MIND AND MATTER.-The intimate connection be tween the Brain and Muscles through the Nervous system may be shown by closing the hand, or by any voluntary movement of the body. The involuntary muscles are those which control the Stomach, Liver, Lungs, Heart, etc ; they are also influenced directly by the mind, so that close study, arxiety, grief, irritation, secret excesses, and a host of other excitants acting directly on the brain, disturb the hervous system, and prevent due muscular action in those organs necessary to sustain life. DEATH OF JOHN TORIN, Esq.—The community was startled on Wednesday last by a report that John Tobin Esq., late member of the Legislature for Halifax county, had departed this life. Mr. Tobin had, for some time, been in a very depressed state of mind. He entertained the idea that he was about to suffer great losses and be reduc-ed to poverty, and this preyed on his mind. On Tuesday he was in apparently good health. On Wednesday morning he was found lying dead in his garden, his brains scattered about, and a small rifle, which had been the instrument of death, beside him. An inquest was held on the body in the afternoon by Coroner Jennings, and the following verdict returned :- "That the de- city, have petitioned the City Council, to have ceased John Tobin came to his death on the morn- water pipes extended to the locality. ing of Wednesday, 8th June, in his own garden by a gun shot wound, caused by the accidental discharge of a rifle in his hand, while he was labouring under mental aberration."-Chron.
