

to provide like accommodation for themselves and their children. The choir notwithstanding the disadvantages of being in a new place rendered several anthems in excellent taste before and at the close of the services. The singing during the day was largely participated in by the congregation; the organ and choir assisting to combine all the voices and make them as of one heart and one voice glorifying God.

The London Baptist Missionary Society, have made a very profitable exchange of their former Mission House and premises in Moorgate Street, for a new building which they have erected in Castle Street. They have saved by the transaction, we believe, nearly two thousand pounds. The Freeman says of the new House which was opened last month:—

"The site of the New Mission House is neither commanding nor attractive. Castle Street does not compare favourably with Moorgate Street. It is however, central and convenient, being easy of access, and within five minutes' walk of several leading thoroughfares. The building is all that could be desired. Never before has the denomination possessed so commodious a home. All the societies can be accommodated under its roof, and the large hall contains ample accommodation for some three hundred people. Were the house 'set upon a hill,' its architectural excellencies would be acknowledged by all. As it is, the architects deserve high praise for the manner in which they have made the useful ornamental. Messrs. Searle & Son have succeeded in the difficult task of building a house which satisfies all parties. Artistic skill, thoroughness in working details, and an evident regard to every day and even occasional requirements, combine to make the New Mission House everything Baptists can wish."

REV. W. GEORGE.—Mr. H. Morrow informs us that he has "just received a letter from Boston, saying that Mr. George arrived at Madras, April 29th, an unusually quick passage.

Rev. John McDonald, A. B., who left Uigg, P. E. I., last autumn, in a delicate state of health is now in Tremont, Nebraska. He is able to preach every Sabbath, and his health is much improved."

We have omitted before to notice the contents of the Baptist Quarterly for April. It is an excellent number and fully up to the high character this periodical has secured for itself. The following is its table of Contents:

- 1. Greek Text of the Apocalypse; by Thomas J. Conant, D. D., Brooklyn, N. Y. 2. The Malay Archipelago; by Prof. Heman Lincoln, D. D., Newton Centre, Mass. 3. The Temptation of Jesus; by Rev. E. C. LORD CECIL and other "Plymouth Brethren" are in Halifax. They preached on the Parade on Sunday last, and on Monday evening till near 10 o'clock. These visitors propose to continue their out-door-preaching in this city.

It is often remarked by strangers visiting our State, that we show a larger proportion of good horses, than any other State in the Union, this we tell them, is owing to two principal reasons. In the first place, we breed from the very best stock; and in the second place our people use Sheridan's Cavalry Condition Powders which in our judgement, are of incalculable advantage.

Cures LIVER COMPLAINT, DYSPEPSIA, ACIDITY of the STOMACH, DEBILITY and PAIN in the BACK, RESTORES the VITAL ENERGIES, when exhausted, braces up both the Nervous and Muscular System, PURIFIES the BLOOD; and Restores the Appetite. Particular attention is called to the fact that

PERUVIAN BITTERS

This BITTERS is not sold as a specific for every disease, but in cases of GENERAL DEBILITY and its effects, such as Dyspepsia, Loss of Appetite, Weakness of the small of the Back, Weak Memory, Indisposition for Exertion, Sense of Fullness after Eating, &c., caused by anxiety over exertion, mental or bodily, late hours, and excesses of every kind, it has no equal.

Although these BITTERS contain no Alcohol, they will most effectually wear the taste from Stimulants and enable the system to dispense with them at once.

The proprietor, although averse to the practice of putting any medicine, feels it his duty to give publicity to the following certificates—Hundreds could be added, but such names as Dr. How, Professor of Chemistry at King's College; Capt. Hardy, R. A.; Mr. Solomon, Lunenburg; and Dudley de Chair, Esq. Halifax, will be sufficient to establish its reputation as a reliable and valuable medicine.

DR. DAVIS'S MEDICINE'S.

Liverpool, October 27, 1867.

Early in the Spring of 1861, I with others of the family, had Diphtheria, I got over the Diphtheria, as the rest of the family did; but after that, Consumption took hold of me, I grew worse all summer till the month of December, when my physician told my mother that he could do no more for me, I hourly expected to die. My grave clothes were prepared. I was so weak that I could not raise my hand to my head, I was nothing but skin and bones. I had a very bad cough raised a great deal of corruption; my chest had hectic spots in them by spells. I had no appetite, I expected to die, when Dr. Davis was called. I heard my friends say that they thought I should die that night. In one week after I commenced trying Dr. Davis's medicine, my cough and my appetite were better—in two weeks very much so—and I got a good appetite in four weeks. I did not cough any more, and my mother said I ate sharply all I could get. I gained strength and flesh very fast; and before spring I was as well as ever, and have been well ever since; and have worked hard most of the time since. I am now in Liverpool, N. S., well and hearty, and ready to testify to the above.

SOPHRONIA HARDING.

OHIO near SHELburne, N. S. 167.

To DR. JOSEPH D. DAVIS—DEAR SIR:—I long since thought of writing you as I promised, thanking you for your kindness to me during my illness at Locke's Island in 1852. Had it not have been for your skilful medical treatment at that time, I certainly should have died. Consumption had laid its fatal grasp upon me; for weeks I was in the greatest distress, not able for days to lie down, and continually raising and coughing. I thought that no power on earth could cure me, but through your Homoeopathic treatment, and the interposition of a kind Providence I am fully restored to health and have for the last three years been able to attend to my household duties, and am comparatively in perfect health. Wishing you every success and the blessing of God.

I remain yours truly, BERTHA DOWERS.

LIVERPOOL, N. S., December 2nd, 1867.

I feel it a duty I owe to suffering humanity, to make public that I have been cured of the consumption by Dr. Joseph D. Davis' treatment, after trying other doctors and other medicine. In the winter of 1852 I was taken with a bad cough, pain in my side and chest, with occasionally spitting of blood; bad pain through my shoulders and back. I lost flesh very pale and weak, short breasted; feelings which none but consumptives know. I and my friends thought that Consumption had indeed laid its fatal grasp upon me. I put myself under Dr. J. D. Davis' treatment, and in a few months was cured have been well ever since, and never enjoyed better health than the past summer. I would advise all consumptives to apply immediately to Dr. Davis, for I am confident you will never regret it. It is useless for me to say more. Try the Homoeopathic or Dr. Davis treatment for yourselves.

ANNIE HOGG. We, the parents of Annie Hogg, fully concur in the above statement.

E. M. CHESLEY, BENJ. CHESLEY.

YARMOUTH, Sept. 29th, 1869.

DR. J. D. DAVIS.—Dear Sir.—A sense of duty, and not the desire of notoriety, impels me to make public the following statements of facts:—Two years ago I had all the symptoms of consumption in its advanced stages,—racking coughs, shortness of breath, pain in the lungs, back and shoulders, loss of appetite, and great weakness, being able to sit up only a part of the time. A year ago last winter, I applied to Dr. J. D. Davis, and have been under his treatment the most of the time since. Contrary to the expectations of my friends, I have recovered my health as those who know me can testify, and do most cheerfully recommend to consumptives a fair trial of Dr. Davis' new treatment of a disease which is one of the most terrible scourges of the human race.

MRS. WILLIAM ALLEN. I the subscriber do hereby certify that Mrs. Allen is a near neighbor to me, that the statement made by her in the above, I know to be strictly true.

A. C. WHITE.

UPPER PORT LATOUR, Sept. 22, 1867.

R. JOSEPH D. DAVIS.—Dear Sir,—I take great pleasure in informing you that under your treatment I have received much benefit. In the winter of 1867, when I commenced taking your medicine, I had a bad cough, severe pain in my shoulders, and feared that consumption had claimed me for its victim. I took your medicine for about a year regularly, and since occasionally, and do not hesitate to say that my health is better now than it has been for the last ten years, and consider it is owing to your treatment and the blessing of God alone that I am alive to day, and able to look after my family as usual. Hoping that all who are suffering from lung affections will not fail to try your medicine.

Yours Respectfully, ELEANOR J. PATTERSON.
