JOHN P. MOTT'S CHOCOLATE, BROMA, AND OTHER

COCOA PREPARATIONS.

Sept. 13.

Approved of and recommended for more than a quarter of a contury by the most eminent Physicians in British North America.

O those who desire the best productions of Cocon, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or C ffee, the undersigned offers the above articles, manufactured by himself.

His BROMA, owing to the peculiar process of Manfacture, by which the oil of the nut is completely neutra lize !, while all its virtues are retained, adords, as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as a reasily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonia samply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr. John P Mott. of Halifax, N. S. and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared and the salutary properties of its ingredients, it is a valuable compound, and we chearfully recommand it to convalescents and all who require a mild and strengthening food Robert Hume, M.D. W.
