SMITH'S American Organs!

THE manufacturers take pleasure in announcing that in addition to the improvements in mechanism and in quality of tone, with which their agents and friends have been expressed so much satisfaction, they have, at great expense, made such changes in the external appearance of their organs as will place them

FAR IN ADVANCE OF ALL OTHERS.

In particular they would call attention to the first five styles in their catalogue, which, with greater power and sweetness of tone, have now enlarged and elegant cases, fully equal in beauty to the more expensive instruments.

New and costly styles of cases are also in process of construction, for the larger organs. Acknowledging the great and increasing favor with which their efforts have been rewarded, the manufacturers wish to assure the musical public that no pains will be spared to make the AMERICAN ORGAN

A MODEL INSTRUMENT,

to maintain and to increase its solid excellencies, and its attractiveness.

To do this is simply to retain the precedence they have gained:—a course preferable, in their judgment, to reducing price and quality.

At the same time it cannot be too often repeated, that, with their long experience, their ample resources, their labor-saving machinery, their corps of skilled and tried mechanics, they are able to get, and do get, more tangible results for the money expended than any manufactory in the country.

Every instrument warranted. No inferior work tolerated.

\*An elegantly illustrated Circular, containing descriptions and prices, will be sent, post-paid, on application.

SHELBURNE, April 26, 1870.

DR. JOSEPH D. DAVIS.—

Dear Sir: It gives me great pleasure to bear testimony to the wonderful and complete cure your medicines and treatment have effected for me, after having suffered the most severe pain, and been unable to work for over two years, besides losing my eyesight. I am now quite restored to health, able to attend to my business and my eyesight is greatly improved. I attribute this entirely to your medicine, as I had previously consulted many physicians and taken their remedies without any benefit. As you may remember when I first employed you I was at death's door, in the last stage of Consumption, was enormously swelled with dropsy, hardly slept for a fortnight, was extremely weak and no one anticipated my recovery. Should any one doubt this statement I can refer to the Rev. George W. Clark and the Rev. T. Watson Smith, who often visited me during my illness, and you are at liberty to make what use you please of this certificate.

Yours very truly, CHRISTIAN R. BOWEN.

GATES' LIFE OF MAN BITTERS,

FROM THE

Roots and Plants of Nova Scotia,

FORMERLY MANUFACTURED BY

MRS. GATES, OF WILMOT,

WHO was pronounced incurable of Liver Complaint and Dropsy by many skillful physicians; when procuring several receipts from an eminent French physician, she was entirely cured; and afterwards cured hundreds of cases for which at first there seemed to be no hope. We offer these remedies to the public through the persuasion of those who at present consider that they are indebted to them for the preservation of their lives. Many certificates can be given for the cure of the following diseases:—Dropsy, in its worst form; Liver Complaint, Jaundice, Swelling of the Limbs and Face, Asthma, of whatever kind; Dyspepsia, Biliousness, Spitting of Blood, Bronchitis, Sick Headache, Diseases of the Blood, Female Diseases, Running Sores, Rheumatism, Erysipelas.

These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required.

The following certificates describe a few of the astonishing cures which have been made by these of these remedies:—

Calcut Gates.—Dear Sir—

Seeing the effect and realizing the comfort from the result of my son's case, I was no longer an unbeliever, my faith in your medicines grew stronger than ever and being almost unable to perform any manual labor at the time, owing to repeated attacks of bilious complaint, of which you are aware, I received some of your excellent preparations, tried them and was in a short time restored to perfect health, well able to perform bodily labor; a good appetite, so much so that now my food tastes to me so sweet and passes off so freely as it did in my boyish days, when youthful vigor knows no care, and the effects of hard labor passed away disregarded; I thought that the days of youth had returned. Therefore I could not see any reason why the glad tidings should not be published for the benefit of my fellow men whereby many a life may be prolonged. The members of my family also received much benefit from your medicines. You are very welcome to this statement of facts, hoping they may be the means of doing good to many others, attended with the blessing of a kind Providence for which I feel grateful.

Yours truly, JAMES PHINNEY.

Wilmot Co. Annapolis, Oct. 29, 1857.

Granville, Annapolis County, N. S.

Mr. Caleb Gates—

The leading facts of my case are as follows:—I was troubled with a pain in my left side for several years back, and tried some preparations which failed to do any good, I took a trip to New York about four years ago; grew worse after my arrival there; felt a violent pain in my forehead and directly above my eyes so that I could scarcely open them for a time then I applied to a doctor, who informed me that I had a combination of diseases, viz—liver complaint, heart disease, pains in the back and shoulders and jaundice; he said he could cure me, and gave me some medicine; also a plaster to work on my side. I thought I felt somewhat better foral while but after arriving at Halifax, grew worse than ever. I left that place and came home; my friends said that I was too far gone to last much longer. The doctors here advised me to discontinue using the medicines I had been taking, my knee joints and other parts of my body feeling very weak; they gave me tincture of iron, but it did me but little good; at length I gave you a brief explanation of my condition, asking if your remedies would do me any good; the answer was try them if you wish to do so. I took several quarts of your bitters and invigorating syrup and applied some vegetable plaster, and got great relief in a short time; kept gaining in strength and health and my appetite has been good ever since so that I can do a good day's work and travel around as well as ever. In fact, my system is so regular of late that I need no common purgatives. The cure is an astonishing one even to myself, therefore after taking a view of the deplorable condition I was in I considered it a duty which I owe to you and my fellowmen to give the above statement, in order that it may be made public for the benefit of suffering humanity.

Yours Respectfully, JOHN BOHAKER.

A large number of certificates, similar to the above, have been received and will be published at times for the information of the afflicted and the people generally.
