Erysipelas and Salt Rheum Are two of the most common and virulent disorders prevalent on this continent. To these the Ointment is especially antagonistic ; its "modus operandi" is first to eradicate the venem, and then complete the cure.

Bad Legs, Old Sores, and Ulcers.

Cases of many years' standing, that have per tinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

Eruptions on the Skin

Arising from a bad state of the blood or chronic diseases, are eradicated, and a clear and transparen surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and ther toilet appliances in its power to dispel rashes and other disfigurements of the face.

Female Complaints.

Whether in the young or old, married or single, at the dawn of Womanhood, or the turn of life, these tonic medicines display so decided an influence that a marked improvement is soon perceptible in the health of the patient. Being a purely vegetable preparation, they are a safe and reliable remedy for all classes of Females in every condition of health and station of life.

With advice from several ministers and other brethren we have prepared such books, of thick paper, strongly bound, and neatly labelled, properly ruled, and having printed headings for the several columns of the "Register" and the "Alphabetical List."
