Ayer's Hair Vigor, For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume. Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE \$1.00. June 9.

IMPROVEMENT IN CABINET ORGANS, PATENTED 1868. THE MASON & HAMLIN IMPROVED VOX HUMANA. Is a new invention, now ready in several styles of the MASON & HAMLIN ORGANS, to which the manufacturers invite attention, believing that it is likely to prove The Most Regular Improvement ever made in Instruments of this class. It is now several years since the invention and application to such instruments of the VOX HUMANA, which was first introduced by its inventor to the organs of Mason & Hamlin, were used to introduce it to the public. In its use, it is safe, and especially considering its liability to break, they were unwilling to adopt it. From the success of the experiments for its improvement have resulted the factory of the Mason & Hamlin Organ Company, where, which have at last been eminently successful in result being the MASON & HAMLIN IMPROVED VOX HUMANA, combining several patents. In combination with the AUTOMATIC BLOWERS SWELL, used only in these organs, wonderfully increases the capacity and beauty of the instrument, imparting delicious qualities of tone, and producing novel and exquisite effects. It is also adding to its variety and delicacy of tone, and increasing somewhat its power. It is limited; and altogether, it is a most valuable addition to the Organist's repertoire. It is free from liability to get out of order, and requires no additional skill for its use, being a simple and ordinary action of the bellows, requiring no separate pedal.

STYLES AND PRICES. Attention is invited to the new styles of Organs, and new scale of prices, announced this month. NEW STYLE No. 21—FIVE-STOP DOUBLE-REED CABINET ORGAN, with Vox Humana.
