

General Intelligence.

Province of Nova Scotia.

THE HALIFAX ASSOCIATION FOR IMPROVING THE CONDITION OF THE POOR held its Second Annual Meeting on Wednesday. It was evident from Reports read that much had been done last winter to relieve the wants of the poor.

A fatal accident occurred at Maitland last week, by which a young lad lost his life. The following are the particulars as near as we can learn:—Two young lads named Cox, had taken a gun out of the house; one of the boys pointed the gun at his brother in a playful manner, not knowing that the piece was loaded, which went off instantly, the ball taking effect in the back of his head.

RAILWAY ROUTE.—It appears that the Dominion Government have adopted a compromise line between Truro and Amherst, thus satisfying the advocates of the Folly route and of the Acadia mines route. The compromise will lengthen the road somewhat. The government has under consideration the route in New Brunswick.

THE NEW ZEALAND COMPANY.—The brig "Emulous," Capt. Cummings, hence for New Zealand, was spoken on the 26th of September, 3250 miles from Halifax. All well.

A BROAD HINT.—The Windsor Mail says in reference to Thanksgiving Day: "Donations of turkeys, &c., received until a late hour on Wednesday evening."

At the late Emigration Conference, at Ottawa, Messrs. Wetmore and Beckwith were present from New Brunswick. Nova Scotia was not represented.

WINDSOR.—We learn by a letter from Dr. H. H. Read to the Amherst Gazette respecting the Schools of Windsor that—during the year just ended, this section has employed five teachers and one assistant. The number of registered pupils has been 350, with an average attendance of 225.

A year ago the sum of \$1000 was voted for the support of schools, without a dissenting voice. This year the trustees asked for the same sum, but the meeting considered that amount too small and voted \$1200.

The new school house has been completed, and the old one fitted up with patent desks and wall maps throughout—the whole at a cost of \$6,100. Of this amount, \$4,000 had been voted in 1865, and the trustees asked for an additional vote of \$2,100, which, with the preceding, was passed with perfect unanimity.

This is highly creditable to the township of Windsor. Windsor has now a Stipendiary Magistrate and a Police Constable. It will doubtless soon become as quiet and orderly as Halifax.

MAITLAND.—The Mail says: the dwelling house of Capt. A. McDougall, Maitland, was discovered to be on fire on Monday afternoon. The main building was destroyed. The smaller house was saved after the fire had burned through the roof. The furniture, &c., which was saved from the devouring element, was much damaged by the heavy rain. Capt. McDougall is at present in Great Britain.

SYDNEY C. B.—The News says in reference to the late School meeting: The proceedings theret were harmonious and satisfactory. The report of the Trustees, for the past year, was carefully prepared and ample in its details of particulars and facts—financial and scholastic. The amount, suggested in the report for the incoming year, was over \$690, which was voted without dissent. The outgoing Trustees, by ballot, was C. H. Harrington, Esq., who received a renewal of the trust by an almost unanimous vote. The reappointment of that gentleman was most judicious, in consideration of his past fidelity and zeal in the cause of Education.

THE LATE EXHIBITION.—We learn from the Journal of Agriculture that the Commissioners have resolved to publish a full report of the Exhibition, prizes, &c.

The Commissioner of Railways, A. Longley, Esq., has published a letter vindicating himself from charges which have recently appeared in some of the papers, complaining of the Railway management. He shows that for several years past there have been fewer accidents than on most of the ordinary lines.

BOOKS.—A petition is under signature for the repeal of the present duty of five per cent. on Books, pamphlets, &c.

P. E. ISLAND.—Arrangements have been made for resuming Telegraphic communication between the Island and the mainland.

The Sons of Temperance Gymnastic Club is resuming active operations in the Reading Room, Temperance Hall.

A New York detective has recovered the \$10,000, (less about \$40), recently stolen from Captain Sargent of Yarmouth, N. S. The thief was about to step on board a California steamer when he was arrested.

The two men Garwood and Carr arrested on a charge of embezzlement at Manchester, were brought up before Judge Wilkins on Saturday, who decided to remand them till the arrival of the next steamer from England.

Five soldiers were found on Friday night making a disturbance at a tavern in Albemarle Street. They offered great resistance but three were captured. On Saturday they were handed over to the military authorities.

The Supreme Court is still in session in Halifax. There are no cases of much general interest.

CIVIC.—The Council have reappointed the city officials. A committee was appointed to ascertain the value of property necessary to be taken in the extension of Lockman street south to Jacob street. Ald. Barron, Davis, and Troop were appointed the committee.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—A large number of young men attended the prayer meeting at Salem Chapel on Sunday last. The Rev. Charles Grant who is about leaving Halifax to engage in missionary labor in the East Indies gave an earnest address exhorting all to full and continued consecration to Christ.

A case of chronic rheumatism of unusual severity, cured by "Johnson's Anodyne Liniment," is noticed by one of our exchanges. A large bunch came out upon the breast of the sufferer, and appeared like part of the breast bone.

The sweetest word in our language is health. At the first indication of disease, use well known and approved remedies. For dyspepsia or indigestion, use "Parson's Purgative Pills." For coughs, colds, sore or lame stomach, use Johnson's Anodyne Liniment.

Charles Randall.

THE APPETITE FOR TOBACCO DESTROYED!

Leave off Chewing and Smoking the Poisonous Weed, Tobacco!

One box of ORTON'S PREPARATION is warranted to destroy the taste for tobacco in any person, no matter how strong the habit may be. If it FAILS IN AN CASE THE MONEY WILL BE REFUND-ED. It is almost impossible to break off from the use of tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted; with the help of the Prepara-tion there is not the least trouble. Hundreds have used it who are willing to be witness to the fact that ORTON'S PREPARATION completely destroys the appetite for tobacco and leaves the person as free from any de-sire for it as before he commenced its use. It is per-fectly safe and harmless in all cases. The Preparation acts directly upon the same glands and secretions affected by tobacco, and through these upon the blood, thoroughly cleansing the poison of tobacco from the system, and thus allaying the unnatural cravings for tobacco.

No more Hankering for Tobacco after using Ort Preparation! Recollect it is Warranted! Beware of Counterfeits!

RECOMMENDATIONS.

The following are a few selected from the mult of recommendations in our possession:

[From W. P. Heald, Esq., Bangor, Me.] BANGOR, Me., April 24, 1868.

I hereby certify that I have used tobacco for thirty years past, and for the last fifteen years I have used two pounds per month,—I have made attempts to leave off at different times—I have left off one year at a time, but always continued to hanker for it until I used Orton's Preparation, which has completely cured me of the appetite for tobacco. I would recommend all who are affected with this terrible habit to try the preparation, which will certainly cure if the direction are followed.

W. P. HEALD.

[From E. W. Adkins, Knoxville, Tenn.] KNOXVILLE, Tenn., Aug. 5, 1867.

This is to certify that I had used tobacco to such an extent that my health had become greatly impaired, and my whole system deranged and broken down. In June, 1867, I purchased one box of Orton's Prepara-tion, and after using it I found that I was completely cured. I have not had any hankering or desire for tobacco since using the Preparation. I believe it to be all that it is recommended, and I would advise all who wish to quit the use of tobacco to try one box of Orton's Preparation.

E. W. ADKINS.

[From John Morrill, Bangor, Me.] BANGOR, Me., March 34, 1868.

This is to certify that I have used tobacco for eighteen years; have tried many times to leave off, but have suffered so much from a dizziness in my head, and gnawing at my stomach; that I have soon given up the trial. A short time since a friend induced me to try Orton's Preparation (Sold by you.) I have done so, and am completely cured. I did not in the least hanker after tobacco, either to smoke or chew, after I began to use the Preparation.
