JOHN P. MOTT'S CHOCOLATE, BROMA, AND OTHER COCOA PREPARATIONS.

Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America. Those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles, manufactured by himself. His BROMA, owing to the peculiar process of Manufacture, by which the oil of the nut is completely removed, is a healthy and nutritious food, as well as the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as an easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

- Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food. NEW ADVERTISEMENTS.

DR. JOSEPH D. DAVIS, HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that CONSUMPTION,

even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles designate and become abortive, and ulceration of the lungs do heal, nearly 30 per cent of the deaths in Nova Scotia, New Brunswick, and the New England States is by

CONSUMPTION. We know that Peruvian Bark flourishes in a region invested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indians apply the herbs growing in the same country.

The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself.

After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with CONSUMPTION

an opportunity of testing his skill. He has procured in the United States the finest instruments to enable him to thoroughly diagnosis diseases. The

MICROSCOPE for testing the impurities of the blood, urine, mucus expectoration of the lungs, etc., etc. The

LARYSCOPE for ailments of the throat. The

RHINOSCOPE for the diseases of the nose. The

OPHTHALMOSCOPE for the eye. The

OTOSCOPE for the ear. The

STETHOSCOPE for the chest, including heart and lungs. By the

Electro Medical Instrument he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease.

The Dr. intends visiting the various towns and localities below mentioned.

Table with columns for location and dates. Locations include Digby, Waymouth, Yarmouth, Barrington, Shelburne, Lock's Island, Liverpool, Bridgewater, Lunenburg, Mahone Bay, Chester, Halifax, Windsor, Hantsport, Lower Horton, Wolfville, Canning, Kentville, Berwick, Bridgetown. Dates range from Nov 1 to 1 Mar.

JUDSON'S SIMPLE DYES FOR THE PEOPLE

(REGISTERED.) Are undoubtedly the most useful articles ever offered to the public.

ANYONE CAN USE THEM.

Anything can be dyed with them in a few minutes without soiling the hands. In England "Judson's Dyes" are as "Household Words." Articles of clothing that have been put aside as faded and useless, may be made nearly equal to new, by merely following the simple directions appended to each bottle of Dye.

- Names of Colours. Magenta, Mauve, Violet, Scarlet, Green, Blue, Purple, Pink, Crimson, Brown, Canary, Orange, Black, Fustic, Lavender, Slate.

PRICE SIXPENCE PER BOTTLE. May be had of druggists and storekeepers throughout the world; or wholesale of DANIEL JUDSON & SON, Southwark St., London. N. B.—A small bottle of colour will dye 12 yards of Bonnet Ribbon.

See that you get "Judson's" Simple Dyes, the wonderful popularity of which has caused numerous inferior imitations, which are calculated to injure both buyers and sellers.

Ask for our Catalogue of Instructions how to use the Dyes for twenty different purposes.

"JUDSON'S" SIMPLE DYES AGENTS, JERRY, BROWN & Co., Halifax, N. S.

HORTON ACADEMY.

THE FIRST TERM will commence August 2nd and end Dec. 30th.

Rev. T. A. Higgins A. M., Principal. Rufus Sanford, A. B., Assistant. Teacher of French.

Board, washing, and care of rooms, \$2.25 per week. Room rent, \$1 per quarter. Boarders furnish bedding, light and fuel for their own rooms.

Bills payable quarterly in advance. When payment is delayed the charges will hinder in proportion to the time.

July 14.

MULLOWNEY & DELANEY, DENTISTS,

190 GRANVILLE STREET.

Artificial teeth inserted on whole or partial sets. Aug. 11. 3m.

THE SUN-LIGHT OIL.

THE BEST BURNING OIL IN THE WORLD.

DR. CULVERS' CELEBRATED SUN-LIGHT OIL

IS ONE OF THE GREATEST DISCOVERIES OF THE AGE.

M. WAGNER & CO., SOLE PROPRIETORS FOR THE United States AND

DOMINION OF CANADA.

Sold only by their Authorized Agents.

Costs but 30 cents per gallon to Manufacture, and can be Manufactured anywhere in the United States, or Dominion of Canada.

THIS wonderful Oil, which is about to take the place of Kerosene, and other burning fluids is composed of materials which can be obtained in any country village. Can be made without the aid of machinery, by simply mixing the ingredients together. It has no offensive smell, and is

WARRANTED TO BE NOT EXPLOSIVE.

It burns without any smoke, and gives a softer and far more brilliant light than any other oil now in use, and is only equalled in brilliancy by gas light. The ingredients which compose it are simple and cheap, costing but 30 cents per gallon, at the highest, and can be procured in any city, or country village in the Dominion of Canada.

A gallon of the Oil can be made in five minutes, and a whole barrel in less than half an hour.

Wherever it has been introduced it takes the place of Kerosene and other burning fluids, for the following reasons:

- 1st. Because it does not cost half as much. 2nd. It can be made anywhere, by any person. 3rd. It will never explode. 4th. It will burn in any lamp, with or without a chimney. 5th. It will not smoke the chimney. 6th. It will give no bad odour or offensive smell. 7th. It will not soil clothes if spilled upon them. 8th. It gives a clear and steady light, never flickers, and in softness and brilliancy is only exceeded by gas. 9th. It burns one-fourth longer than the best Kerosene made. 10th. It does not weaken the eyes as Kerosene or coal oil does by continual use. And finally, because it is cheaper and better in every respect than any other oil ever invented.

For lighting stores, hotels, and public places of all kinds, there is no oil that will at all compare with it in cheapness, brilliancy, and safety. For night lamps in hotels, public and private houses, it is invaluable, and can be used in small lamps as well as large ones, without chimney, giving out no smoke or smell, and does not enrust the wick. Although this oil has been before the public but a few months nearly 350,000 families are making and using it. This oil was discovered and first invented in June, 1867, by the great French Chemist and Geologist, the late Dr. S. A. Culver of Paris. We succeeded before his death in obtaining the Patent for the sole right, to manufacture and sell the Oil in the United States and Dominion of Canada.

In order to bring this Oil into universal use throughout the country, we have concluded to sell it only through our Agents.

By this method families can manufacture the Oil themselves, thus getting it at the original cost, and all the profits that would be made by merchants and speculators, is sold through them. The oil can be manufactured any where for 30 cents, and in many places for much less. And while the cost is small, you have a light with which you can always feel safe for it can in no way be made to explode. And the softness and brilliancy of the light, will render cheerful the kitchen, the parlor, and the place of business. It gives a clear and steady light. And one-gallon, with the same lamp, and the same sized glass, will burn six and one quarter hours longer than the best Kerosene. It is certainly,

ONE OF THE GREATEST WONDERS OF THE AGE.

All we ask is, that the public give this Oil a general investigation; that they test its merits and its qualities for themselves, and then finding (as they surely will) that it is laden with results that will be beneficial to all persons, in every city, village, and farm house in our land, we respectfully ask that they lend their influence in our behalf, to aid in, its advancement and circulation. Our authorized Agent for Nova Scotia is now prepared to fill all orders. He will travel through the Province, and we hope that all persons, will aid him in spreading this great boon throughout the land.

JAMES P. NOWLAN, Sole Agent for Nova Scotia. Waymouth, Oct. 25th, 1869. Nov. 3 3m.

ROOT'S SCHOOL FOR THE CABINET ORGAN.

Containing Progressive Lessons, Studies and Scales Songs, Duets, Trios and Quartets, Voluntaries, Interludes and Recreative pieces, for the Parlor and Choir.

A work of established popularity. Annual sale 12,000.

BY GEO. F. ROOT. Price \$2.50. Sent postpaid on receipt of price. OLIVER DITSON & CO., 287 Washington Street, Boston. C. H. DITSON & Co., 711 Broadway, New York. Nov. 3 3m.

IMPROVEMENT IN CABINET ORGANS, PATENTED 1868.

THE MASON & HAMLIN IMPROVED VOX HUMANA

Is a new invention, now ready in several styles of the MASON & HAMLIN ORGANS, to which the manufacturers invite attention, believing that it is likely to prove

The Most Popular Improvement ever made in instruments of this class.

It is now several years since the invention and application to such instruments of the VOX HUMANA, which was first introduced by its inventor to the organs of Mason & Hamlin, was urged to introduce it to the public. In its introduction, and especially considering its liability to be adopted, they were unwilling to adopt it. From their own experiments for its improvement have been the factory of the Mason & Hamlin Organ Co., where, which have at last been entirely successful, the result being the MASON & HAMLIN IMPROVED VOX HUMANA, combining several patents.

In combination with the AUTOCHORD, it SWELL, used only in these organs, wonderfully increases the capacity and beauty of the instrument, imparting delicious qualities of tone, and producing novel and exquisite effects. By adding to its variety and delicacy of sound, and increasing somewhat its power, it has been initiated; and altogether, it is a most valuable addition to the Organists.

It is a most valuable addition to the Organists, and, in addition, it is a most valuable addition to the Organists, and, in addition, it is a most valuable addition to the Organists.
