DR. JOSEPH D. DAVIS WOULD inform the public that after thirty years of study, investigation and practical experimenting concerning that terrible disease CONSUMPTION,

And the diseases of the anterior and posterior nares, throat, bronchia, lung, heart, liver, kidneys and uterus, and twenty years spent in investigating, experimenting and proving, with the medicinal and therapeutic properties of the roots, barks, plants and shrubs, indigenous to Massachusetts, Maine, New Brunswick and Nova Scotia,—he has discovered new remedies, and new modes of treatment, for Consumption, not previously known to Medical Science; and with the large number of cases treated, relieved and cured during the past ten years, in Maine, Massachusetts, and in different sections of Nova Scotia, has proved, beyond the shadow of a doubt, that Consumption, very often in its advanced stages, with its medicines and mode of treatment, can be cured. He has, at great expense, procured from London, Paris, Vienna and the United States, the finest and most delicate instruments to enable him to thoroughly diagnose diseases.

The MICROSCOPE for testing the impurities of the blood, urine, mucous expectoration of the lungs, &c., &c. The STETHOSCOPE for diseases of the chest and lungs. The SPYINGSCOPE for estimating the force and character of the pulse. The LARYNGOSCOPE for ailments of the throat. The RHINOSCOPE for diseases of the nasal passages. The OPHTHALMOSCOPE for the eye. The OTOSCOPE for the ear. The ENDOSCOPE for uterine investigations. The SPYINGSCOPE for ascertaining the action and the diseases of the heart. SHELBURNE, April 26, 1870.

DR. JOSEPH D. DAVIS,— Dear Sir: It gives me great pleasure to bear testimony to the wonderful and complete cure your medicines and treatment have effected for me, after having suffered the most severe pain, and been unable to work for over two years, besides losing my eyesight. I am now quite restored to health, able to attend to my business and my eyesight is greatly improved. I attribute this entirely to your medicine, as I had previously consulted many physicians and taken their remedies without any benefit. As you may remember when I first employed you I was at death's door, in the last stage of Consumption, was enormously swelled with dropsy, hardly slept for a fortnight, was extremely weak and no one anticipated my recovery. Should any one doubt this statement I can refer to the Rev. George W. Clark and the Rev. T. Watson Smith, who often visited me during my illness, and you are at liberty to make what use you please of this certificate. Yours very truly, CHRISTIAN R. BOWEN. June 23, 1870. July 6.

GATES' LIFE OF MAN BITTERS, FROM THE ROOTS AND PLANTS OF NOVA SCOTIA, FORMERLY MANUFACTURED BY MRS. GATES, OF WILMOT.

WHO was pronounced incurable of Liver Complaint and Dropsy by many skilful physicians; when procuring several receipts from an eminent French physician, she was entirely cured; and afterwards cured hundreds of cases for which at first there seemed to be no hope. We offer these remedies to the public through the persuasion of those who at present consider that they are indebted to them for the preservation of their lives. Many certificates can be given for the cure of the following diseases:—Dropsy, in its worst form; Liver Complaint, Jaundice, Swelling of the Limbs and Face, Asthma, of whatever kind; Dyspepsia, Bilioueness, Spitting of Blood, Bronchitis, Sick Headache, Diseases of the Blood, Female Diseases, Running Sores, Rheumatism, Erysipelas. These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required. The following certificates describe a few of the astonishing cures which have been made by the use of these remedies: FALMOUTH VILLAGE, March 25th, 1870.

DR. GATES. Dear Sir,—I have much pleasure in giving my testimony in favor of your valuable medicines. In the summer of 1868 my health was very poor for a long time—caused by impure blood and disease in consequence, I found I was daily getting worse, and was recommended to try your medicine—I did so and am happy to say it had the desired effect. I have enjoyed excellent health ever since. My wife has also taken it with great satisfaction. Yours very respectfully, JAMES WOLFE. Sworn before me at Falmouth, this 25th day of March, A. D., 1870. JOHN S. SMITH, J. P. CLARENCO, May 19, 1869.

This is to certify that in the spring of Eighteen Hundred and Sixty Eight I was troubled with an infectious disease on my lungs, so much so that I was unable to speak above a whisper; by taking a few doses of Mr. Caleb Gates' Invigorating Syrup I was restored to perfect speech, in the short time of three days from the first dose. This I am prepared to go before a Justice of the Peace and certify to the above. ALBERT W. STONE. A large number of certificates, similar to the above, have been received and will be published at times for the information of the afflicted and the people generally.

EAGAR'S Peruvian Bitters!

COMPOUND Of Peruvian Bark, Sarsaparilla, Dandelion, Wild Cherry, and other valuable remedies.

AN EXCELLENT TONIC, APPETIZER, AND STIMULANT. Cures LIVER COMPLAINT, DYSPEPSIA, ACIDITY of the STOMACH, DEBILITY and PAIN in the BACK, RESTORES the VITAL ENERGIES, when exhausted, braces up both the Nervous and Muscular System, PURIFIES the BLOOD, and Restores the Appetite. Particular attention is called to the fact that the

PERUVIAN BITTERS are not an Alcoholic preparation, but simply a scientific combination of valuable Roots and Barks, which purifies the Blood and restores the waste, thereby bracing up both the Nervous and Muscular Systems, and giving that permanent HEALTH, STRENGTH and VIGOR, both of mind and body which nature intended man should possess. This BITTERS is not sold as a specific for every disease, but in cases of GENERAL DEBILITY and its effects, such as Dyspepsia, Loss of Appetite, Weakness of the small of the Back, Weak Memory, Indisposition for Exertion, Sense of Fullness after Eating, &c. caused by anxiety over exertion, mental or bodily, late hours, and excesses of every kind, it has no equal. Although these BITTERS contain no Alcohol, they will most effectually wear the taste from Stimulants and enable the system to dispense with them at once.

The proprietor, although averse to the practice of puffing any medicine, feels it his duty to give publicity to the following certificates.—Hundreds could be added, but such names as Dr. How, Professor of Chemistry at King's College; Capt. Hardy, R. A.; Mr. Solomon, Lunenburg; and Dudley de Chair, Esq. Halifax, will be sufficient to establish its reputation as a reliable and valuable medicine.
