April 1st, 1867.

SINCE purchasing the Foundry and Machine Works formerly carried on by THOMAS MITCHELL, at Freshwater, in the City of Halifax, we have re-organized the whole establishment, and made such additions and improvements as were required to carry out our design of establishing a FIRST CLASS MACHINE SHOP. Our arrangements being now completed, and our working force about Eighty Hands, we are prepared to execute orders for

STEAM ENGINES & BOILERS, MINING MACHINERY,

SAW, GRIST, AND SUGAR MILLS, all kinds of MILL-WRIGHT WORK, Pulleys, Shafting, Gearing, &c., Ships Castings and Forgings,

HEAVY CASTINGS UP TO TEN TONS

We are also prepared to fit up Manufactories and other large buildings with STEAM PIPING FOR WARMING, on the most approved plans.

We have a department organized for fitting up Iron Railings, for Public and Private Buildings, Cemeteries, &c.; Iron Doors and Shutters, Grating, and all kinds of Ornamental Iron Work for Stores and Dwellings.

We were induced to undertake this enterprise by the unrivalled facilities of Halifax for importing material and shipping machinery,—the abundance of labor and cheapness of living—the fair and growing demand for all the products of a large Machine Shop; and an experience of eight months has more than realized our anticipations.

We have endeavored to be prompt in executing our orders, and have the best evidence that our efforts have been appreciated.

Referring to all our customers for the quality of our work, and inviting parties wishing Machinery to examine our Establishment, we solicit orders from all quarters, believing that we can furnish machinery cheaper than it can be imported from Europe or America.
