THE CHURCH PARLOUR.

No. IX.

The Rev. S. M. Punchon preached at the opening of an Episcopal Methodist Church in Williamsburgh, New York. The church is a magnificent building, and cost £40,000. In describing it Mr. Punshon says-" On the basement is a large, cheerful room, superbly furnished with carpets, mirrors, piano, &c., which is called 'the church parlour,' and which is the common property of the members. Here monthly reunions are held, and the ladies assemble for Bible-classes, Dorcas meetings, and now and then for cheerful evening intercourse. This 'church palour' is getting to be one of the institutions of American Methodism."

2nd. As to the Preservation and Investment of the sums raised for such Funds. 3rd. As to the Appropriation of the Annual Income.

1st. The Fund might be raised from various sources. (1.) Each church might be become an Annual Subscriber of a certain given amount which would give a vote in the disbursements and eventually a claim to participate. (3.) Donations or Annual Subscrip. tions from individuals. (4.) Legacies.

2nd. Certain portions of Income so derived might form an Invested Fund, the interest of which might be appropriated from time to time as required, whilst other portions might be applied each year to meet the necessities of applicants. It might be at the option of donors and of churches to say whether their contributions should be applied to the Annual Fund for Appropriation, or to the Invested Fund.-Legacies and Ministers

3rd. The Appropriation of the Fund ment. We would here acknowledge our indebtedness to another denomination for some thoughts on this subject. The 10th Rule of Wesleyan Methodist "Supernumerary Ministers' and minister' Widows' Fund" is as fol-

" A Minister being a Member of this Fund, shall, upon becoming a Supernumerary, at or after the Conference of 1863, have a claim upon paid to the Fund ;-and a widow of any Ministhe current income for an annuity equal to onehalf the sum of such Subscriptions which ber deceased husband may have paid. Provided, that when in any year the current income shall be insufficient to meet the claims of that year in full, such claims shall be proportionable reduced by the deduction of an equal per centage from all."

The following remarks are taken from a speech delivered by Sir Edward Buxton :---" There is, perbaps, no one point which requires more to be pressed on the attention of Christian men, women, and children in the parent reference to baptism, to " attend upon present day, than this, -that every one is sent into the world WITH A MISSION ;- that is, for some particular object.
