DR. J. D. DAVIS,

Dear Sir.—A sense of duty, and not the desire of notoriety, impels me to make public the following statement of fact:—

Two years ago I had all the symptoms of Consumption in its advanced stages,—racking coughs, shortness of breath, pain in the lungs, back and shoulders, loss of appetite, and great weakness, being able to sit up only a part of the time. A year ago last winter, I applied to Dr. J. D. Davis, and have been under his treatment the most of the time since. Contrary to the expectations of my friends, I have recovered my health, as those who know me can testify, and do most cheerfully recommend to consumptives a fair trial of Dr. Davis' new treatment of a disease which is one of the most terrible scourges of the human race.

MRS. WILLIAM ALLEN.

I the subscriber do hereby certify that Mrs. Allen is a near neighbor to me, that the statement made by her in the above, I know to be strictly true.

A. C. WHITE.

UPPER PORT LATOUB, Sept. 22, 1869.

DR. JOSEPH D. DAVIS,

Dear Sir.—I take great pleasure in informing you that under your treatment I have received much benefit. In the winter of 1867, when I commenced taking your medicine, I had a bad cough, severe pain in my shoulders, and feared that consumption had claimed me for its victim. I took your medicine for about a year regularly, and since occasionally, and do not hesitate to say that my health is better now than it has been for the last ten years and consider it is owing to your treatment and the blessing of God alone that I am alive to-day, and able to look after my family as usual. Hoping that all who are suffering from lung affections will not fail to try your medicine.

I remain, Dear Sir, Yours Respectfully,

ELEANOR J. PATTERSON.

JOHN P. MOTT'S CHOCOLATE, BROMA, AND OTHER COCOA PREPARATIONS.

Approved of and recommended for more than a quarter of a century by the most eminent Physicians in British North America.

TO those who desire the best productions of Cocoa, free from deleterious substances, unsurpassed in quality, and more nutritious than Tea or Coffee, the undersigned offers the above articles, manufactured by himself.

His BROMA, owing to the peculiar process of Manufacture, by which the oil of the nut is completely neutralized, while all its virtues are retained, affords, as well to the robust as to invalids and those whose digestion is impaired a delicate and salutary beverage. That its value as an easily digested and highly nutritious article of diet is recognized by the highest medical practitioners in the Dominion, the following testimonials amply demonstrate.

JOHN P. MOTT.

Having tried the Broma made by Mr. John P. Mott, of Halifax, N. S., and having been made acquainted with its several ingredients, we are of opinion that it is a combination of once innocent and highly nutritious, not only to persons in health, but also to the weak and debilitated, and that from the facility with which it may be prepared, and the salutary properties of its ingredients, it is a valuable compound, and we cheerfully recommend it to convalescents and all who require a mild and strengthening food.

JUDSON'S SIMPLE DYES FOR THE PEOPLE (REGISTERED.)

Are undoubtedly the most useful article ever offered to the public.

ANYONE CAN USE THEM.

Anything can be dyed with them in a few minutes without soiling the hands. In England "Judson's Dyes" are called "Household Words." Articles of clothing that have been put aside as faded and useless, may be made nearly equal to new, by merely following the simple directions appended to each bottle of Dye.

Names of Colours. Magenta, Mauve, Violet, Scarlet, Green, Blue, Purple, Pink, Crimson, Brown, Canary, Orange, Black, Fec., Lavender, Slate.

PRICE SIXPENCE PER BOTTLE. May be had of druggists and storekeepers throughout the world; or wholesale of DANIEL JUDSON & SON, Southwark St., London. N.B.—A small bottle of colour will dye 12 yards of Bonnet Ribbon.

* See that you get "Judson's" Simple Dyes, the wonderful popularity of which has caused numerous inferior imitations, which are calculated to injure both buyers and sellers.

Ask for our Catalogue of Instructions how to use the Dyes for twenty different purposes.

THE SUN-LIGHT OIL.

THE BEST BURNING OIL IN THE WORLD.

DR. CULVERS' CELEBRATED SUN-LIGHT OIL

IS ONE OF THE GREATEST DISCOVERIES OF THE AGE.

M. WAGNER & CO., SOLE PROPRIETORS

FOR THE United States AND

DOMINION OF CANADA.

Sold only by their Authorized Agents.

Costs but 30 cents per Gallon to Manufacture, and can be Manufactured anywhere in the United States, or Dominion of Canada.

THIS wonderful Oil, which is about to take the place of Kerosene, and other burning fluids is composed of materials which can be obtained in any country village. Can be made without the aid of machinery, by simply mixing the ingredients together. It has no offensive smell, and is WARRANTED TO BE NOT EXPLOSIVE.

It burns without any smoke, and gives a softer and far more brilliant light than any other oil now in use, and is only equalled in brilliancy by gas light. The ingredients which compose it are simple and cheap, costing but 30 cents per gallon, at the highest, and can be procured in any city, or country village in the Dominion of Canada.

A gallon of the Oil can be made in five minutes, and a whole barrel in less than half an hour.

Wherever it has been introduced it takes the place of Kerosene and other burning fluids, for the following reasons:

- 1st. Because it does not cost half as much. 2nd. It can be made anywhere, by any person. 3rd. It will never explode. 4th. It will burn in any lamp, with or without a chimney. 5th. It will not smoke the chimney. 6th. It will give no bad odour or offensive smell. 7th. It will not soil clothes if spilled upon them. 8th. It gives a clear and steady light, never flickers, and in softness and brilliancy is only exceeded by gas. 9th. It burns one-fourth longer than the best Kerosene made. 10th. It does not weaken the eyes as Kerosene or coal oil does by continual use. And finally, because it is cheaper and better in every respect than any other oil ever invented.

For lighting stores, hotels, and public places of all kinds, there is no oil that will at all compare with it in cheapness, brilliancy, and safety. For night lamps in hotels, public and private houses, it is invaluable, and can be used in small lamps as well as large ones, without chimney, giving out no smoke or smell, and does not enourst the wick. Although this oil has been before the public but a few months nearly 350,000 families are making and using it. This celebrated Oil was discovered and first invented in June, 1867, by the great French Chemist and Geologist, the late Dr. S. A. Culver of Paris. We succeeded before his death in obtaining the Patent for the sole right, to manufacture and sell the Oil in the United States and Dominion of Canada.

In order to bring this Oil into universal use throughout the country, we have concluded to sell it only through our Agents.

By this method families can manufacture the Oil themselves, thus getting it at the original cost, and all the profits that would be made by merchants and speculators, it sold through them. The oil can be manufactured anywhere for 30 cents, and in many places for much less. And while the cost is small, you have a light with which you can always feel safe for it can in no way be made to explode. And the softness and brilliancy of the light, will render cheerful the kitchen, the parlor, and the place of business. It gives a clear and steady light. And one gallon, with the same lamp, and the same sized glass, will burn six and one quarter hours longer than the best Kerosene. It is certainly,

ONE OF THE GREATEST WONDERS OF THE AGE.

All we ask is, that the public give this Oil a general investigation; that they test its merits and its qualities for themselves, and then finding (as they surely will) that it is laden with results that will be beneficial to all persons, in every city, village, and farm house in our land, we respectfully ask that they lend their influence in our behalf, to aid in its advancement and circulation. Our authorized Agent for Nova Scotia is now prepared to fill all orders. He will travel through the Province, and we hope that all persons, will aid him in spreading this great boon throughout the land.

JAMES P. NOWLAN, Sole Agent for Nova Scotia.

S. SELDEN,

59 GRANVILLE STREET,

Halifax, N. S. Sept. 8.

DR. JOSEPH D. DAVIS,

HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that

CONSUMPTION,

even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles degenerate and become abortive, and ulceration of the lungs do heal, nearly 30 per cent of the deaths in Nova Scotia, New Brunswick, and the New England States is by

CONSUMPTION.

We know that Peruvian Bark flourishes in a region infested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indian apply the herbs growing in the same country.

The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself.

After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with

CONSUMPTION

an opportunity of testing his skill. He has procured in the United States the finest instruments to enable him to thoroughly diagnosis diseases. The

MICROSCOPE

for testing the impurities of the blood, urine, mucus expectoration of the lungs, etc., etc. The

LARYNSCOPE

for ailments of the throat. The

RHINOSCOPE

for the diseases of the nose. The

APHTHALSCOPE

for the eye. The

OTOSCOPE

for the ear. The

STETHOSCOPE

for the chest, including heart and lungs. By the

Electro Medical Instrument

he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease.

The Dr. intends visiting the various towns and localities below mentioned.
