We regret that no notice was sent us of the Exhibition. The brief paragraph which appeared in our issue of the 21st would have had the programme appended to it if we had been furnished with a copy.

We published the programme of subjects two or three weeks since.

We regret that we were unable to send perfect copies to all our New Subscribers last week. We had not prepared for so large a number, and were obliged to send copies imperfectly printed to some. > A worthy brother sends us the names of three new subscribers, and hopes to be able to forward two or three more shortly. He adds, "My success thus far has been beyond my expectation, and without much effort or trouble. If our pastors and other agents would only give a little time and wisdom to such effort I feel persuaded they would gladden your heart and benefit not a few families."

We have had many kind expressions from brethren during the past two or three weeks, especially from the Western part of the Province. They all have our warmest gratitude.

RITUALISM REBUKED.—Several of the ritualistic clergy have been lately before the Judicial Committee of the Privy Council. One case has been decided on. The Rev. Mr. Mackonochie, who has been very notorious to such classes as they are prepared to join. for semi-popish practices, and for defiance of authority, has been sentenced to suspension from the exercies of all clerical functions for three months, and ordered to pay the costs of the proceedings, which will no doubt be very heavy.

"The Theology of the New Testament--a hand-book for bible students." from the Dutch of the Rev. Dr. J. J. Van Oosterzee is commended by English Reviewers as a valuable acquisition to ministers' libraries.

OUR ENLARGEMENT.

Some persons have supposed that a change of form from that of the quarto-eight pages, to a folio-four pages, would have given a more pretentious appearance to our sheet, and would make the enlargement more conspicuous. It would have saved us some trouble and expense to have brought it our in that shape; but we know that it our in that shape; but we know that many of our readers are accustomed to preserve their papers; for this and other reasons the Quarto is generally preferred for a weekly paper. We find that the best papers both British and American are in this form. The folio is perhaps handier for dailies, and papers that are expected to be read only once and then laid aside, but for family use, where the paper is expecte

had to purchase, our enlargement is not quite what we intended to make it. There is however in the whole paper an addition, ine Robertson, daughter of the late Captain in square inches, of more than seven

With this increased demand upon us and cur office, we enter upon the New Year with the confident assurance that our readers will, on their part make their remittances promptly, and will use their best endeavours to enlarge our list of subscrib rs.

These Bitters are taken in connection with a Syrup to regulate the bowels and purify the blood. We also prepare a LINIMENT and an OINTMENT for external application when required.

The following certificates describe a few of the astonishing cures which have been made by the use of these remedies:

This is to certify that George A. Parker, of Annapolis in the County of Annapolis, and province of Nova Scotia, maketh oath and saith he has been afflicted for about six months with dispersia in its several forms, and also with disease of the lungs, and has tried different Physicians and found no relief and very little or no encouragement; and finally commenced using Mr. Caleb Gates's medicine; and after uising it about two months is now healthy, well and strong, and would thus wish to make known to suffering humanity the healing virtues of such
