GOVERNMENT HOUSE, OTTAWA.

Friday, 25th June, 1869.
PRESENT:
His Excellency the Governor-General in Council.

WHEREAS it is enacted by the 3rd subsection of the 33rd Section of the Act 31, Vic. Cap. 18 entitled "An Act respecting the Island Revenue," that "any use made of any Western, Cuck-frame, Matt floor or Kiln for the steeping, permuting or trying of any grain shall be a working of a Mill-house and acting as a Malster," with the meaning of that Act. And whereas it is expedient in the public interest that the strictness of the above mentioned enactment should be so far relaxed as to permit licensed Brewers to kiln-dry damaged grain under certain regulations without payment of duty.
His Excellency in Council, on the recommendation of the Honorable the Acting Minister of Inland Revenue, and under the authority given in the 49th Section of the Act 31 Vic. Cap. 5, has been pleased to order, and it is hereby Ordered, that licensed Masters and others engaged in that pursuit shall be and they are hereby permitted, to kiln-dry damaged grain of all kinds, without payment of the duty of one cent per pound thereon, on the following conditions:
1st.—The period for drying damaged grain shall in each case be regulated by the Collector of Inland Revenue;
2nd.—The drying shall be done under the personal inspection of the Officer of Excise detailed for that purpose;
3rd.—The owner of the grain or trying kiln shall pay to the Collector of Inland Revenue, such sum as shall be sufficient to cover the expense incurred in the survey of drying damaged grain;
4th.—It will be the duty of the Officer to examine closely, and ascertain whether the damaged grain is permuting, and if it be, to report the same to the Collector forthwith.

IMPROVEMENT IN CABINET ORGANS, PATENTED 1868.

THE MASON & HAMLIN IMPROVED VOX HUMANA

Is a new invention, now ready in several styles of the MASON & HAMLIN ORGANS, to which the manufacturers invite attention, believing that it is likely to prove the most perfect improvement ever made in instruments of this class.
It is now several years since the invention and application to such instruments of the VOX HUMANA, which was first made by its inventor to the organs of Mason & Hamlin, was suggested to introduce it to the public. In its use, it is especially considering its liability to be broken, they were unwilling to adopt it. From their own experiments for its improvement have been the factory of the Mason & Hamlin Organ Co., which have at last been entirely satisfied, the only being the MASON & HAMLIN IMPROVED VOX HUMANA, combine several patents.
In continuation with the MASON & HAMLIN SWELL, with only in these organs, which perfectly increases the beauty of the instrument, imparting to it the qualities of tone, and producing novel and new effects, by adding to its employ, and delicacy, and increasing its power, and its uses of several additional notes, and by Organists, and other persons, who are desirous of getting out of the ordinary action of the bellows, requiring separate pedal.

STYLES AND PRICES.

Attention is invited to the new styles of Organs, and new scale of prices announced this month.

Ayer's Cathartic Pills, For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

- For Dyspepsia or Indigestion, Ligelessness, Lassitude and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For Dysentery or Diarrhoea, but one mild dose is generally required.
For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.
For Suppression a large dose should be taken as it produces the desired effect by sympathy.
As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
