The Hon. Joseph Howe has published a

To endeavor to get that Act repealed; and

Should we fail in the effort to repeal the Act, that we should endeavor to modify and improve it.

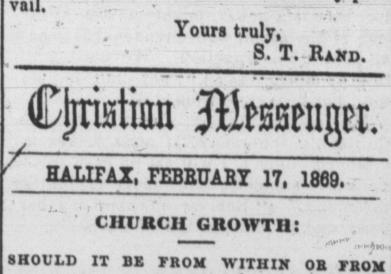

He goes over the various stages of his progress in the endeavour to accomplish the two first of the above proposals, and refers to the decision of the Gladstone government, which led him to the conclusion that they had failed. Having arrived at this, he concludes :

"I could no longer hesitate. The plain path of duty lay before me. All rational repealers the answer came from Gladstone's Cabinet. The answer was here. The battle was over. followers of Jesus. And I beg to state vail. that the view presented by Bro. Harley appears to me the most satisfactory. The Jews were allowed, yea commanded, to swear. It was a solemn act of religion. This is freely admitted. It was always a fearful thing to swear falsely. Our Blessed Lord quotes the prohibition. An oath must be performed. "But I say unto, you," he adds, "swear not at all." I do not mercly repeat what Moses and the prophets have enjoined, but I make an important change. What is that change? level with the doctrine taught before. These statements will sound strange to those who are accustomed to take the Word of graphs to the above :--

" Regeneration is different from Conversion .---Regeneration, or Baptism, is that by which we are brought into a new relation to God, turning from sin to God.

They who fall into wilful sin after Baptism,

They who are not baptized until they reach years of discretion must be thus converted before they come to Baptism ; or they profane that holy Sacrament."

The confounding of Regeneration and Baptism in the above we regard as a most destructive error. It strikes at the root of evangelical religion, and a death blow at the great leading truths of the Reformationjustification by faith-and indeed would uproot Christianity itself in its vital power. This, however, is the natural tendency of Infant Baptism, by whomsoever administered, but we do not often find it so fully expressed as clear as words can make it .- its real character. The duty of instructing aware that the Church Catechism teaches with nominal Protestantism. We are quite "SWEAR NOT, neither by heaven, neither the young at home and in the Sunday that Baptism is " An outward and visible by the earth, NEITHER BY ANY OTHER School, has by some been enforced by this sign of an inward and spiritual grace," but OATH." The campaign on the chosen battle-field -Hants County-was opened at Windsor, on Saturday last. The Hon. Joseph Howe appeals to the constituency he now represents to confirm his appointment to the office of President of the Dominion Privy Council. He is being opposed by Mr. Manson H. Goudge-a respectable merchant of Windsor-formerly one of Mr. Howe's warmest supporters. Some of the leading men in the Local Government, and the party by whom they are sustained, were present, and took part in the Public Meeting. The contest is regarded as a test of the mind of Nova Scotia. No doubt a great responsibility rests on the electors of that County, and so the result might be regarded, if the election could be carried on
