At Charlottetown, on the 1st inst., by the Rev. Thomas Duncan, of St. James' Church, David Stirling, Esq., Architect, Halifax, N. S., to Clara

weaths.

young, to remember their treator in the days of their youth. He has left a father and mother and four brothers, and a large circle of friends to mourn their loss, but they sorrow not as those wahout

Far from the rough and stormy ocean, To the shores of peace and love, Where he joins in sweet devotion, With the ransomed souls above.

The funeral sermon was preached Nov. 21st, by the Rev. L. B. Gates, from 1 Cor. xv. 55. On the 24th Oct., at Gaspereaux, Kings Co., after a protracted sickness which he bore with marked christian resignation, John S. Anderson, aged 80 years, leaving an aged widow and several children, to mourn their loss. The deceased was baptized by the Rev. Joseph Dimock, in Chester, and was a member of the Baptist body fifty-seven years, during which time he adorned his profession by a godiy life. Of him it could be truthfully said he loved religion; and us he neared the Jordan of death he

expressed an unwavering confidence in his Saviour.

On the 16th Nov., at Digby, N. S., Mr. William Short, aged 56 years. The deceased was a native of Plymouth, England, and emigrated to New Brunswick at the early age of fitteen years. He resided for twenty years in St. John, where he was well and favorably known as an industrious business man for twenty years in st. John, where he was well and favorably known, as an industrious business man, and a liberal supporter of every benevolent enterprise, but especially of the preaching of the Gospel. He has left a sorrowing wite and a large family of children to mourn the loss of a kind and devoted husband and father. May God heal the wounds his own hand has inflicted.—Com.

In Lower Granville, Nov. 6th, 1869, after a lingering illness, extending over several years and producing mental aberration, William H. Fowier, aged 38 years, leaving a wife and three children to mourn his death.

At his residence, in Lower Granville, Nov. 27th, 1869, of paralysis, Capt. John Woster, aged 80 years, leaving a wife and only daughter to lament

cal teaching. Young men who are west us of becoming Singing Teachers, will please address him at Halifax, N. S. Nov 24.

JOHN P. MOTT'S

CHOCOLATE, BROMA, AND OTHER

COCOA PREPARATIONS. Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America.

10 those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles, manufactured by himself.

His BROMA, owing to the peculiar process of Man-facture, b, which the oil of the nut is completely neutra line i, while all its virtues are retained, affords, as testimonials amply demonstrate. JOHN P. MOTT.

Having tried the Broma made by Mr. John P Mott, of Hulifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary proper-ties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food

THE SUN-LIGHT OIL.

THE BEST BURNING OIL IN THE WORLD

DR. CULVERS'

CELEBRATED SUN-LIGHT OIL

GREATEST DISCOVERIES OF THE AGE. M. WAGNER & CO.,

> ARE SOLE PROPRIETORS FOR THE

United States

DOMINION OF CANADS.

Sold only by their Authorized Agents. Costs but 30 cents per Gallon to Manuface ture, and can be Manufactured anywhere in the United States, or Dominion. of Canada.

HIS wonderful Oil, which is about to take the place of Kerosene, and other burning fluids is composed of materials which can be obtained in any country village. Can be made without the aid of machin ry, by simply mixing the ingredients together. It has no offensive smell, and is

WARRANTED TO BE NOT EXPLOSIVE.

It burns without any smoke, and gives a softer and far more brilliant light than any other oil new in use, and is only equalled in brilliancy by gas light. The ingredients which compose it are simple and cheap, coating but 30 cents per gallon, at the bighest, and can be produced in any city, or country village in the Dominton of Canada.

A ga lon o the Otl can be mide in five minutes, and a whole barrel in less than half an hour. Wherever it has been introduced it takes the place of Kerosene and other burning fluids, for the foll w-

1st. Because it does not cost half as much. 2nd. It can be made anywhere, by any 3rd. It will never explode.

4th. It will burn in any lamp, with or without a chimney.

5th. It will not smoke the chimney. It will give no bad odour or offensive

7th. It will not soil clothes if spilled upon 8th. It gives a clear and steady light, never

flickers, and in softness and brilliancy is only exceeded by gas. 9th. It burns one-fourth longer than the best

Kerosene made. 10th. It does not weaken the eyes as Kerosens or coal oil does by continual use.

And finally, because it is cheaper and better in every respect than any other oil ever invented. For lighting stores, hotels, and public places of all kinds, there is no oil that will at all compare with it in cheapness, brilliancy, and safety. For night lamps in hotels, public and private houses, it is invaluable, and can be used in small lamps as well as large ones, without chimney, giving out no smoke or smell, and does not encrust the wick. Although this

oil has been before the public but a few months nearly 350 000 families are making and using it. This cele rated Oil was discovered and first invented in June, 1867. by the great F ench Chemist and Geologist, the late Dr. S. A. Cuiver of Paris. We succeeded before his death in obtaining the Patent for the sole right, to a anufactore and soil the Oil in the United States and Dominion of Canada. In order to bring this Oil into universal use

throughout the country, we have concluded to sell it only through our Agents By this method families can manufacture the Oil

themselves thus getting it at the original cost, and all the profits that would be made by merchants and speculators it sold through them. The oil can be manufactured any where for 30 cents, and in many places for much less. And while the cost is small, you have a light with which you can always feel safe for it can in no way be made to explode. And the softness and brilliancy of the light, will render cheerful the ritchen, the parlor, and the place of business. It gives a clear and steady light. And one gallon, with the same lamp, and the same sized blaze, will burn six and one quarter hours longer than the best Kerosepe. It is certainly,

ONE OF THE GREATEST WONDERS OF THE AGE All we ask is, that the public give this Oil a general investigation ; that they test its merits and its qualities for themselves, and then finding as they surely will) that it is laden with results that will be beneficial to all persons, in every city, village, and farm house in our land, we respectfully ask that they lend their influence in our behalf, to aid in, its advancement and circulation Our authorized Agent for Nova Scotia is now prepared to fill all orders. He will travel through the Province, and we hope that all persons, will aid him in spreading this great been throughout the land.

JAMES P. NOWLAN,

Sole Agent for Nova Scotia. Weymouth, Oct. 25th, 1869.
