CHRONIC CATARRH.

Why entertain this loathsome disease, when relief can be obtained? We meet those every day who are suffering from Catarrh to such an extent, that the Air Passages in the head are in a partly decomposed condition,—the nose and throat filled with such a mass of corrupt matter that they are objects of disgust to tnemselves, and of pity to those with whom they as-

Chronic Catarrh usually affects the head, fauces and bronchial tubes. It is usually caused by humoral or inflammatory blood, by which the mucous membrane is made sore or inflamed, producing a copious effusion of viscid matter.
