

(Continued from page 323.)

Don't forget the Bazaar at Wolfville on Friday next, on the behalf of the Grand Pre Seminary.

YARMOUTH.—We learn from the Herald that at the Yarmouth County Agricultural Exhibition, opened on Thursday last, the display in every department was superior to that of last year, and that the Exhibition was a very satisfactory one.

AMHERST.—A few evenings ago, Christopher and Ralph Hodgson, of East Branch, surprised a large bear trespassing in a field of oats, coming quite close upon him before either was aware of the presence of the other. Bruin became angry, and, with form erect, and mien belligerent, marched on to the attack, but a single shot brought him to the dust and the boys had a very fine pelt to take off.—Gazette.

A TIGHT PLACE.—A lad named O'Brien fell between the cars and the platform at Windsor, one evening last week, and although twisted around and around a considerable distance, in a space not wider than six inches, before the train could be stopped, he fortunately escaped with a whole skin. He had to be cut out of his tight place with an axe.

THE SUPREME COURT was to open yesterday at Kentville, Amherst, Antigonish, and Arichat. Judge Wilkins presiding at Kentville, Judge Johnston at Amherst, Judge Dodd at Arichat, and DesBarres at Antigonish. The Court opens at Lunenburg on Thursday Chief Justice Young presiding. The October sittings of the Supreme Court will open in Halifax on the 26th instant.

THE FIRE AT ANTIGONISHE.—The Casket in its account of the fire which occurred in that town on Monday night, says the whole loss is estimated to exceed \$12,000—of which only about \$1000 was insured. How the fire originated remains a mystery.

WELCOME VISITORS.—We learn that immense school s of herring have visited our shores within the last few days. So plentiful are they that nets have been literally sunk by the weight of the fish within them. Very large quantities of herring were taken on Thursday at Portuguese Cove and vicinity. Hogsheds in which to temporarily place the fish caught, were taken from the city.—Chronicle.

THE LIEUTENANT GOVERNOR.—His Excellency Sir Hastings Doyle returned to town on Saturday evening. We hear he did not go further than New Brunswick, owing to illness contracted in crossing the Bay of Fundy.—lb.

DISTRESSING OCCURRENCE.—Yesterday afternoon, (Sept. 30th,) Capt. George S. Sulis, of Smith's Cove, Digby County while attending a threshing machine—a business with which he was not acquainted—got his right hand caught, and torn in pieces. It was necessary to have his arm amputated a little below the elbow.

As Mrs. F. and I tarried last night at the house of his brother, MA John S. Sulis, early this morning, (Oct. 1st,) we were aroused by a loud rnp, and a lamentable call for our host. Apprehensive that the sufferer was probably at the point of death, I immediately repaired to the house of affliction, and found him, though not likely to die from this hurt, in very deep distress. I was glad, however, to perceive that he was submissive under his extreme sufferings, and was sustained by the consoling hope of the gospel of Christ.

Doubtless many will unite with the writer in hearty sympathy with our distressed brother, and his wife and family, in this heavy affliction. This case should also serve as a warning to guard cautiously against exposure to danger by coming in contact with dangerous machinery.

Com. by Rev. C. Tupper.

RAPID.—We learn from the Evening Express that Archbishop Conolly received a Latin telegram in a few hours from Alexandria, Egypt, announcing the safe arrival at that place of Dr. McKinnon, Bishop of Arichat, and Dr. McIntyre, Bishop of Charlottetown, en route for Jerusalem, after a rapid passage of four weeks only from Halifax N. S.

Many valuable horses die from the effects of colic. The best thing to do in a case of this kind, is to pour a bottle of "Johnson's Anodyne Liniment" into a long necked junk bottle, add half a pint of molasses and water, then pour the whole down the horse's throat. In ten minutes the horse will begin to eat.

"Parsons' Purgative Pills" will greatly relieve, if not entirely cure, dyspepsia, when everything else fails. They have been tried in some desperate cases, and have given more relief than any other medicine.

M. A. Buckley, 85 Granville Street, Halifax, has received by late Steamers and Sailing Vessels, 74 Cases, Bales, and Packages of Books, Stationery, Room Paper, &c., which he offers Wholesale and Retail at lowest possible prices. Catalogues of Books free. May 5.

JOHN P. MOTT'S CHOCOLATE, BROMA, AND OTHER

COCOA PREPARATIONS.

Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America.

TO those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee; the undersigned offers the above articles, manufactured by himself.

His BROMA, owing to the peculiar process of Manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as a easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broms made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination of once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS,

LOWELL, MASS. PRICE \$1.00. June 9.
