What shall I do?

MY MRS. FRANCES DANA GAGE.

"What shall I do?" My boy, don't stand asking; Take hold of something—whatever you can. Don't turn aside for the toiling or tasking, Idle, soft hands never yet made a man,

Grasp with a will whatever needs doing. Still standing ready, when one work is done, Another to seize; and thus, still pursuing In duty your course, find the victory won.

Do your best for to-day, trust God for to-morrow; Don't be afraid of a jest or a sneer; Be cheerful and hopeful, and no trouble borrow; Keep the heart true, and the head cool and clear.

If you can climb to the top without falling, Do it. If not, go as high as you can. Man is not honored by business or calling, Business and calling are honored by man. —Herald of Health.

Quills are things that are sometimes taken from the pinions of one goose to spread the opinions of another.

PHILOSOPHY FOR THE LADIES.—PIE JUICE.—The time has now come for fruit-pies, and therefore for pie-juice; and as our readers strive at all points for the practical and useful combined, we intend to offer a suggestion for "the better arrangement" of pie-juice. Some people place an inverted cup in the pie, thinking this catches juice that would otherwise boil over, but that is a mistake, for though juice is found under the cup when the pie has cooled, yet it never entered the cup while the pie was in the oven for this simple reason, the inside of the cup was as hot as the inside of the pie. The case of inverting a cup in the pie does more harm than good, for, as the heat cooks the fruit, it also expands the air in the cup, which tends to blow out the juice from the dish. But if a small hole, say a quarter of an inch, be made in the bottom of the cup, which, of course, comes to the top of the pie when inverted in the dish, the hot air will escape into the oven, and leave room for the juice to run into the cup, which, again, will descend amongst the fruit on the pie cooling. "Now how are we to make this small hole in the bottom of the cup?" says the reader. "Listen and you shall hear," says the writer. "Take a six-inch flower-pot, fill it with dry sand or mould; then take your cup, invert it, and push it down into the mould or sand till only the top is just seen, by which means the inside of the cup is as full of sand or mould as it will be of juice when in the pie; then take a sharp-pointed instrument, like an old pair of scissors or a one-pronged fork, and begin to peck away little by little, and you will soon have a small hole, which can then easily be made bigger before taking the cup from the flower-pot. The sand or mould prevents the cup from cracking or breaking during the chipping process. When the cup is used invert it in to pie, but take care that the small hole is free from the crust." Here is a very simple contrivance that will soon prove itself. A grand plan is to make three pies, one without any cup, one with a cup, and one with a cup with a hole in; then you can see the difference.—Gardener's Magazine.

DARKNESS FAVOURABLE TO FATTENING.—It is a fact that all animals fatten faster in dimly lighted places than in the full light of day. This is well known in respect to fowls. From experiments made with sheep, conclusions have been reached that in a dark shed, well ventilated and properly warmed, they will make the most mutton from a given amount of food. But dark stables are not good for horses, or, breeding stock of any kind. Fat is not with such the most important object in view.—Mark Lane Express.

ARCHIBALD'S VEGETABLE PAIN BALSAM.

THE great internal and external remedy for Coughs, Colds, Sore Throats and pains of all kinds; it is one of the best preparations ever offered to the public for Rheumatism and Neuralgia, warranted to stop the Toothache in four minutes, and Headache it always gives relief.

Mr. JOSEPH CORKUM, Chester, Lunenburg Co., writes, Dec. 5th, 1866:—It is the best medicine I ever used; my legs were swollen for nearly a year, and by two rubbings of the Pain Balsam they were completely cured. I have used it myself and so has my family for Headache, Toothache, Coughs, Colds and Sore Throat, and always found it to give almost immediate relief. I never want to be without it.

Many other testimonials to the efficacy of this valuable remedy which would occupy too much space to enumerate have been and are being constantly received.

One of Dr. Radway's Pills contains more of the active principle of cure, and will act quicker on the Liver, Bowels, Stomach, Kidneys, Bladder, Blood, &c., than four or six of the ordinary common Purgative Cathartic Pills sold under various names, or than ten grains of Blue Mass.

TRUE COMFORT FOR THE AGED AND OTHERS AFFLICTED WITH COSTIVENESS AND PARALYSIS OF THE BOWELS.

ONE TO THREE OF RADWAY'S PILLS—Once in 24 hours will secure regular evacuations from the bowels. Persons who for 20 years have not enjoyed a natural stool, and have been compelled to use injections have been cured by a few doses of Radway's Pills.

READ THIS.

New Albany, Ind., March 12, 1867.

For forty years I have been afflicted with costiveness, and for the last twenty was compelled daily to resort to injections to secure an evacuation. In December last I commenced the use of Radway's Pills. After taking a few doses, my liver, stomach, and bowels were restored to their natural strength and duties. I have now a regular movement once a day, and, although 80 years of age, feel as hearty and strong as I did 40 years ago.

HIGH ENDORSEMENT FROM THE MEDICAL COLLEGE OF PRUSSIA.

DR. RADWAY

Is in receipt of an important official document signed by the Professors of the Medical College of Breslau, Prussia, embodying the result of an analysis of

RADWAY'S REGULATING PILLS.

Instituted for the satisfaction of the Prussian Government and people. It appears that the great popularity of the pills throughout Germany, as an aperient, antibilious and alterative medicine, had provoked the malice of the apothecaries, who caused a report to be circulated that the ingredients were poisonous. Therefore, a scientific inquiry into their nature and properties was ordered, the issues of which was a most triumphant vindication of the sanitary value of the Pills.

The Faculty of the College state in their report that after a careful and minute examination, they have the honour to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favourably upon the nervous system," &c., &c. They state, further, that the injurious rumours set afloat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief period."

Signed in behalf of the College,

DR. PUL. THEOBALD WERNER,

Director of the Polytechnic Bureau.

DR. HEISE,

First Assistant.

THE SCIENCE OF HEALTH.

Every Man his own Physician.

HOLLOWAY'S PILLS,

AND

HOLLOWAY'S OINTMENT,

Disorders of the Stomach, Liver and Bowels.

The Stomach is the great centre which influences the health or disease of the system; abused or debilitated by excess—indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints, and unrefreshing sleep. The Liver becomes affected, and generates bilious disorders, pains in the side, &c. The Bowels sympathise by Costiveness, Diarrhoea, and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels, and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum

Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its "modus operandi" is first to eradicate the venom, and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin

Arising from a bad state of the blood or chronic diseases, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emollient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Be the Ointment and Pills should be used in the following cases:

- | | |
|---------------------|----------------------|
| Bunions, | Mercurial Eruptions, |
| Burns, | Piles, |
| Chapped Hands, | Rheumatism, |
| Chilblains, | Ringworm, |

CAUTION!—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON" are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world.

There is considerable saving by taking the larger sizes.
