Seeing the eff et and realizing the comfort from rived the greatest benefit theretrom. he result of my son's case, I was no longer an unbe liever, my faith in your medicines gre # stronger than ever and being almost unable to perform any manual labor at the time, owing to repeated attacks of billious complaint, of which you are aware, I re ceived some of your excellent preparations, tried them and was in a short time restored to perfect health, well able to perform bodily labor; a good appetite, so much so that now my food tastes to me so sweet and passes off so freely as it, did in my boyish days, when youthful vigor knows no care, and the effects of hard labor passed away disregarded; I thought that the days of youth had returned. Therefore I could not see any reason why the glad tidi: gs should not be published for the benefit of my fellow men whereby many a life may be polonged. Tue members of my family also received much benefit from your medicines. You are very welcome to this statement of facts, hoping they may be the means of doing good to many others, attended with the blessing of a kind Providence for which I feel grateful

Yours truly, JAMES PHINNEY. Wilmot Co. Annapolis, Oct. 29, 1857.

Granville, Annapolis County, N. S.

Mr. Caleb Cates-The leading facts of my case are as follows:-I was troubled with a pain in my left side for several years back, and tried some preparations which failed to do any good, I took a trip to New York about four years ago; grew worse after my arrival there; felt a violent pain in my forehead and directly above my eyes so that I could scarcely open them for a time then I applied to a doctor, who informed me that I had a combination of diseases, viz -liver complaint, heart disease, pains in the back and shoulders and jaundice; he said he could cure me, and gave me some medicines; also a plaster to wera on my side. I thought I felt somewhat better foral while but after arriving at Halifax, grew worse than ever. I left that place and came home; my friends said that I was too far gone to last much longer The doctors here advised me to discontinue using the medicines I had been taking, my knee joints and other parts of my body feeling very weak; they gave me tincture of iron, but it did me but little good; at length I gave you a brief explanation of my condition, asking if your remedies would do me any good; the answer was try them if you wish to do so. I took several quarts of your bitters and invigorating syrup and applied some vegetable plaster, and got great relief in a short time; kept gaining in strength and health and my appetits has been good ever since so that I can do a good day's work and travel around as well as ever. In fact, my s stem is so

Yours Respectfully, JOHN BOHAKER. A large number of certificates, similar to A HEAD MASTER for the Queen's County the above, have been received and will be published at times for the information of the afflicted and the

regular of late that I need no common purgatives.

The cure is an astonishing one even to mysel, there-

fore after taking a view of the deplorable condition

I was in I considered it a duty which I owe to you

and my fellowmen to give the above statement, in

order that it may be made public for the benefit of

suffering humanity.

SEASON OF 1870-1.

MASON & HAMLIN CABINET ORGANS I portant Improvements. Patented June 21 & Aug. 23, 1870. REDUCTION OF PRICES.

THE MASON & HAMLIN ORGAN CO. have the pleasure of announcing IMPORTANT IMPROVE-MENTS in their Cabi et Organs, for which patents were granted them in June and August last. These are not merely meretricious attachments, but enhance the sabstantial excellence of the instrumente.

They are also enabled, by increased facilities for manufacture-to make, from this date, a FURTHER REDUCTION OF PRICES on several leading styles. Having completed and added to their former facilities a LARGE NEW MANUFACTURY they

hope hereafter to supply all orders promptly. The Cabinet Organs made by this Company are of such universal reputation, not only throughout America, but also in Europe, that few will need a surance of their superiority. For years the Company have been unable to supply the constantly increasing demand for their instruments, being always largely behind orders, though producing about twice the amount of work of any other maker of instruments of the class This extraordinary demand is evidence that they have been successful in carrying into effect two rules which it is their purpose to adhere to tigidly, so that they may be said to be principles of their business There are :

1. To make the very best work, and only the best; availing themselves of the best results of inventive genius, every improvement, whatever effected, and every facility which highest skill, ample experience and liberal use of abundant means can command.

2 To sell always at the lowest possible prices, reserving to themserves the least remanerative profit. As cost of production is diminished, prices are reduced, a d they always print their lowest prices, which are therefore subject to no discount. The extent of their business and enormous numbers of Cabinet Organs which they now have occasion to produce, enables them to employ various machinery, and a division of labor which would not be possible in a smaller business. They are thus enabled to make the present reducation in prices, and to sell their work at even less than the prices commonly demanded i r inferior instruments and less than the cost of production without such extraordinary facil-

They now offer FOUR OCTAVE CARINET OR-GANS, in quite plain cases, but equal according to their capacity to anything they make, for \$50 each. The SAME, DOUBLE REED, \$55. FIVE OCTAVE DOUBLE REED ORGANS, FIVE STOPS, with Knee swell and Tremulant, in elegant case, with several of the mason & Hamlin improvements, \$125. The same, extra, with new Vox Humana, Automatic Swell, &c., \$160. The SAME RESONANT CASE, with new improvement, \$200 FIVE OCTAVES TITREE SETTS REEDS, SEVEN STOPS with EU-EPHON, a splendid instrument, \$125 TWO MANU-EL CABINET ORGANS, FOUR FULL SETS OF REEDS, NINE STOPS, \$375. THE SAME, RE-SONANT CASE, with the n w improvements, the finest instrument of the class made \$425. &c., &c., Many other styles in proportion

A NEW ILLUSTRATED CATALOGUE, with full information, and reduced prices. is now ready, and will be sent free, with TESTIMONIAL CIR. CULAR, presenting a great mass of evidence as to the superiority of these instruments, to any one sending his address to the MASON & HAMLIN URGAN CO., 154 Tremont Street, Boston, or 596 Broadway, New York.
