"BOOKS, &., AT REDUCED PRICES' NO LONGER.

The Journal of Education, under Equity at the latter. " Official Notices," says:

We doubt the wisdom of this piece of retrenchment on the part of the Council of Public Instruction. We are aware that there has been a good deal of opposition raised by some of the booksellers to books being supplied to schools at reduced prices, trifle, and saved the people considerable, it prices. Catalogues of Books free. May 5. would have been much better we think to have continued the practice as heretofore. The disadvantages of the change will fall largely on the Teachers, for whereas they have heretofore had uniform class-books, they will, under the new regulation, be subjected to the great inconvenience of this city.

We regret to learn that the "Baptist Tidings" of Detroit has been suspended, after an existence of about a year. It is likely that it will soon be started again or some other paper in its place.

CHOCOLATE, BROMA, AND OTHER

COCOA PREPARATIONS. Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British Nosth

America. TO those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles,

manufactured by himself. His BROMA, owing to the peculiar process of Manfacture, by which the oil of the nut is completely neutra lize i, while all its virtues are retained, affords, as well to the robust as to invalids and those whose dipers, Allen, Glace Bay; Henry, Boudrot, Arichat; Loup Maria, Pettipas, Esquimaux, (Labrador); That its value as an easily digested and highly nuttitious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.
