GATES' LIFE OF MAN BITTERS,

FROM THE Roots and Plants of Nova Scotia, FORMERLY MANUFACTURED BY MRS. GATES, OF WILMOT,

WHO was pronounced incurable of Liver Complaint and Dropsy by many skillful physicians; when procuring several receipts from an eminent french physician, she was entirely cured; and afterwards cured hundreds of cases for which at first there seemed to be no hope. We offer these remedies to the public through the persuasion of those who at present consider that they are indebted to them for the preservation of their lives. Many certificates can be given for the cure of the following diseases: Jaundice, Swelling of the Limbs and Face, Ascites, of whatever kind; Dyspepsia, Biliaryness, Spitting of Blood, Bronchitis, Sick Headache, Diseases of the Blood Female Diseases, Running Sores, Rheumatism, Erysipelas.

These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required. The following certificates describe a few of the astonishing cures which have been made by the use of these remedies:

Falmouth Oct. 26th 1869.

Dr. Gates. Dear Sir,—In the winter of 1858 my wife was attacked with dropsy affection which threatened a fatal termination, as the best physicians we could obtain failed to afford her any relief, but at last she became so low that they said she might die at any hour. After suffering for many months, she was advised to try your medicine, which she did. And by the blessing of God, was soon cured. She has had her health ever since, and been able to attend to her domestic affairs. The physicians had abandoned the case as hopeless before she tried your medicine, which accomplished what they had failed to do.

I make this statement from a sense of obligation to you and hoping that it may carry valuable information to others similarly affected, and induce them to use the same means of cure. I would also add that your liniment and ointment are a most excellent cure for rheumatism, and it is a real charm for the severest headaches, and also your Plaster is excellent for lame back and side.

This is to certify that I was suffering from weakness and general debility. Having tried many remedies without being benefited, I was induced to try Dr. Gates' Medicine two years ago, and have enjoyed much better health since using them, than for many years before, and can safely recommend them to the public. Mrs. I. F. PALMER. Aylesford, Oct 2nd, 1869.

This is to certify that G. Wheelock, of Nictanz in the County of Annapolis, and province of Nova Scotia, have been afflicted with Liver Complaint and complicated diseases 3 years. Have tried different physicians and medicines of various kinds but found little or no relief until I applied to Mr. Caleb Gates for his medicine. After using it I soon found the disease had yielded under his treatment. I write this for the benefit of others who may be afflicted as I have been. CHRISTIANA WHEELOCK. August 4th, 1866.

A large number of certificates, similar to the above, have been received and will be published at times for the information of the afflicted and the people generally.

DR. JOSEPH D. DAVIS

WOULD inform the public that after thirty years of study, investigation and practical experiment concerning that terrible disease

CONSUMPTION,

And the diseases of the anterior and posterior nares, throat, bronchus, lung, heart, liver, kidneys, and uterus, and twenty years spent in investigating, experimenting and proving, with the medicinal and therapeutic properties of the roots, barks, plants and shrubs, indigenous to Massachusetts, Maine, New Brunswick and Nova Scotia,—he has discovered new remedies, and new modes of treatment, for Consumption, not previously known to Medical Science; and with the large number of cases treated, relieved and cured during the past ten years, in Maine, Massachusetts and in different sections of Nova Scotia, has proved, beyond the shadow of a doubt, that Consumption, very often in its advanced stages, with his medicines and mode of treatment, can be cured.

He has, at great expense, procured from London, Paris, Vienna and the United States, the finest and most delicate instruments to enable him to thoroughly diagnose diseases.

The Microscope for testing the impurities of the blood, urine, mucus expectoration of the lungs, &c., &c.

The Stethoscope for diseases of the chest and lungs.

SHELBURN, April 26, 1870.

DR. JOSEPH D. DAVIS.

Dear Sir: It gives me great pleasure to bear testimony to the wonderful and complete cure you have effected for me, after having suffered the most severe pain, and been unable to work for over two years, besides losing my eyesight. I am now quite restored to health, able to attend to my business, and my eyesight is greatly improved. I attribute this entirely to your medicine, as I had previously consulted many physicians and taken their remedies without any benefit. As you may remember when I first employed you I was at death's door, in the last stage of Consumption, was enormously swollen with dropsy, hardly slept for a fortnight, was extremely weak and no one anticipated my recovery. Should any one doubt this statement I can refer to the Rev. George W. Clark and the Rev. T. Watson Smith, who often visited me during my illness, and are at liberty to make what use you please of this certificate.

Yours very truly, CHRISTIAN R. BOWEN.
