Hants Co.—To be Issuer of Marriage Licenses at Hantsport.—Asa Davidson in the place of Benjamin Shaw, Esq., deceased.

An evening paper informs us that we are to have some horse-racing on the Common in June next. Seeing that the usual result of such exhibitions are drunkenness, gambling and general disorder, it would be far more creditable for the authorities to forbid them. At least we hope that no public countenance will be given by allowing the use of the Common for the purpose.

WINDSOR.—We learn from the Mail that a very interesting Donation meeting was held in the Baptist Church on Thursday evening last, M. J. Martin in the chair.

The Rev. Mr. Welton the pastor, Rev. Mr. Murdoch and a Rev. gentleman from abroad gave stirring addresses. During the evening the Choir performed several beautiful pieces in their usual attractive style; the most interesting part of the evening's programme was the occasion of presenting to the Pastor a baptismal suit by a young lady representing the class who subscribed it. The address which she read was responded to by the Rev. gentleman with a great deal of earnestness and feeling. Amongst the many usefully articles received we should not forget to mention that of a sewing machine presented to Mrs. Welton by the teacher and scholars of the Young Men's Bible Class. The value of articles received amounted to about Seventy dollars we are told, together with about Eighty dollars in money deposited in an "offerings" box in the hall. (The above was crowded out of our last issue.)

The Newfoundland sealers report about 140,000 seals caught. There are ten steamers engaged in the seal-fisheries.

PRESENTATION.—Rev. Mr. Cary of St. John, was, one day last week, presented with an elegant silver inkstand and a complete set of President Edwards' Works in four volumes, by the young men of his church and congregation. The gift was accompanied with an address, expressive of their attachment to the Pastor.—Intelligencer.

YARMOUTH AND BOSTON.—The steamship Linda has resumed her trips between Yarmouth and Boston, and will be continued on the route during the season.

DAMAGE BY TIDES.—The Windsor Mail reports that the tides last week were very high, and not only did considerable damage to the new dykes, but washed away portions of those under construction in some parts of the country.

The Quarterly Session of the Grand Division, Sons of Temperance, commenced at Bridgetown last evening.

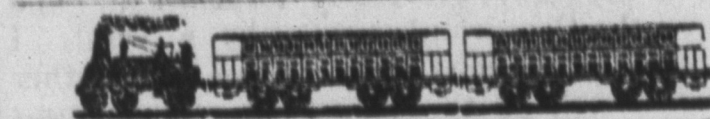

SUICIDE.—Last week a man named George Thomas, for many years a resident of Amherst, committed suicide at Moncton N. B., by taking strichnine.

SALT for fishermen's use is to be admitted duty free, instructions to that effect have been received from Ottawa.

The Express states that Queen Victoria is accused of a leaning towards Catholicism.

"Horse men," and others who pretend to know, say that the following directions had better be observed in using "Sheridan's Cavalry Condition Powders:" Give a horse a table spoonful every night for a week; the same every other night for 4 or 6 nights; the same for a milk cow, and twice as much for an ox. The addition of a little fine salt will be an advantage.

We have heard recently of several severe cases of spinal disease cured by "Johnson's Anodyne Liniment;" one case of a man forty-five years old, who had not done a day's work for four years. The back should first be washed, then rubbed with a course towed. Apply the Liniment cold, and rub in well with the hand.

GEORGE TAYLOR General Superintendent. RAILWAY OFFICE, Halifax, 11th April, 1870. April 20.

SMITH'S AMERICAN ORGANS!

FACILITIES for the production of Musical Instruments consist of

- Well-chosen Materials, Labor-saving Machinery, Musical Knowledge and Experience, Refined Taste in Decoration, Division of Manual Labor, Active Personal Supervision, and Ample Capital.

The Messrs. SMITH believe that their FACILITIES ARE UNEQUALLED, and that their Establishment cannot be surpassed in any of these particulars.

But it is not claimed that the AMERICAN ORGAN is sold at the lowest price, as the manufacturers have no desire to waste their time upon feeble and characterless instruments, nor to furnish a supply of dissatisfactions, even at the low price of \$50 each. Nothing worthy can be produced for such a sum.

BY ANY HOUSE WHATSOEVER. The Messrs. Smith mean to make ONLY the best reed instruments, and they are satisfied that a discriminating public is willing to pay the value of what it gets.

THE AMERICAN ORGAN is elegant in appearance, thoroughly constructed, with powerful and steady bellows, with exquisitely voiced reeds, finely contrasted qualities of tone, and ingenious mechanical contrivances for increase of power and for expression. This excellence is not the result of chance, but follows their well-devised system, so that each Organ is perfect of its kind; there is no more chance for inferior work than in the Springfield Armory.

Every Instrument is Warranted. An elegantly illustrated Circular, containing descriptions and prices, will be sent post-paid, on application. Twenty Years Established! 30,000 in use! GET THE BEST.

S. D. & H. W. SMITH, Boston, Mass. April 20.

DR. JOSEPH D. DAVIS,

HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that

CONSUMPTION, even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles degenerate and become abortive, and ulceration of the lungs do heal, nearly 30 per cent of the deaths in Nova Scotia, New Brunswick, and the New England States is by

CONSUMPTION. We know that Peruvian Bark flourishes in a region infested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indian apply the herbs growing in the same country.

The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself. After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with

CONSUMPTION an opportunity of testing his skill. He has procured in the United States the finest instruments to enable him to thoroughly diagnosis diseases. The

MICROSCOPE for testing the impurities of the blood, urine, mucous expectoration of the lungs, etc., etc. The

LARYSCOPE for ailments of the throat. The

RHINOSCOPE for the diseases of the nose. The

OPHTHALMOSCOPE for the eye. The

OTOSCOPE for the ear. The

STETHOSCOPE for the chest, including heart and lungs. By the

Electro Medical Instrument he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease. The Dr. intends visiting the various towns and localities below mentioned. April 10 to 24 Nov. 10.

ANILINE DYES IN PACKETS.

THESE dyes were introduced into New Brunswick, a few months ago by J. Chaloner, St. John N. B., and being found to work well have been favorably received by the public. They are as follows:

- Magenta or Roseine, Magdala Pink, Crimson, Scarlet, Purple, Blue, Violet, light and deep Yellow, Green, Brown, and Ponceau Scarlet. Green requires pure wool in order to succeed, part cotton flannel won't take it. Most of them dissolve freely in hot water, others have to be first dissolved in a little spirits, and then added to the boiling water. Directions go with each packet. They are very easily used, all required is to dissolve the dye in boiling water, and put in the goods. Iron vessels should not be used, a milk dish well heated previous to the operation is the best. Some of these dyes make good Inks viz: Purple, Violet, Blue; Ponceau makes fine Jelly or Syrup coloring, or Red Ink.

J. CHALONER, Druggist, Inventor of this style of "Aniline" Dyes, Corner of King & Germain Streets, St. John, N. B. March 30. 3m.

HOW TO OBTAIN THE RAMSDELL NORWAY OATS

PURE SEED. We will furnish this seed as the following rates for the present:

- One Peck, \$3.00 One Half Bushel, \$3.50 One Bushel or more, per Bushel \$6.00

Sold by the standard of 32 lbs. to the bushel.

New York, March 3rd, 1870. To the Farmers of Nova Scotia, New Brunswick and Prince Edward Island. This is to certify that we have appointed Mr. Isaac Parish, our agent, for the sale of the RAMSDELL NORWAY OATS. His orders will be filled directly from our best stock and all farmers desiring this seed should communicate with him.

GATES' LIFE OF MAN BITTERS,

FROM THE ROOTS and Plants of Nova Scotia, FORMERLY MANUFACTURED BY

MRS. GATES, OF WILMOT,

WHO was pronounced incurable of Liver Complaint and Dropsy by many skillful physicians; when procuring several receipts from an eminent French physician, she was entirely cured; and afterwards cured hundreds of cases for which at first there seemed to be no hope. We offer these remedies to the public through the persuasion of those who at present consider that they are indebted to them for the preservation of their lives. Many certificates can be given for the cure of the following diseases:—Dropsy, in its worst form; Liver Complaint, Jaundice, Swelling of the Limbs and Face, Asthma, of whatever kind; Dyspepsia, Biliousness, Spitting of Blood, Bronchitis, Sick Headache, Diseases of the Blood, Female Diseases, Running Sores, Rheumatism, Erysipelas.

These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required.

The following certificates describe a few of the astonishing cures which have been made by the use of these remedies:

UNION SQUARE, CORNWALLIS, January 18th, 1870.

CALED GATES, Esq. Dear Sir,—It is with pleasure I send you this Testimony of the effects of your wonderful medicine. I have been troubled with cramp in my stomach as intervals for 8 years, sometimes I thought I would die—last July I had one that came on in the night very severe, and after I had taken one dose it cured me at once. On December 20th, I was attacked with Bilious Cholera and so violent that I thought I was going to die. My friends wanted me to send for a doctor, but I said No go and get me a bottle of Gates' Syrup. They stirred and in one hour after I took the first dose. I was relieved of all my pains. It acted like a charm, I think it a duty I owe you, and also to those who may be attacked similarly to send you this testimony.

Personally appeared the subscriber and maketh out to the contents of the above as correct.

ALBERT BROOKWITZ, J. P. FALMOUTH, March 28th 1870—I hereby certify that I was troubled with severe pain in my right arm, so much that I could not lift it to my head, I suffered great pain, so much, that I was broke off rest at night, I apply to Dr. Gates for relief, he gave me some liniment and a box of ointment, I bathed it twice and felt no pain since, that was in 1868.

ISAAC ELLIOTT. Sworn before me at Falmouth, this 28th day of March, A. D. 1870.

JOHN S. SMITH, J. P.

Apr 6. A large number of certificates, similar to the above, have been received and will be published at times for the information of the afflicted and the people generally.
