The Chronicle does not appear to entertain a very high estimate of "professional politicians." An editorial of Monday last says "It is impossible to put faith in those who make the sole business of their lives politics."

The Reporter of Monday last said, the Chamber of Commerce met and adjourned till Tuesday. Why does not the Chronicle read the editor a lecture for talking such nonsense? How can he say they adjourned "without doing anything"? Did they not adjourn?

The Dominion Insolvency Act came into force on the 1st inst., J. H. Harvey, Esq., has been appointed official Assignee rendered necessary by this enactment.

RAILWAYS.—The Annapolis Railway is producing the results that invariably follow the construction of Railways—a large increase in the travelling and traffic between the various points reached. JOHN P. MOTT'S CHOCOLATE, BROMA, AND OTHER

COCOA PREPARATIONS.

Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America.

TO those who desire the best productions of Cacao, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles, manufactured by himself. His BROMA, owing to the peculiar process of Manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as a easily digested and highly nutritious article of diet is recognized, by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination of once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.

IMPROVEMENT

CABINET ORGANS,

PATENTED 1868.

THE MASON & HAMLIN

IMPROVED VOX HUMANA

Is a new invention, now ready in several styles of the MASON & HAMLIN ORGANS, to which the manufacturers invite attention, believing that it is likely to prove The Most Popular Improvement ever made

In instruments of this class. It is now several years since the invention and application to such instruments of the VOX HUMANA, which was first introduced by its inventor to the organs of Mason & Hamlin, was urged to introduce it to the public. In its application, and especially considering its liability to break, they were unwilling to adopt it. From their experiments for its improvement have resulted the factory of the Mason & Hamlin Organ Co., which have at last been eminently successful in producing the MASON & HAMLIN IMPROVED VOX HUMANA, combining several patents.

In combination with the AUTOGRAPH SWELL, USED ONLY IN THESE ORGANS, wonderfully increases the capacity and beauty of the instrument, imparting delicious qualities of tone, and producing novel and exquisite effects, by adding to its variety and delicacy of tones, and increasing somewhat its power. The effect of several orchestral instruments is imitated; and altogether the instrument is rendered by Organists, "The most perfect, free from liability to get out of tune, and requires no additional skill for its use, being only the ordinary action of the bellows, requiring no separate pedal.

Attention is invited to the new styles of Organs, and new scale of prices, announced this month.

NEW STYLE, No. 21.—FIVE-STOP DOUBLE-REED CABINET ORGAN, with Vox Humana. Case of solid Black Walnut, carved and paneled; new design. Stops—Diapason, Viola, Melodia, Flute, Vox Humana. Price, \$170.
