

five miles. After some strong expression of opinion from members, the Minister of Justice was understood to say, that this would be treated as a detail of the Bill, open for further consideration. A moment's reflection will convince any one of the importance of the point. For in the first place the Bill settles the title of all occupiers of land within the limits of the new Province. Then it gives the right of representation in the Legislature, and of acting for members of the new Assembly. It confers a bonus of one million two hundred thousand acres of land, within the limits, upon the present population of half breeds, and their children, as a kind of indemnity, it is said, for the Indian right, supposed never to have been extinguished. Then again the population within the limits, have the eighty cents per head, and a further sum of twenty thousand dollars annually as the interest of a sum supposed to be a rateable relation to the debts of the other Provinces - in all \$51,000. From all these advantages it is proposed by the Bill to exclude the Portage Settlements, who are to remain inhabitants of the territory, without a kind of cast off branch of the family. But this will probably be amended on reconsideration, although the supposition is, that Bishop Tache is strongly opposed to the idea of allowing this large section of Protestants, any voice in the local affairs of the Country. With this settlement excluded, the Roman Catholics would be in the ascendancy it is said, as regular members; with it included, they will clearly be in the minority. The Portage people have steadily and successfully resisted the Hudson Bay Company's rule, and have pertinaciously refused all allegiance up to the present hour. Many think that Judge Black, and other of the Company's employees if they have not stooped to take a little sweet revenge upon the obstinates of the Portage, have not thrown their weight as they might have done into the scale, that would have included them within the new Province.

There is to be by the Bill a House of Assembly, and a Legislative Council, as in the older Provinces. But this will be debated as many persons think it almost a burlesque, to erect such a fabric and so expensive for the government of £12 or £14,000 at a place like Red River.

Religious.

ST. MARY'S BAY.—The work of the Lord is still progressing here, Bro. Aaron Cogswell, after taking some four or five days to see his family returned according to promise, and has been laboring the past week in the South Range in connection with this church, but not without success. Last Lord's day, ten willing converts followed the Saviour in the ordinance of Baptism, which was administered at the Lake in the settlement, because there was much water there; all of them were young; persons with the exception of an old man who had been brought up in the Roman Catholic faith, but had great peace in believing in the Lord Jesus Christ.

The occasion was deeply interesting, and was witnessed by a large concourse of people, such as has not been before seen in that region of country. The place of preaching proved too small to accommodate the people, Mr. A. A. Porter, Jr. kindly consented to have the Services held in a Grove near by his dwelling, when two sermons were delivered by the brother referred to, and doubtless will prove a savour of life unto life, to many precious souls.

In the evening a prayer meeting was held in a private house, and another, a young woman was brought into the glorious liberty of the children of God.

And still the work goes on in spite of hatred and misrepresentation. We rejoice that the work is the Lord's and that it will prosper in His hands. "The winter is past, the time of the singing of birds is come, and the voice of the turtle is heard in our land."

RIVER PHILIP, CUMBERLAND.—Dear Editor,—Since my last report of the work of God in this part of his vineyard we have enjoyed much of power of the Spirit in convincing of sin, of righteousness, and of judgment to come. It has been our happy privilege to repair to the water to administer the Ordinance of Baptism to converts seeking the footsteps of Christ. April the 17th, and 24th I baptised eight at East Branch. There is a glorious work in Mount Pleasant. Rev. E. B. Corey who was appointed by the Cumberland County Quarterly Meeting on a mission to that place has baptised some 15 persons. Others are enquiring what they must do to be saved.

The harvest truly is great but the labourers are few.

Yours truly, E. U. COREY.

RAWDON.—Although the Baptist Church here, has, for some time past, been without a pastor, and has depended on the visits of ministers from other places, yet there has been quite a revival of interest in the neighbourhood within the past few weeks. Mr. Cahoon a licensed preacher,

and one of the students of Acadia College, has paid them several visits, and acceptably labored with the church. On Saturday last the Rev. J. E. Goucher visited the Rawdon Church, and on Lord's Day preached, and baptised eighteen converts. We understand that the Rev. Geo. Wethers was also present and rendered assistance.

HALIFAX.—On Lord's Day Rev. Dr. Cramp preached in Granville Street Church, in the morning and in the North Church in the evening. Rev. E. M. Saunders preached in the North Church in the morning.

NEWCASTLE, MIRAMICHI.—Rev. Edward Hickson writes, May 10th, "Twenty members have been added to our churches here this Spring; seven-teen of these were added to Little South West Church by baptism."

SOUTH YARMOUTH, Rev. J. A. Moore writes: May 10th.—Dear Brother.—The Lord has been pleased to show us some tokens of good, I have found by letter making fourteen in all, others are looking forward to the Church.

NORTH SYDNEY.—Rev. T. H. Porter, writes: May 9th. "I baptised another yesterday the fruit of the precious work still in progress here."

May 16.—Gold opened at 114.

CHICAGO, May 14th.—The report relative to concentration of Fenians at Duluth, is confirmed by the Newspapers published at that point. St. Paul Press has news of mustering of men from various parts of Minnesota, and that one party is now en-route to Red River overland. There is now at St. Paul a Fenian force of about 300 waiting arrangements for transportation and subsistence before commencing to march to Red River. They will probably proceed by usual mail route but may possibly go to Fort Williams to oppose landing of Canadian Expedition.
