THE SARSAPARILLA DIGGERS OF YUCATAN. This conite; Elizabeth, Harrison, Mahone Bay; Fia h, singular set of people are descended from the I yson, Baddeck ; Alert, Humer, Charlottetown singular set of people are descended from the ancient Aztees of Southern Mexico, and still retain some of the peculiarities which Stephens Prescott gave of their ancestors. Dr. J. C. Ayer & Co., employ a small army of them in digging Sarsaparilla root. Provided with norrow spades, a coil of rope, and a bag of water, they are ready for the forest where wild banana furnishes them food, and thick-leaved trees their only shelter. Few of those who find themselves rejuvenated by this product, know how much they are indebted to the toil of the these humble laborers, who dig health for thousands of Doctor Ayer's patrons, while they sometimes lose their own .- Boston Commercial.

Marriages.

At the Baptist Parsonage, Hantsport, Sept. 23 d, by the Rev. J. E. Balcom, Mr. Waliace 1. Daniels of "Castle Frederick," Falmouth, to Miss Rachel Lyons, of the same place.

JOHN P. MOTT'S CHOCOLATE, BROMA

COCOA PREPARATIONS. than a quarter of a century by the most eminent Physicians in British North

110 those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or C ffee, the undersigned offers the above articles,

manufactured by himself. His BROMA, owing to the peculiar process of Manfacture, by which the oil of the nut is completely neutra lize t, while all its virtues are retained, afford a as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as an easily digested and highly nutritious acticle of diet is recognized by the highest medical practition ers to the Dominion, the following

testimonia's am, ly demoastrate. JOHN P. MOTT.

Having tried the Broma made by Mr. John P Mott. of Halifax, N. S. and having been made acquainted with its several ingredients, we are of opinion that it is a combination at once innocent and highly nutritious, not only to persons in bealth, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents' and all who require a mild and strengthening food

Ayer's Cherry Poctoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooling Cough, Brenchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their cathination, as it has become better known. Its willorm character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croups, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it. Asthma is always relieved and often wholly

cured by it. Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

For a Cough and Cold, no better remedy can be had. Take small doses three times a day and put the feet in warm water at night, until the disease is broken up.

For Influenza, when it affects the throat or lungs, take the same course. . For Whooping Cough, give small doses three

or four times a day. For Croup, give large and frequent doses until

the disease is overcome. No family should be without the Cherry Pectoral on hand to protest them, in case of attack, from the above complaints. Its timely use often spares the patient a great amount of suffering and risk, which he would incur by waiting until he could get other aid. Parents, keep it in your houses for the exigencies that arise. Lives dear to you

may be saved by it. So generally are its virtues known, that we need not publish certificates of them here, or do more than assure the public that the best qualities it ever

possessed are strictly maintained. Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
