

Religious Intelligence.

LOWER GRANVILLE, Oct. 21st, 1868:—Dear Brother,—It is my painful duty to forward you herewith, for insertion, a long list of deaths, some of which have brought much sorrow to our community.

It is my pleasure however to inform you that God has graciously revived His work at one of my preaching stations—Victoria Beach. Several hopeful conversions have already taken place, and several others are more or less deeply convicted of sin, the members of the church are much revived. I have baptised four and expect to baptise others this week. It was my privilege to baptise two interesting converts at Leitchfield a few weeks ago—a father and son—the father, a brother of the late deacon John Leitch of precious memory,—these brethren I trust will prove a great blessing to the little church there.

I am looking forward with much prayerful interest to the protracted meeting announced for Granville Ferry next week. I trust my ministering brethren may come to us in the fullness of the blessing of the Gospel of Christ. Allow me most earnestly to ask your praying readers to pray that a special blessing may rest upon the services.

Your very truly,
ISAIAH WALLACE.

ST. ANNS, C. B.—Rev. W. McPhee writes from Baddeck River, Oct. 24th, 1868:—Dear brother Selden,—On the 6th of June last, the Home Mission Board appointed me a Mission of three months to St. Anns and vicinity. According to my best ability I have performed the same. Its fulfillment has been delayed on account of labouring elsewhere, where indeed I saw the mighty working of the Lord.

Dark as these parts are, the blessed Lord does not forget us altogether. I baptised one convert, a middle aged man, who with joy, related in the hearing of the large number of persons assembled at the river, how he was led to find consolation in resting on Jesus for righteousness; also quoted passages of the word of God, that convinced him of his duty to be baptised. It was a solemn season. The effect was salutary.

Three more are received for baptism, one of whom is my mother seventy years of age. I bless the Lord for this.

Some in these parts, who were heretofore nominally friends are become bitter enemies; on seeing poor sinners conforming to the commands of Jesus; but the word of God cannot be bound. I feel more and more convinced that the Lord has a work to do at St. Anns and vicinity, and hope that the field may have a claim on the sympathies, and prayers of God's people. It is good to work for the Lord Jesus.

Dear brother, when it is well with your soul pray for me and these parts.
Yours in the love of Jesus,
WILLIAM MCPHEE.

An Ordination Service was held at Jackson-town, N. B., on the 8th inst., when Mr. G. Howard was set apart to the work of the Christian Ministry, the Revs. J. H. Tupper, G. Estabrooks, J. C. Bleakney, J. Harvey, and Jas. Bleakney, took part in the service.

Our brethren in New Brunswick are making an effort to remove the Seminary Debt. Rev. E. C. Cady, in visiting a part of Carleton County reports the particulars of his canvass, and states that he has received over \$200.

Rev. A. D. Thomson is still very feeble, Rev. J. C. Hurd has accepted a call to the parsonage at Medford near Boston.

Episcopal.

TRIAL OF MR. HUBBARD.—The trial of the Rev. John P. Hubbard, an Episcopal clergyman, in charge of Christ Church, Westbury, N. Y., at Grace Church Chapel, for alleged violation of the canons of the church, in permitting one Frederic Denison, not an ordained Episcopal minister, (Mr. Denison is a highly respectable Baptist minister,) to officiate in the pulpit of Christ Church, and to pronounce therein the declaration of absolution, began on Wednesday September 7th. After some remarks between the Chair and the counsel for respondent, the court was adjourned until Tuesday, the 22nd inst.

EPISCOPALIANS AND METHODISTS.—The Right Rev. Dr. Cox, Bishop of Western New York, presented, on Saturday last, a mammoth petition of a hundred feet long to the House of Bishops, the largest ever presented to the Episcopal Church on any occasion. The petition embraces the names who have signed the petition for a Commission to be appointed to meet a similar Commission from the Methodists in reference to a Church Union.

THE MARCH TO ROME.—The English Ritualists are playing their game with a freer hand, as immunity gives them courage. Every new development shows a farther advance in the march to Rome. One of the latest of these was the celebration recently, under the auspices of the vicar of All Saints, Lambeth, of the "Eve of the Nativity of the blessed Virgin Mary," at which, says one account, "there were crucifers (1), acolytes, and taper-bearers by dozens." Among other absurdities they sang a "processional hymn," of which the following is a specimen:

"Type to fact hath given place,
Gifts for every station;
Ave / Lady, full of grace,
Mother of salvation!"

The step from "mother of salvation" to "mother of God" is not a very long one. It seems strange that such mummeries can for a moment be tolerated by any within the pale of the English Church; but when the light of spiritual faith has gone out, leaving only the dead form of worship, the door is wide open for the entrance of the most heinous error.—N. Y. Paper.

WITHDRAWAL OF A LOW CHURCH CLERGYMAN FROM THE CHURCH.—Rev. J. W. Craft, of Gambier, Ohio, has withdrawn from the ministry and membership of the Protestant Episcopal Church, and in a letter to Bishop McIlvaine assigns as reasons for his act his conscientious convictions against the efficacy of the sacrament and against the priestly functions of forgiving sins and offering up a sacrifice in the Lord's Supper, which he claims are enjoined by the ordination service of the Episcopal Church. He does not believe that a change will be made in these instances by the General Conference, nor does he believe that the ceremonials of the Church are consistent with the honesty and simplicity of the Gospel. He says that others in the Church feel as he does upon the subject.

THE WEALTH OF THE SPANISH CHURCH is very great. There are no less than 800 convents, with 15,000 nuns. There are 55 bishops, 2,500 canons and abbots, 1,800 "regular," priests, 24,000 vicars, &c., &c. The budget for the Church in Spain, with its sixteen millions, is twice as high as in France, with its thirty-seven millions of Roman Catholics.

IN THE COLLEGE OF LIBERIA, in Western Africa, it is proposed to substitute the study of Arabic for that of Latin. A very large number of Arabic speaking Mahomedans and heathens live to the East of Liberia, and efforts for their conversion could be made better if their language were more studied.

THE COLORED BAPTISTS IN NORTH CAROLINA.—The General Association of the Colored Baptist churches of North-Carolina has just held its annual meeting in Raleigh. Nearly one hundred churches were represented, all organized since the close of the war. Many of these churches have been formed by the native preachers, while doubtless the larger part owe their origin to the efforts of the American Baptist Home Mission Society, Publication Society, and Free Mission Society; all of which have been earnest laborers in the field. The proceedings of the Association, during its session of four days, were marked with the utmost decorum and kind feeling, and showed that the colored churches are thoroughly alive to the great work of evangelizing the State. Rev. Ananias Buck was appointed State Missionary, to travel and organize churches in portions of the State where as yet no missionary has been. The Association also established a Theological School in Raleigh, and appointed a missionary of the American Baptist Mission Society to take charge of it, and recommended the churches to ordain no young men to the work of the Gospel ministry unless he can read and write.

CALIFORNIA.—Despatches from San Francisco, on Wednesday and again up to Sunday, report violent shocks of an earthquake in that city, and in different parts of California. The shocks commenced about seven o'clock in the morning, and ten or twelve had occurred, causing great consideration; many buildings were prostrated, and several lives lost. In some places the ground opened, and water and sulphurous exhalations were forced to the surface.

A Special despatch on the 24th says that the damage by the earthquake will not be less than three million dollars. Persons in the country noticed an upheaving and opening of the earth in several places. Large masses of rock, several tons in weight, were detached and rolled down the hill and mountain sides; trees violently shaken, and water made its appearance where all was dry before. From some streams, bubbles containing inflammable gas, rising to the surface. No additional shocks have occurred, and the excitement has subsided.

Newfoundland.

A letter from St. Pierre says: The results of codfishing on the eastern coast of Newfoundland this season are most disastrous. In order that the expenses may be covered, it is necessary that every vessel employed should take at least 160,000 cod; but this year many have only caught 25,000 or 30,000. Accordingly, discouragement is general, and many of the owners of vessels have determined to fish no more. The resolution will deprive of occupation a large number of the seamen of France.

LATEST FROM EUROPE.

By Atlantic Telegraph.

ENGLAND.—Liverpool, Oct. 20.—The address which the Liverpool Chamber of Commerce voted to present to Keverly Johnson, congratulates him on the peace and harmony which exists between Great Britain and the United States, and urges the necessity for a practical adaptation of the principles of free trade in America, declaring that such a change would give a great impetus to American commerce, and shows that the resources of the United States are even greater in peace than in war.

London, Oct. 19.—The Parliamentary canvass throughout Great Britain is becoming very lively. Several Tory members of the last House of Commons have withdrawn their names as candidates, and retired discouraged. The Liberals are confident they will have a majority of thirty-five or more on a full vote in next house. Mr. Roebuck's hostility to the trades unions injures his chances of success in Sheffield. Mr. Gladstone is actively canvassing South Lancashire, where he daily addresses large and enthusiastic meetings.

THE ALABAMA TROUBLE.—The despatch from London, Oct. 26, says there is good reason to believe that the following is the protocol which has been agreed to by Mr. Johnson and Lord Stanley for the settlement of the Alabama dispute: A mixed Commission, consisting of eight persons appointed by Great Britain and eight persons appointed by the United States, is to sit in London, and examine every claim presented, whether English or American. Each case is to be argued by claimant, either in person or by counsel, and the commission will make a final award. The questions of International law are to be referred to arbitration of the Emperor of Russia. The protocol now awaits the approval of Secretary Seward.

Despatches state that the authorities of Sydney, New South Wales, have positive proof that the shooting of Prince Alfred was the result of a deeply laid plot. The details will be given to the public in a few days.

INDIA.—Mail reports from Peshawar, India, dated 20th of August, announce that at seven o'clock on Wednesday morning Peshawar was visited by an earthquake, at first gentle, but afterwards a very violent one. Bastions were shaken down and sentries buried below the wall, but were alive. In the city, towers and walls, especially old structures, fell in numerous instances, but no lives were lost.

SPAIN.—Attempts are being made to influence the decision of the people of Spain in respect to their future form of government.—Prince Napoleon has written a letter to General Prim advocating the claims of the Duke of Austria to the throne. A proposal has been made that Prince Alfred of England be chosen

This however, is generally regarded as absurd, seeing that he is a Protestant. Ferdinand, King of Portugal, has been also mentioned. He is said to be popular in Spain, and it is believed would be unobjectionable to the Emperor Napoleon!

The Central Provisional Junta held its last session on Wednesday last. Resolutions were adopted urging the abolition of capital punishment; the removal of convict prisoners from Spain to Africa and the Phillipine Islands, and the formation of volunteer Rifle Associations throughout the country.

After recommending all the Local Provisional Juntas to follow their example, the Central Junta dissolved.
