

of the Legislature to the youth of our Province.

As the judicious extension of our Railways must be of incalculable advantage to our Province I sincerely hope that the liberal facilities you have offered for that important object will secure the completion of the contemplated lines at an early day.

Whatever may be our difference of opinion, we will find that the duties of public as well as of social life may be faithfully performed with a strict regard to the courtesy and mutual forbearance which lighten the burdens incident to life, and which invariably indicate the advancement of civilization and christianity.

On Monday evening of last week a boy named James Gleason was accidentally drowned in a pond in St. John.

On Saturday night a section man named Cook, employed on the New Brunswick and Canada Railway, was run over by a train and killed.

DESERTERS CAPTURED.—The St. Croix "Courier" says that "on Monday morning, two soldiers, named Bennet and Stewart, servants of two officers of the 78th Highlanders, now stationed in St. John, stole their respective officers' clothing and hastily started for Fairville, where they took the train for St. Stephen." They were arrested at the latter place.

ENGLAND.—London. The royal assent has been given to the bills for the Enforcement of the laws and the preservation of peace in Ireland, and to the Coinage and Minting Bill.

On Monday last, Mr. Gladstone said that he thought no compensation was due the widow of Mr. Gordon, who was executed in Jamaica.

The Prince of Wales presided at a meeting of the Society of Arts to organize an educational department and make arrangements for several exhibitions next year. The Prince spoke warmly in favor of the objects proposed by the Society.

Despatches from Calcutta state that the Earl of Mayo, Governor General of India, is making a tour of the cotton growing districts of the country, and urging upon the people the necessity of increased cultivation of cotton, in order to compete successfully with the United States.

April 5.—It is predicted that in the forthcoming budget the income tax will be reduced to 4d. The duties on sugar will be equalized, alterations will be made in brewers' licenses, and newspapers; tea and coffee duties will be left untouched, and a million pounds sterling will be kept in hand for special purposes.

In the House of Commons on Tuesday last, Mr. Taylor, member for Leicester, asked leave to introduce a Bill, providing for the payment of the members of Parliament. Mr. Gladstone regretted the inability of poor men to serve in the House of Commons. He ardently wished to see representatives of the working classes present, hence he had approved of the Bill to reduce the expenses of parliamentary elections. Leave to bring in the Bill was refused by a majority of 187.

The Times of Wednesday last in an editorial on the "Onedia" disaster, says, according to evidence, it is unable to acquit the Captain of the "Bombay" or blame the American Government and people for their deep resentment.

The "Carleton" from Greenock for Quebec foundered at sea. Two of her three boats containing the crew, have reached the North coast of Ireland. The third boat has not yet been heard of.

April 8th.—Mr. Inman prints a letter in which he expresses his belief that the steamship City of Boston collided with one of the icebergs, so numerous to the North East of Cape Race, and went down when only two or three days out from Halifax.

The paper makers in the North of England held a meeting at Manchester on Friday last, and agreed to advance the price of all kinds of paper ten per cent, owing to the dearth of rags. Elaborate preparations are being made in England, for taking scientific observations of the next eclipse of the sun.

April 11.—The "Pall Mall Gazette" urges the instant despatches of a frigate to the fisheries, to watch American war steamers there.

FRANCE, Paris.—April 6.—There was an exciting debate in the Corps Legislatif on Tuesday last, on the interpellation concerning constituent power; but it ended in a strong vote of confidence in the ministry.

SPAIN.—Serious troubles have occurred in Spain, in resisting conscriptions, resulting in bloodshed.

April 9.—Advices from Spain represent the country quiet. The Duke de Montpensier was examined yesterday in regard to the late duel, and admitted that he shot Prince Henry. The Duke is under arrest at his house and it is understood he will be brought to trial on a civil, not a criminal process.

INTERCOLONIAL RAILWAY.

The Commissioners appointed to construct the Intercolonial Railway give Public Notice that having annulled the Contracts for Sections Nos. 5, 6 and 7, they are prepared to receive Tenders for re-letting the same.

Section No. 5 is in the Province of Quebec, and extends from the Easterly end of Section No. 2, forty miles east of Riviere du Loup, to the Sixty-sixth mile post, near Rimouski, a distance of about 26 miles.

Section No. 6 is in the Province of New Brunswick, and extends from the Easterly end of Section No. 3, opposite Dalhousie, to the West side of the main Post Road, near the forty-eighth mile post, Easterly from Jaquet River, a distance of about 21 miles.

Section No. 7 is in the Province of Nova Scotia, and extends from the Southerly end of Section 4, near River Philip, to Station O, (formerly Station Fifty.) at Folly Lake, a distance of about 24 miles.

The Contracts for the above Sections to be completely finished and ready for laying the track by the 1st of July, 1871.

The Commissioners also give public notice, that they are prepared to receive Tenders for four further sections of the line.

Section No. 17 will be in the Province of Quebec, and will extend from the Easterly end of Section No. 14, down the Matapedia Valley, to Station No. 685, about one mile above the boundary line between the Counties of Rimouski and Bonaventure, a distance of about 20 miles.

Section No. 18 will be in the Province of Quebec, and will extend from the Easterly end of Section No. 17 down the Matapedia Valley to Station No. 330, near Clark's Brook, a distance of about 20 miles.

Section No. 19, will extend from the Easterly end of Section No. 18, in the Province of Quebec, down the Matapedia Valley to its mouth, and thence across the River Restigouche to Station No. 370, at the Westerly end of Section No. 3, in the Province of New Brunswick, a distance of about 9 1/3 miles, including the bridge over the River Restigouche.

Section No. 20, will be in the Province of New Brunswick, and will extend from the Easterly end of Section No. 19, in the Town of Newcastle, on the Chapin Island road, thence crossing the North West and South West branches of the River Miramichi, and terminating at Station No. 320, about one mile and three quarters South of the South West branch, a distance of about six miles, including the bridges over the branches of the River Miramichi.

The Contracts for Sections Nos. 17, 18, 19 and 20, to be completely finished and ready for laying the track by the first day of July, 1872.

Plans and Profiles with Specifications and terms of contract for Section No. 7, will be exhibited at the office of the Chief Engineer in Ottawa, or at the offices of the Commissioners in Toronto, Quebec, Rimouski, Dalhousie, Newcastle, St. John and Halifax, on and after Monday, the 11th day of April next; for sections Nos. 5 and 6 at the same offices, on and after Wednesday, the 20th April next, and for Sections Nos. 17, 18, 19 and 20, at the same offices, on and after Tuesday, the 10th day of May next.

Sealed tenders for Sections 5, 6 and 7 addressed to the Commissioners of the Intercolonial Railway, and marked "Tenders," will be received at their office in Ottawa, up to 7 o'clock p. m., on Saturday the 7th day of May next; and for Sections Nos. 17, 18, 19 and 20, up to 7 o'clock p. m., on Wednesday the 26th day of May next.

Sureties for the completion of the contract will be required to sign the Tender.

DR. JOSEPH D. DAVIS,

HAS, after years of patient study and practical experiments, proved to every candid observer of his treatment that

CONSUMPTION,

even in advanced stages may be cured. Morbid anatomy has demonstrated that Tubercles degenerate and become abortive, and ulceration of the lungs do heal, nearly 30 per cent of the deaths in Nova Scotia, New Brunswick, and the New England States is by

CONSUMPTION.

We know that Peruvian Bark flourishes in a region infested with fevers, for which it is extensively used as an indispensable remedy. As an antidote for the bites of snakes, the Indians apply the herbs growing in the same country.

The Dr. argues that the remedy for Consumption grows abundantly in our midst. He uses the Medicine prepared by himself.

After spending the last year in the United States pursuing his Medical investigations he has returned to Nova Scotia determined to give those afflicted with

CONSUMPTION

an opportunity of testing his skill. He has procured in the United States the finest instruments to enable him to thoroughly diagnose diseases. The

MICROSCOPE

for testing the impurities of the blood, urine, mucus expectoration of the lungs, etc., etc. The

LARYNSCOPE

for ailments of the throat. The

RHINOSCOPE

for the diseases of the nose. The

APHTHALSCOPE

for the eye. The

OTOSCOPE

for the ear. The

STETHOSCOPE

for the chest, including heart and lungs. By the

Electro Medical Instrument

he can ascertain the exact state of the lungs and kidneys. Thus the Dr. is not left to guess, but exactly to define the disease.

The Dr. intends visiting the various towns and localities below mentioned. April 10 to 24 Nov. 10.

ANILINE DYES IN PACKETS.

THESE dyes were introduced into New Brunswick, a few months ago by J. Chaloner, St. John N. B., and being found to work well have been favorably received by the public. They are as follows:

Magenta or Roseine, Magdala Pink, Crimson, Scarlet, Purple, Blue, Violet, light and deep Yellow, Green, Brown, and Ponceau Scarlet. Green requires pure wool in order to succeed, part cotton flannel wont take it. Most of them dissolve freely in hot water, others have to be first dissolved in a little spirits, and then added to the boiling water. Directions go with each packet. They are very easily used, all required is to dissolve the dye in boiling water, and put in the goods. Iron vessels should not be used, a milk dish well heated previous to the operation is the best. Some of these dyes make good Inks viz: Purple, Violet, Blue; Ponceau makes fine Jelly or Syrup coloring, or Red Ink.

GATES' LIFE OF MAN BITTERS,

FROM THE

Roots and Plants of Nova Scotia,

FORMERLY MANUFACTURED BY

MRS. GATES, OF WILMOT,

WHO was pronounced incurable of Liver Complaint and Dropsy by many skilful physicians; when procuring several receipts from an eminent French physician, she was entirely cured; and afterwards cured hundreds of cases for which at first there seemed to be no hope. We offer these remedies to the public through the persuasion of those who at present consider that they are indebted to them for the preservation of their lives. Many certificates can be given for the cure of the following diseases:—Dropsy, in its worst form; Liver Complaint, Jaundice, Swelling of the Limbs and Face, Asthma, of whatever kind; Dyspepsia, Biliousness, Spitting of Blood, Bronchitis, Sick Headache, Diseases of the Blood, Female Diseases, Running Sores, Rheumatism, Erysipelas.

These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required.

The following certificates describe a few of the astonishing cures which have been made by the use of these remedies:

UNION SQUARE, CORNWALLIS, January 18th, 1870.

CALEB GATES, Esq.

Dear Sir,—It is with pleasure I send you this Testimony of the effects of your wonderful medicine. I have been troubled with cramp in my stomach at intervals for 8 years, sometimes I thought I would die—last July I had one that came on in the night very severe, and after I had taken one dose it cured me at once. On December 20th, I was attacked with Bilious Cholera, and so violent that I thought I was going to die. My friends wanted me to send for a doctor, but I said No go and get me a bottle of Gates' Syrup. They stirred and in one hour after I took the first dose. I was relieved of all my pains. It acted like a charm, I think it a duty I owe you, and also to those who may be attacked similarly to send you this testimony.

Personally appeared the subscriber and maketh oath to the contents of the above as correct.

IMPORTANT.

YARMOUTH, Sept. 29th, 1869.

DR. J. D. DAVIS,—

Dear Sir,—A sense of duty, and not the desire of notoriety, impels me to make public the following statement of fact:—

Two years ago I had all the symptoms of Consumption in its advanced stages,—racking coughs, shortness of breath, pain in the lungs, back and shoulders, loss of appetite, and great weakness, being able to sit up only a part of the time. A year ago last winter, I applied to Dr. J. D. Davis, and have been under his treatment the most of the time since. Contrary to the expectations of my friends, I have recovered my health, as those who know me can testify, and do most cheerfully recommend to consumptives a fair trial of Dr. Davis' new treatment of a disease which is one of the most terrible scourges of the human race.

MRS. WILLIAM ALLEN.

I the subscriber do hereby certify that Mrs. Allen is a near neighbor to me, that the statement made by her in the above, I know to be strictly true.

A. C. WHITE.

UPPER PORT LATOUR, Sept. 22, 1869.

DR. JOSEPH D. DAVIS,—

Dear Sir,—I take great pleasure in informing you that under your treatment I have received much benefit. In the winter of 1867, when I commenced taking your medicine, I had a bad cough, severe pain in my shoulders, and feared that consumption had claimed me for its victim. I took your medicine for about a year regularly, and since occasionally, and do not hesitate to say that my health is better now than it has been for the last ten years and consider it is owing to your treatment and the blessing of God alone that I am alive to-day, and able to look after my family as usual. Hoping that all who are suffering from lung affections will not fail to try your medicine.

I remain, Dear Sir, Yours Respectfully,

ELEANOR J. PATTERSON.
