Oxygenized Air; A CURE FOR CATARRH, DISEASES OF THE THROAT AND LUNGS. APPLIED BY C, L, BLOOD, DR. No. 9 Montgomery Place, BOSTON, MASS. CHRONIC CATARRH. Why entertain this loathsome disease when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air

Passages in the head are in a partly decomposed condition,-the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to tnemselves, and of pity to those with whom they associate.

Chronic Catarrh usually affects the head, fauces and bronchial tubes." It is usually caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter. If it be produced by Scrofula in the blood it is almost certain to end in Consumption, unless speedily cured, because it is impossible to entirely prevent the matter, from running down the bronchial into the air vesicles, and such is the excoriating, or scalding property of the matter, ts contact with the delicate linings of the air-cells at once causes irritation, and invites the humoral prop erties of the blood to deposit therein Tubercles and

ARCHIBALD'S VEGETABLE PAIN BALSAM.

THE great internal and external remedy for Coughs, Colds, Sore Throats and pains of all kinds; it is one of the best preparations ever offered to the public for Rheumatism and Neuralgia, war-ranted to stop the Toothache in four minutes, and Headache it always gives relief.

Mr. JOSEPH CORKUM, Chester, Lunenburg Co., writes, Dec. 5th, 1866 :- It is the best medicine I ever used; my legs were swollen for nearly a year, and by two rubbings of the Pain Balsam they were completely cured. I have used it myself and so has my family for Headache, Toothache, Coughs, Colds and Sore Throat, and always found it to give almost immediate relief. I never want to be without it.

Many other testimonials to the efficacy of tais valuable remedy which would occupy too much space to enumerate have been and are bing constantly received.

Wholesale Agents, Brown Brothers, and Cogswell & Forsyth, Halifax, N. S.; and J. Chaloner, St John, N. B., and Druggists generally. Nov. 20.

THE SCIENCE OF HEALTH. Every Man his own Physician. HOLLOWAY'S DINTMENT Disorders of the Stomach, Liver

and Bowels. The Stomach is the great centre which influences the health or disease of the system; abused or debilitated by excess-indigestion, offensive breath-and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints, and unrefreshing sleep. The Liver becomes affected, and generates bilious disorders, pains in the side, &c. The Bowels sympathise by Costiveness, Diarrhœa, and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels, and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its "modus operandi" is first to eradicate the venom, and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have per tinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin

Arising from a bad state of the blood or chronic diseases, are eradicated, and a clear and transparen surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the SHORTLY WILL BE PUBLISHED IN LONDON health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.
