

MESSANGER ALMANACK.

Table with columns: Day, SUN., MOON., HIGH WATER AT. Rows include dates from May 31st to June 13th, 1868, with moon phases and high water times.

For the time of HIGH WATER at Pictou, Pugwash, Wallace and Yarmouth add 2 hours to the time at Halifax. For HIGH WATER at Annapolis, Digby, &c., and at St. John, N. B., add 3 hours to the time at Halifax.

Agriculture, &c.,

To MAKE COWS GIVE MILK.—A writer who says his cows give all the milk that is wanted in a family of eight persons, and from which was made 260 pounds of butter a year gives the following as his treatment; he says:—"If you desire to get a large yield of rich milk, give your cows, three times a day, water slightly warm, slightly salted, in which bran has been stirred at the rate of one quart to two gallons of water. You will find if you have not found this daily practice, that your cow will gain twenty-five per cent, immediately under the effects of it, and she will become so attached to the diet as to refuse to drink clear cold water unless very thirsty, but this mess she will drink almost any time, and ask for more. The amount of this drink is an ordinary pail full each time, morning, noon and night. Your animal will then do her best at discounting the lactal. Four hundred pounds of butter are often obtained from good stock, and the instances are mentioned where the yield was even at a higher figure."

FOWLS IN FIELDS AND GARDENS.—A writer in the Scottish Farmer gives an interesting account of his experience in poultry-keeping, and the good service they did him ridding his garden of various insects. The birds with which he commenced were the silver-pencilled Hamburgs, which, until they were taught bad habits by the introduction of a number of barn-yard fowls, showed little disposition to scratch or otherwise damage the flower beds. His conviction is, that unless they are allowed the run of the garden in disproportionate numbers, the service they render very far outweighs any injury they may do to seed or flower beds. In due proportion, independently of the commercial profits of raising poultry for the market, they are undoubtedly the farmer's friends.

Ducks, which are the most industrious and voracious devourers of insects, have this advantage over their feathered congeners, that they cannot scratch, and have very limited powers of flight over fences and other barriers into forbidden precincts.

To PREVENT CHAFING.—The editor of the Scientific American seems to be a person of a "tall habit," and accustomed to "walk much;" for in a late number of his journal he says,—During the 'hot term' persons of a tall habit, who walk much, are inclined to chafe. This can be cured or prevented by the use, once or twice a day—at retiring and rising—of a solution of common alum and water. The alum may be dissolved in warm water or cold water, but should be used cold; applied with a soft linen or cotton cloth to the part affected. The proportions are a lump of alum large as a walnut to a half a pint of water. If too strong where the flesh is excoriated, weaken with cold water. We know by personal trial this simple remedy is effectual.

A DELICATE DESSERT.—Lay half a dozen crackers in a tureen, pour on enough boiling water to cover them. In a few minutes they will be swollen to three or four times their original size. Now grate loaf sugar and a little nutmeg over them, and drop on enough sweet cream to make a nice sauce, and you will have a simple and delicious dessert that will rest lightly on the stomach, and it is easily prepared. Leave out the cream, and it is a valuable receipt for "sick room cookery."

BE WISE TO-DAY!—'Tis madness to neglect a cough or cold. Consumption may follow, and though Dr. Wistar's Balsam of Wild Cherry cures the latter disease, yet the former disappears at once under its influence.

NOVA SCOTIA RAILWAY.

EVERYBODY'S FRIEND. ARCHIBALD'S VEGETABLE PAIN BALSAM.

THE great internal and external remedy for Coughs, Colds, Sore Throats and pains of all kinds; it is one of the best preparations ever offered to the public for Rheumatism and Neuralgia, warranted to stop the Toothache in four minutes, and Headache it always gives relief. Mr. JOSEPH CORKUM, Chester, Lunenburg Co., writes, Dec. 5th, 1866:—"It is the best medicine I ever used; my legs were swollen for nearly a year, and by two rubbings of the Pain Balsam they were completely cured. I have used it myself and so has my family for Headache, Toothache, Coughs, Colds and Sore Throat, and always found it to give almost immediate relief. I never want to be without it. Many other testimonials to the efficacy of this valuable remedy which would occupy too much space to enumerate have been and are being constantly received. Wholesale Agents, Brown Brothers, and Cogswell & Forsyth, Halifax, N. S.; and J. Chaloner, St. John, N. B., and Druggists generally. Nov. 20.

Oxygenized Air;

A CURE FOR CATARRH, AND DISEASES OF THE THROAT AND LUNGS, APPLIED BY DR. C. L. BLOOD, No. Montgomery Place, BOSTON, MASS. CHRONIC CATARRH.

Why entertain this loathsome disease when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to themselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is usually caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter from running down the bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, to contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral properties of the blood to deposit therein Tubercles and Ulcers.

Catarrh almost always attends Consumption, and frequently leads to it.

In Oxygenized Air we have a positive cure for this disease. The remedy is taken by inhalation,—breathed directly into the lungs, and through them carried into the blood; thus as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores, and through the natural channels from the system. Thus you will see that the cause of the disease is removed, and the disease itself must follow.

In this same manner we treat and radically cure Bronchitis and Consumption. Let no one suffering from these diseases despair of relief. If you are too far away to visit our office and see us personally, write a description of your symptoms, and forward to the address below.

Send for our circular, which gives a full description of these diseases.

Out of the many thousands of testimonials received we publish the following:—

Dr. C. L. BLOOD,

Dear Sir: I desire to give you my testimony in regard to the value of your scientific system of treating Catarrh and diseases of the Respiratory Organs. I have used your remedy, "Oxygenized Air," in my practice for the last year with complete success. I have cured the worst forms of Catarrh, and a majority of the cases of Bronchitis and consumption in their advanced stages. I unqualifiedly pronounce "Oxygenized Air" the greatest boon ever conferred upon our suffering race, and hope the day is not far distant when every intelligent physician will adopt your system in the treatment of all forms of chronic affections.

Fraternally yours, L. M. LEE, M. D. No. 199 Westminster Street Providence.

Dr. C. L. BLOOD,

My Dear Sir: I have tested your remedy "Oxygenized Air" in advanced stages of Catarrh, Bronchitis and Consumption, and the results have been, in the highest sense, satisfactory; so positive am I of its wonderful power to arrest the progress of the above named diseases that I can conscientiously advise all who may be suffering from them to place themselves under the treatment at once.

Respectfully yours, REV. R. TOMLINSON, Plymouth, Mass.

Send for Circular, and address

Dr. C. L. BLOOD, 9 MONTGOMERY PLACE, BOSTON, MASS.

Physicians wanted to adopt this system of practice.

THE SCIENCE OF HEALTH. Every Man his own Physician. HOLLOWAY'S PILLS, AND HOLLOWAY'S OINTMENT.

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences the health or disease of the system; abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints, and generates bilious disorders, pains in the side, &c. The Bowels sympathise by Costiveness, Diarrhoea, and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels, and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum. Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its "modus operandi" is first to eradicate the venom, and then complete the cure.

Bad Legs, Old Sores, and Ulcers. Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin. Arising from a bad state of the blood or chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints. Whether in the young or old, married or single, at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula. Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emollient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

- Bunions, Mercurial Eruptions, Burns, Piles, Chapped Hands, Rheumatism, Chilblains, Ringworm, Fistula, Salt Rheum, Gout, Scalds, Lumbago, Skin Diseases, Swelled Glands, Sprains, Sore Legs, Stiff Joints, Sore Breasts, Tetter, Sore Heads, Ulcers, Sore Throats, Venereal Sores, Sores of all kinds, Wounds of all kinds.

CAUTION!—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON" are discernible as a Water mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world. There is considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients and the disorder affixed to each pot and box. Dealers in my well-known medicines can have Show-Cards, Circulars, &c., sent FREE OF EXPENSE, by addressing Thomas Holloway, 80 Maiden Lane, N. Y. Oct. 23. 1yr.

Photographs.

J. D. MARSTERS, PHOTOGRAPH ARTIST, Cor. King & Germain Sts., St. John, N.B. (Late J. N. Durland's.) Good work in all cases, at moderate prices. Old Pictures copied, enlarged and painted. Books Illustrated. Pins, Rings and Lockets filled. Albums for sale. Fancy Photographs, 50 cts. for six. Photographs of any of the ministers in the two provinces at \$1.00 per dozen. Jan. 30.

\$100 A MONTH SALARY.

WILL BE PAID FOR Agents, male or female, in a new, pleasant, permanent business; full particulars free by return mail, or sample retailing at \$4.50 for 5000. A. D. BOWMAN & CO., 48 Broad street, New York. (Clip out and return this notice.) Feb. 26. 3m. pd.

The "Christian Messenger"

Is published every Wednesday, and will be sent to any address in the City or elsewhere on payment of Two Dollars a year in advance within the Dominion of Canada. Subscribers in other countries must send in addition thereto, at the rate of five cents per quarter for prepaying the postage. If payment is delayed over three months, \$2.25; if over six months \$2.50. ADVERTISEMENTS inserted at the usual rates. STEPHEN SELDEN, Proprietor. Office No. 59 Granville Street, Halifax, N. S. Printing in general done at the Messenger Office with neatness and despatch.
