# BAPTIST CHURCH RECORDS.

ATE have long felt the necessity of Church Clerks being supplied with suitable books in which to keep the Records of Churches and a Register of the Membership, with some degree of uniformity.

With advice from several ministers and other brethren we have prepared such books, of thick paper, strongly bound, and neatly labelled, properly ruled, and having printed headings for the several columns of the "Register" and the "Alphabetical List." These books will enable Church Cierks to do their work-with-credit to themselves and satisfaction and advantage to the churches.

New Albany, Ind., March 12, 1867. For forty years I have been afflicted with costiveness, and for the last twenty was compelled daily to resort to injections to secure an evacuation. In December last I commenced the use of Radway's Pills. After taking a few doses, my liver, stomach, and bowels were restored to their natural strength and duties. I have now a regular movement once a day, and, although 80 years of age, feel as hearty and

HIGH ENDORSEMENT FROM THE MEDI-

CAL COLLEGE OF PRUSSIA.

DR. RADWAY Is in receipt of an important official document signed by the Professors of the Medical College of Breslau, Prussia, embodying the result of an analysis of

### RADWAY'S REGULATING PILLS.

Instituted for the satisfaction of the Prussian Government and people. It appears that the great popularity of the pills throughout Germany, as an aperient, antibilious and alterative medicine, had provoked the malice of the apothecaries, who caused a report to be circulated that the ingredients were poisonous. Therefore, a scientific inquisition into their nature and properties was ordered, the issues of which was a most triumphant vindication of the sanitary value of the Pills.

The Faculty of the College state in their report that ofice a careful, and minute examination, they have the honour to state that " the pills are not only free from every substance injurious to health, but are composed wholly of s ibstances and elements promotive of digestion, and certain at the same time to act favourably upon the dervous system," &c., &c. They state, further, that the injurious rumours set affort by the Prustien aporticearies originated " in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within a very brief-period."

Signed in behalf of the College, DR. PHIL. THEOGALD WERNER, ST.

THE SCIENCE OF HEALTH

Every Man h

# HOLLOWAY'S CINTMENT.

#### Disorders of the Stomach, Liver and Bowels.

The Stemach is the great centre which influences the health or disease of the system; abused or debilitated by excess-indigestion, offensive breathand physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints, and unrefreshing sleep. The Liver becomes affected, and generates bilious disorders, pains in the side, &c. The Bowels sympathise by Costiveness, Diarrheea, and Dysentery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels, and kidneys participate in their recuperative and regenerative operation.

Erysipelas and Salt Rheum

Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic; its "madus operandi" is first to eradicate the venom, and then complete the

Bad Legs, Old Sores, and Ulcers. Cases of many years' standing, that have per tinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few ap-

plications of this powerful unguent. Eruptions on the Skin

Arising from a bad state of the blood or chronic diseases, are eradicated, and a clear and transparen surface regained by the restorative action of this Distment. It surpasses many of the cosmetics and ther toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

Piles and Fistula.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolient; warm fomentations should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions, Burns, Chapped Hands, Chilblains, Fistula, Gout, Lumbago, Swelled Glands; Sore Legs, Sore Breasts, Sore Heads, Sore Throats,

Mercurial Eruptions, Piles, Rheumatism, Ringworm, Salt Rheum, Scalds, Skin Diseases. Sprains, Stiff Joints, . Tetter, Ulcers,
