

ON TO YARMOUTH.—A correspondence between Mr. N. K. Clements and the Local Government has been published respecting a survey for an extension of the Railway from Annapolis to Yarmouth. The Provincial Secretary states in reply to Mr. C. "I have it in command to inform you that the government will place the sum of \$2000 in the Estimate for 1869, to cover the expenses of this survey."

Mr. Hendry says in reply to Mr. Clements enquiries "From Annapolis town, that is, the terminus of the present line of Railway, the continuation would probably be up the valley of Allen's river for a few miles thence in a southwesterly direction crossing the upper waters of Moose River and Bear River towards the Head waters of the main branch of Tusket Rivers, near Kemptonville in Yarmouth County; thence through a fine agricultural district and nearly on the same course to Yarmouth Harbour.

The principal part of the line, from Annapolis to Bear River, is through granted land, crossing a band of lower Devonian Rocks, in which there is a conformable bed of iron ore, about 6 feet in thickness, and of great extent and value. It is said to contain about 56 per cent. of iron, and although not worked at present, will be of considerable value when railway communication is obtained, as the ore could then be carried to coal or to the ore. Heretofore the smelting of this ore was carried on with charcoal, which in the immediate neighbourhood became scarce, and the works in consequence were abandoned; but no doubt exists either as to the value, quantity or quality of the ore.

From Bear River outward to Yarmouth the land is to a large extent ungranted and contains a considerable growth of spruce, pine and hardwood, in many parts capable of profitable cultivation. The geological formation is upper Silurian. Along this region the Government could with great propriety, set apart about 150,000 acres of wilderness land for the encouragement of a Railroad.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Honorable the Minister of Customs, and under and in virtue of the authority given by the 10th section of the Act passed during the late Session of the Parliament of Canada, 31st Vic. Cap. 44, intituled:—"An Act to amend the Act of the present Session, intituled:—"An Act imposing duties of Customs with the tariff of duties payable under it." His Excellency in Council has been pleased to approve of the following additional Regulations respecting Drawbacks claimed on the exportation of goods under the said 10th section of the Act above referred to, viz:—

REGULATIONS.

1st. Goods having been entered for duty and having passed into the hands of the importer, in cases where the said goods are found not to be the goods ordered, notice of such fact may be given to the Collector of Customs at the Port of Entry, within one month of the date of such entry, accompanied by a request for leave to return the said goods to the place and party where and from whom the same were purchased, and that the duties paid thereon be refunded; whereupon the collector having verified the statement of the importer, and having ascertained that the package to be exported is a whole package, and that its contents are identically the same as originally entered for duty, shall report the same to the Department, and the Minister of Customs shall thereupon issue an order to the Collector to refund the duties upon due proof of exportation; Provided that if such goods are not actually exported within one month from the date of such order it shall be void and of no effect.

2nd. Whereas cases frequently arise for which no general order or regulation is provided, in which goods upon which duty has been paid require to be exported, and injury or hardship may be endured by importers, to the disadvantage of the general commercial interests of the Dominion, unless some means of redress be provided. It is therefore ordered that in all such special cases, it shall be lawful for the Minister of Customs to consider the grounds and examine the merits of each application, and make such order thereupon subject to the approval of the Treasury Board; as may, in his judgment, be necessary for the relief of the parties, and consistent with the interest and security of the revenue.
