

MISCELLANEOUS.

AMERICAN MUSICAL INSTRUMENTS.—American energy, ingenuity and perseverance, are triumphant in whatever they seriously undertake. It is interesting to watch the progress of manufactures, and observe how rapidly we are excelling the Old World. Nor is this merely in those common articles which require little skill in their construction. It appears to be the fact that the greater the ingenuity required, the more sure is our Yankee land to carry off the palm.

In piano fortes, for instance, it is well known that those of the best makers among us already equal, if they do not excel, the best of European makers. In reed instruments, such as Cabinet Organs, the superiority is yet more decidedly with the American instruments. It is conceded by the best judges that the Mason & Hamlin Cabinet Organs, which have attained so great a reputation at home as far superior to any foreign instruments of the class. The last number of "New Zeitschrift für Musik," the famous Leipzig musical journal, has a notice of one of the Mason & Hamlin Organs, which the editor had seen and of which he admits the superiority, not only in full volume of tone and in general characteristics but especially in the "mellow and pleasing character of its tones." This favorable testimony is just. Those who have not heard these beautiful instruments have little idea of the improvement which these makers have effected, and of the charming qualities of their organs. It is not surprising that the demand for them is so large.—N. Y. Musical Gazette.

Mrs. S. A. Allen's World's Hair Restorer and Zylobalsam or World's Hair Dressing are unequalled, and so acknowledged by all who use them for restoring, invigorating, beautifying and dressing the Hair, rendering it soft, silky and glossy, and disposing it to remain in any desired position; quickly cleansing the scalp, arresting the fall and imparting a healthy and natural color to the Hair. They never fail to restore grey Hair to its original youthful color. They act directly upon the roots of the Hair, giving them the natural nourishment required. No lady's toilet is complete without the Zylobalsam or Hair Dressing. It cleanses the hair and imparts to it a most delightful fragrance, and is suited to both young and old.

The Restorer Reproduces. The Hair Dressing Cultivates and Beautifies. If your hair is thin or it is scaly, try it, it is sure to restore it, if none of these try it, for all who use it will preserve their hair through life. For sale by all Druggists.

How to RENEW THE HAIR.—You may cultivate it by external application. When the hair becomes gray, loses its lustre, and falls out, it is simply because it is not nourished with appropriate food; and there is no more reason why we should unavailingly acquiesce in this decay, than in the exhaustion of any other portion of the body. Do not dye the hair—the hair dyes are hair killers. Use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER and HAIR DRESSING. It is not a dye, and differs from all other preparations, as it contains the specific element which is the life of the hair. This is corroborated by testimony of the most convincing kind. They are unequalled for restoring, invigorating, beautifying and dressing the hair, rendering it soft, silky and glossy, and disposing it to remain in any desired position, quickly cleansing the scalp, arresting the fall, and imparting a healthy and natural color to the hair. No lady's toilet is complete without the Hair Dressing. It cleanses the hair and imparts to it a most delightful fragrance, and is suited to both young and old. Sold by all Druggists. Manufacturing and Sales Office, 198 and 200 Greenwich St., New York.

TRUE MERIT APPRECIATED.—"Brown's Brochical Troches," have been before the public many years. Each year finds the Troches in some new distant localities, in various parts of the world. Being an article of true merit, when once used, the value of the Troches is appreciated, and they are kept always at hand, to be used as occasion requires. For Coughs, Colds, and Throat Diseases the troches have proved their efficacy.

Do not let your prejudice stand between your suffering child and the relief that will be absolutely sure to follow the use of Mrs. Winslow's Soothing Syrup. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, softens the gums, gives rest to the mother and health to the child. Thirty-five cents a bottle. Offices, 48 Day Street New York, and 205 High Holborn, London, England.

Cholera, cramp in the stomach and bowels, and Neuralgia, which so speedily prostrate the system may be prevented and cured by a timely use of Blood's Rheumatic Compound.

Sheridan's Cavalry Condition Powders are recommended for sheep in loss of appetite, rot murrain, and all diseases of the skin.

To the Electors of the County of Hants.

GENTLEMEN,—DELEGATES from all the Polling Districts of this County, have met to day and decided unanimously, that I should be one of the Candidates to represent Hants in the Local Legislature of this Province. Should you honor me with your suffrages, and elect me, I pledge myself to represent you faithfully. I have an abiding hope that the new state of matters in British America will very soon after Legislation commences dispel the darkness and doubts of many, who now have but small faith in the success of Confederation. Nature has given us within the Dominion everything which is necessary for our subsistence and progress, and I sincerely trust that those who will ere long have the privilege of voting for men to represent them in the General and Local Legislature, will return representatives who will endeavor to advance and not to thwart the very important interest entrusted to their charge. If it shall please you to return me, I shall constantly have this all important end in view. I have the honor to be, Gentlemen, Your obedient servant, FRANCIS PARKER.

AYER'S CATHARTIC PILLS

ARE the most perfect purgative we are able to produce and, as we think, has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow disempower, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system. Not only do they cure the every day complaints of everybody, but formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow-men. The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use of these medicines and certificates of their cures of the following complaints:—Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred disorders arising from a low state of the body, or obstructions of its functions. Do not be put off by unprincipled dealers with other preparations on which they make more profit. Demand Ayer's and take no others. The sick want the best aid there is for them, and they should have it. Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere.

ULCERATED CANCER CURED.

Who needs better proof, than the following voluntary testimony of

Mrs. Hannah Balmain, OF WICKHAM, N. B.

SOME four years since their came a lump in my breast, and at the time I did not know what it was—but on showing it to three Doctors, they told me it was a "Cancer," and for which the knife would have to be applied, then again, I went to a female doctor, who has been in the habit of curing "Cancers" by drawing them out, but she informed me that it was deep in the flesh and too long seated and therefore could not help me. Knowing that something must be done, I concluded to try your medicine, which I saw advertised in the Visitor. Accordingly I sent for a can of Ointment and Powders for making the Syrup, which I used without the slightest change, at the time. I began to think it was a failure, but concluded to give it another trial; consequently procured another can of Ointment and Powders and from its use, it gathered and broke in two places, and discharged very freely for about six months, after which time it broke again in another place, and one of the old Ulcers healed up, the remaining two still remaining. One of which ran for two and a half years, the other healing up in about two months, after it broke, during which time I used your medicine regularly. I may here state, that the last ulcer healed up about thirteen months ago, since which time I have enjoyed very good health! Yes I may say better health, than I have enjoyed for several years.

I remain yours, respectfully, Mrs. HANNAH BALMAIN. Wickham, Queen's Co., N. B. February 11, 1867.

Larookah's Sarsaparilla Compound is an Alterative medicine of uniform strength the effect of which is to eradicate from the system all those disorders which originate in Impure Blood.

Each of its ingredients are known and used by medical men in their practice, but this combination is believed to have a greater medical effect than could be produced by their use separately or in any other form.

Sarsaparilla, by itself, as is well known, operates slowly upon the system but combined with other and more active agents, as in this Compound, its purifying effects are speedy and lasting.

Hence, Scrofula, in all its multitudinous forms, whether in that commonly known as King's Evil, Enlargement of the Glands or Bones, Goitre, white Swellings, Chronic Rheumatism, Cancer Diseases of the Skin or Spine, or of Pulmonary Consumption, emanating from the same cause, which is a poisonous principle or virus in the system, is in most cases completely eradicated by this medicine.

Curing Scrofula in all its forms, this preparation may be relied upon as an effectual remedy for complaints of a kindred nature, such as Dropsical Swellings, Dyspepsia and Liver Complaints, Enlargement of the Ovaries, Epilepsy, Erysipelas, St. Anthony's Fire, Gout, Chronic Inflammation of the Mucous Membranes of the Throat, Windpipe, Nose and Ears, Mercurial and Syphilitic Affections, Neuralgia or Tie Doloraux, Phthisis Pulmonalis, Scald Head, Ulcers of all kinds, Weakness or Soreness of the Eyes, Female Complaints, such as Suppression, Irregularity, Leucorrhoea, Sterility, &c., General Debility, Salt Rheum, Boils, Pimples, Carbuncles, Pain in the Stomach, Side and Bowels, and all those affections which require an Alterative or Purifying Medicine.

Price, \$1.00 per bottle, —6 bottles for \$5.00.

LAROOKAH'S PULMONIC SYRUP

The best Preparation ever made for the Cure of

Coughs, Colds, Croup, Whooping Cough, Asthma, Catarrh, Bronchitis, Influenza, Pleurisy, Spitting Blood, Pain in the Side, Night Sweats, Humors, General Debility, the various Throat Affections and Hoarseness to which Public Speakers and Singers are liable, Consumption in its early stages, and all complaints tending to Consumption.

This Preparation is universally acknowledged to be the best remedy for Pulmonic Complaints that has ever been made available to the public. Purely vegetable in its composition, it may be administered with safety to the tenderest infant; while at the same time it is sufficiently active to meet the requirements of the most robust. The proprietor constantly bears in mind that the sick require the best aid that science can devise and under his personal supervision, Dr. Larookah's Syrup is kept at that high standard of excellence which has won for it at the bedside of suffering such a reputation as no other medicine has ever merited or attained.

FOR COLDS AND COUGHS.—Take the Syrup morning, noon and evening, according to directions on the bottle. Take the largest dose at night, on retiring to bed.

FOR CROUP OR HIVES.—Give the Syrup in doses large enough to produce vomiting, and it will effect an immediate cure.

WHOOPING COUGH, however severe, may be alleviated and cured by the use of Larookah's Syrup, given from three to five times a day.

ASTHMA AND CATARRH.—Asthma, or Phthisis, is caused by an accumulation of mucus or matter in the bronchial tubes, which run through and supply every portion of the lungs with air; besides the phlegm which clogs up the wind tube, they are often lessened to one third of their usual diameter by spasmodic contraction, so that it is with the utmost difficulty that respiration can be performed.

The Syrup immediately overcomes the contraction of the bronchial tubes, and enables them to expand to their original size; while at the same time it loosens the mucus which clogs them up, and which is, by a free and easy expectoration, ejected from the lungs. It should be taken in larger doses than for a mere cough, and in such quantities as will give relief, even if it produces vomiting.

BRONCHITIS.—Difficulty of breathing, harsh cough, a slimy expectoration, with all other symptoms by a disease of the air-tubes leading from the throat to the lungs, are directly and specifically relieved by the use of this admirable remedy. This is a very painful, wearing, and injurious complaint, and always has a powerful tendency to inflame and soften the lungs, and thereby induce the worst form of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.
