INTERCOLONIAL RAILWAY.

The Commissioners appointed to construct the Intercolonial Railway give Public Notice that they are now prepared to receive tenders for four further Sections of the Line. Section No. 13 will be in the Province of Quebec, and will extend from the Easterly end of Section No. 8 to Station 999, near Mailfuit Lake, about 20 1/2 miles in length. Section No. 14, will be in the Province of Quebec, and will extend from the Easterly end of Section No. 13, to Station 543, a point between the mouth of the River Anquet and the little Matapedia Lake, about 2 1/2 miles in length. Section No. 15 will be in the Province of New Brunswick, and will extend from the Easterly end of Section No. 9 to Station No. 139, a point fully half a mile Easterly from the crossing of the River Nepisiguit—length, twelve one-tenth miles. Section No. 16, will be in the Province of New Brunswick, and will extend from the Easterly end of Section No. 15, to the Westerly end of Section No. 10, about 18 1/2 miles in length. The contracts for the above sections to be completely finished and ready for laying the track by the 1st day of July, 1872.

The Commissioners also give Public notice that having annulled the Contracts for Sections Nos. 3 and 4, they are now prepared to receive tenders for re-letting the same. Section No. 3 is in the Province of New Brunswick and extends from Station No. 370, about two miles South of the Restigouche River to Station No. 190, about 2,000 feet South of Eel River, near Dalhousie, being a distance of about 24 miles. Section No. 4 is in the Province of Nova Scotia, and extends from Station No. 240, on the Amherst Ridge, to Station O, on the Ridge about a mile North of the River Philip, a distance of about 27 miles. The Contracts for sections Nos. 3 and 4 to be completely finished and ready for laying the track by the 1st day of July, 1871.

Plans and Profiles, with specifications and terms of contract, will be exhibited at the Office of the Chief Engineer in Ottawa; and at the offices of the Commissioners in Toronto, Quebec, Rimouski, Dalhousie, Newcaslle, St. John, and Halifax on and after the 19th March next; and Sealed Tenders addressed to the Commissioners of the Intercolonial Railway, and marked "Tenders" will be received at their office in Ottawa, up to 7 o'clock P. M., on Monday, the 4th day of April, 1870.

Surances for the completion of the contract will be required to sign the Tender.

JUDSON'S SIMPLE DYES FOR THE PEOPLE

Are undoubtedly the most useful article ever offered to the public.

ANYONE CAN USE THEM.

Anything can be dyed with them in a few minutes without soiling the hands. In England "Judson's Dyes" are as "Household Words." Articles of clothing that have been put aside as faded and useless, may be made nearly equal to new, by merely following the simple directions appended to each bottle of Dye.

Names of Colours. Magenta, Mauve, Violet, Scarlet, Green, Blue, Purple, Pink, Crimson, Brown, Canary, Orange, Black, Fucc, Lavender, Slate.

PRICE SIXPENCE PER BOTTLE.

May be had of druggists and storekeepers throughout the world; or wholesale of DANIEL JUDSON & SON, Southwark St. London, N.B.—A small bottle of colour will dye 12 yards of Bonnet Ribbon.

* See that you get "Judson's" Simple Dyes, the wonderful popularity of which has caused numerous inferior imitations, which are calculated to injure both buyers and sellers. Ask for our Catalogue of Instructions how to use the Dyes for twenty different purposes.

THE MASON & HAMLIN CABINET ORGANS

ARE THE BEST. As proved by the almost universal preference of musicians; the uniform award to them of highest premiums at Industrial Exhibitions, including the Paris Exposition, and a demand for them far exceeding that for any other instruments of the class.

PRICES REDUCED. The great demand for these celebrated instruments has enabled their manufacturers to so greatly increase their facilities for manufacture that they now offer them at prices of inferior work. Five Octave Organs, and Five Stops, Trisulcant and Knee Swell and the Mason & Hamlin Improvements, found in no other Organs, \$125. Other styles in proportion.

A Testimony Circular, with the testimony in full to the superiority of these Organs, from a majority of the most eminent musicians in this country and many in Europe; also an Illustrated and Descriptive Circular, with correct drawings, descriptions and prices, will be sent free of all expense to every applicant. Any one having any idea of buying an instrument of any kind, should at least send for these circulars which will cost him nothing and contain much useful information. Address THE MASON & HAMLIN ORGAN Co., 154 Tremont St., Boston, or 596 Broadway, New York.

DR. JOSEPH D. DAVIS,

HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that CONSUMPTION,

even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles degenerate and become abortive, and ulceration of the lungs do heal, nearly 30 per cent of the deaths in Nova Scotia; New Brunswick, and the New England States is by CONSUMPTION.

We know that Peruvian Bark flourishes in a region infested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indians apply the herbs growing in the same country. The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself. After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with CONSUMPTION

an opportunity of testing his skill. He has secured in the United States the finest Microscope to enable him to thoroughly diagnosis disease. MICROSCOPE for testing the impurities of the blood, urine, mucus expectoration of the lungs, etc., etc. The RHINOSCOPE for ailments of the throat. The RHINOSCOPE for the diseases of the nose. The APHTHALSCOPE for the eye. The OTOSCOPE for the ear. The STETHOSCOPE for the chest, including heart and lungs. By the Electro Medical Instrument he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease.

The Dr. intends visiting the various towns and localities below mentioned. Halifax, Windsor, Hantsport, Lower Horton, Wolfville, Canning, Kentville, Berwick, Bridgetown, Nov. 10. Feb. 8 to 1-Mar. March 8 to 15. 15 to 19. 19 to 23. 23 to 27. April 2 to 6. 6 to 10. 10 to 24.

IMPORTANT.

YARMOUTH, Sept. 29th, 1869. DR. J. D. DAVIS,— Dear Sir,—A sense of duty, and not the desire of notoriety, impels me to make public the following statement of fact:—

"Two years ago I had all the symptoms of Consumption in its advanced stages,—racking coughs, shortness of breath, pain in the lungs, back and shoulders, loss of appetite, and great weakness, being able to sit up only a part of the time. A year ago last winter, I applied to Dr. J. D. Davis, and have been under his treatment the most of the time since. Contrary to the expectations of my friends, I have recovered my health, as those who know me can testify, and do most cheerfully recommend to consumptives a fair trial of Dr. Davis' new treatment of a disease which is one of the most terrible scourges of the human race. MRS. WILLIAM ALLEN.

I the subscriber do hereby certify that Mrs. Allen is a near neighbor to me, that the statement made by her in the above, I know to be strictly true. A. C. WHITE.

UPPER PORT LATOUR, Sept. 22, 1869. DR. JOSEPH D. DAVIS,— Dear Sir,—I take great pleasure in informing you that under your treatment, I have received much benefit. In the winter of 1867, when I commenced taking your medicine, I had a bad cough, severe pain in my shoulders, and feared that consumption had claimed me for its victim. I took your medicine for about a year regularly, and since occasionally, and do not hesitate to say that my health is better now than it has been for the last ten years and consider it is owing to your treatment and the blessing of God alone that I am alive to-day, and able to look after my family as usual. Hoping that all who are suffering from lung affections will not fail to try your medicine. I remain, Dear Sir, Yours Respectful v. ELEANOR J. PATTERSON.

NEW MUSIC BOOKS.

To do to others as I would that they should do to me. I will make me honest, kind and good, as children ought to be. Prof. Linton is prepared to give lessons in practical teaching. Young men who are desirous of becoming singing Teachers, will please address him at Halifax, N. S. Nov. 24.

NEW GROCERY ESTABLISHMENT.

A. C. CROWE & CO.,

WHILE returning thanks to their numerous customers for the patronage extended since their commencement of business in Gerrish Street, beg to inform the public that they have taken the well-known premises in ARGYLE STREET, opposite the Colonial Market, (formerly occupied by H. Wetherby,) where they intend to keep on hand an extensive stock of—

FAMILY AND GENERAL GROCERIES,

comprising everything usually found in a first-class establishment. By selling nothing but good articles, and careful attention to the orders of their customers, they hope to receive a share of public patronage. Country Produce taken in exchange for goods. The business in Gerrish Street will be continued as usual. Goods delivered in any part of the city, free of charge. N. W. 3m. (Truro Mirror Im.)

It is now several years since the invention and application to such instruments of the VOX HUMANA, which was first applied by its inventor, the organs of Mason & Hamlin, who were the first to see it to the public. In its then improved form, especially considering its liability to become out of tune, they were unwilling to adopt it. Since, however, continuous experiments for its improvement have been made in the factory of the Mason & Hamlin Organ Company, and elsewhere, it has been eminently successful. The MASON & HAMLIN IMPROVED VOX HUMANA, combining several patents in connection with the AUTOMATIC BELLOWS SWELL, USED ONLY IN THESE ORGANS, it wonderfully increases the capacity and beauty of the instrument, imparts a delicious quality of tone, and producing a soft and sweet effect; especially adding to its volume, resonance, and increasing to some extent the brilliancy of several of the orchestral organs. The effect is fascinating. It is simple in construction, free from liability to get out of order, and requires no additional skill for its use, being operated by the ordinary action of the bellows, requiring no separate pedal. Dec. 8.
