AYER'S CATHARTIC PILLS. ARE the most perfect purgative we are able to produce and, as we think, has ever yet been made by any body. Their effects have abundantly shown to the community how much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the fecal humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system. Not only do they cure the every day complaints of every body, but for formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of imposture. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow-men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use of these medicines and certificates of their cures of the following complaints:—Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from full stomach, Nausea, Indigestion, Morbid Inaction of the bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred disorders arising from a low state of the body, or obstructions of its functions.

Do not be put off by unprincipled dealers with other preparations on which they make more profit. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.

To the Electors of the County of Annapolis. GENTLEMEN,—HAVING been nominated at a large and influential meeting of the Electors of the County as a Candidate for the General Parliament at Ottawa, I beg now most respectfully to solicit your suffrages at the ensuing Election.

For the eight years during which I have been honored by your generous confidence and support, I have endeavored to study and advance your interests, while I have had some humble share in promoting the prosperity of the country.

In the discharge of the varied duties of public life, I do not for a moment flatter myself that I have always obtained your unqualified approval, but be assured that I have been actuated by a desire to meet your wishes, and promote the general good.

In supporting the scheme for an Union of the Colonies I have been called upon on several occasions to assume grave responsibilities, when, for the time being, I was somewhat in doubt about your views upon this great question, and only felt myself justified in voting as I did under the strongest conviction that the general good would be greatly subserved by the consummation of the scheme proposed. Happily the public sentiment has recently undergone a vast change upon this all-absorbing and vitally important question, and I am confident the day is not far distant when the action taken by the Legislature in connection with this question will meet with general approval on the part of all those who love their Queen and Country.

I have steadily, and to the best of my ability advocated the claims of the western part of the Province to a participation in the advantages of Railway communication with the Capital of the Province; and hope I may claim some share of the credit due for the boon about to be conferred upon the people of the west in connection with the Windsor and Annapolis Railway; which is now in course of construction, and will undoubtedly be finished on or before the end of 1869.

I need scarcely remind you of the strenuous efforts made in the Legislature by the opponents of the Government to obstruct and defeat this undertaking from its inception down to the end of the last session of the Assembly; nor need I refer to the unhandy opposition which it has encountered from the press in their interest, which, excepting the local paper of the County; which strangely enough has been among the most bitter of all its opponents; for these facts are patent to all, and will I doubt not be fully appreciated at the proper time; moreover it is known that one at least of those likely to contest the constituency with my colleagues and myself at the approaching General Election has voted against this project in the Legislature, and it is believed that the two candidates likely to be associated with him in the contest are equally hostile to the enterprise in question. Fortunately the most determined efforts of this extraordinary combination could not bar you from the privileges which you are so secure to so early a day.

I need scarcely say to you that I sought not the nomination so handsomely conferred upon me, but that on the contrary, I should have been only too happy to have escaped from the excitation and turmoil of an exciting election contest by myself nominating for the honorable position in question one deservedly popular in the County, and one perhaps better qualified to serve you in the General Parliament than myself, and only consented to accept the nomination myself, when it was found that the objections of the valued friend referred to could not be overcome. Having thus placed myself in your hands, permit me again to solicit your hearty and generous support, and be assured that no effort of mine shall be spared in the way of securing a triumph for "Union," and making it what I sincerely believe it is destined with proper management to be, an inestimable blessing to all concerned.

Although a candidate for the General Parliament, I shall not cease to feel a lively interest in local affairs, and acting in happy concert with my colleagues Messrs. Whitman and Foster, the candidates for the local Legislature, trust it may be in my power still to serve you, to some extent at least, and beg therefore in conclusion to ask for these my colleagues the same measure of support accorded to myself.

I remain, Gentlemen, Your obedient humble servant, A. LONGLEY. June 5. col., ves., abstr.
