

THE NORTH SHORE LINE.—The steamer *Rothsey Castle*, now lying at Shediac, it is anticipated, will make weekly trips up the Bay de Chaleur to Campbellton, calling at all intermediate ports, and not semi-monthly ones, as formerly.

HOSPITAL ACCOMMODATION IN ST. JOHN.—The report of the Hospital Commissioners of the City, as presented to a recent meeting of the Sessions, is an instructive document, and fully vindicates the course pursued by the Commissioners in refusing to admit small pox patients. A new building is to be erected on the grounds, for the accommodation of those suffering with infectious diseases, that will cost some \$6,000. This is a humane arrangement.—Visitor.

BUCTOUCHE.—A correspondent of the *St. John Telegraph* reports that on the night of Sunday last the house of a French family at Buctouche, Kent County, was destroyed by fire and a child burned to death.

The brigantine *Wexford*, from Philadelphia, was seized at St. John, on Tuesday of last week for landing sugar and molasses not specified on her manifest.

P. E. ISLAND.

The Island Legislature passed a bill in its recent session to assimilate the currency on the basis of the New Brunswick Currency.

The Island revenue for the year 1870 was \$2,346 and the expenditure \$105,993. The debt of the Island amounts to \$158,534.

The Census of the Island is shortly to be taken. The arrangements are being made for it to be done shortly.

THE "EMELINE."—A telegram from Georgetown, on the 15th inst., to the Charlottetown "Patriot," says: "Body of a man found on shore at Red Point, on Thursday, supposed to be that of Dugald McDonald, one of the crew of the 'Emeline.'"

UNITED STATES.

Congress adjourned *sine die* on Thursday last.

The bill for the suppression of outrages, known as the Ku Klux bill, passed. The President has issued Proclamation for meeting of the Senate May 10th, when the report of the Joint High Commission is expected.

President Grant has left Washington for St. Louis.

The Fair in aid of the French in Boston realized \$83,000. Gold 110 1/2.

LATEST FROM EUROPE.

A despatch from Melbourne, of March 28 says, all the Australian Colonies are fortifying their Ports, in consequence of warning, said to come from the Home Government, that a descent is threatened by American filibusters.

A slight shock of earthquake was felt in Scotland on Tuesday morning the 18th.

The House of Commons reassembled on the 18th. A resolution regarding enquiry into Canadian subsidy to Grand Trunk Railway came up, and was opposed by Mr. Hugeson, Under Colonial Secretary. The Resolution was afterwards withdrawn.

The Rt. Hon. Mr. Lowe, Chancellor of the Exchequer, presented the Budget to the House of Commons. He said the expenditures for the last fiscal year were half a million pounds less than the estimates; and the income two and one third millions more. This year the expenses for the Army and Navy will be more, and the income from customs less.

On Friday night the House of Lords passed the Mutiny bill.

In the House of Commons several members gave notice of motions adverse to Mr. Lowe's financial plans.

The subject of the declaration of Paris in 1856 against privateering, and that neutral flag covers enemy's goods, came up. Bentick, Palmer, Cave and others advocated England's withdrawal from the agreement.

The Atty. General and Mr. Gladstone defended treaty obligations.

The Chancellor of the Exchequer proposes the placing of a half-penny stamp on each box containing one hundred matches. A still higher rate was to be imposed on wax lights. He estimates the result of this means of taxation at \$3,440,000 pounds. When the vote was taken there was a majority for the Government of 157.

FRANCE.—The disorder and confusion in Paris is still increasing. There appears to be some suspicion on the part of the insurgents that their leaders are negotiating with

the Versailles government to betray the city. The Commune on the strength of this supposition placed the Committee under arrest. A further complication arises from the National Guards demanding the release of the Committee. Fighting and bloodshed continue the order of the day, if we may judge by the telegraphic news of the week.

Versailles Assembly has ordered Municipal election in Paris 30th. It is rumoured that the Representatives of England, United States and Italy, are jointly urging the Commune to a truce.

People are flying from Paris in great numbers. The city last week only consumed five-eighths of its usual quantity of flour.

A despatch from Versailles on Wednesday last says the Government troops occupied Asnier yesterday, driving the enemy across the Seine; capturing some prisoners. Loss of the Versailles troops small. Army has been placed in a position which prevents the insurgents from using the bridge which crosses the River from Clichy to Asniers.

A despatch from Paris on the 18th says the Communists, after a second battle, occupy the whole of Neuilly, capturing all the enemy's artillery and two flags. The loss of the Government troops is 2,000 men, killed and wounded, and 500 prisoners. Communist loss about the same.

On the 22nd despatches from Versailles states that St. Denis and other forts will be surrendered by the Germans to-morrow to the Government troops and their guns turned upon the insurgents in Paris.

Insurgents have erected enormous barricades in Rue Rivoli and Place de La Concorde. Besides double ditches six feet deep, every preparation has been made for obstinate street fighting.

It appears that on Saturday Forts Valerien and Courbevois were shelling Paris frightfully. The Arc de Triomphe had fallen, and the Avenue des Termes was being visited by showers of shells.

Gen. Ducrot was marching with twenty thousand men to reinforce the Versailles troops at Asnières.

The Paris ramparts are being rapidly strengthened.

Another insurrection of rebels in Bordeaux, has been summarily suppressed.

The Communists have begun a vigorous policy of confiscation.

The Commune has suppressed the newspapers "La Opinion Nationale," "La Colocche," "La Soir" and "La Bien Publique."

It is rumored that the Government has made arrangements to pay overdue instalments of indemnity.

The Versailles National Assembly has rejected a motion to treat with the Commune. In the meantime terrible loss of life and destruction of property continues. Houses and streets are being ruined by insurgents, who dispute every inch of ground with desperation.

Versailles despatches of Monday continued firing from Fort Valerien on the Communists, some shells falling within the city.

The Army of the Assembly is being continually reinforced. Many new troops arrived on Sunday and were forwarded to the front.

It is reported that in consequence of difficulties between Prussians and Communists the former hold Fort Denis, and on Sunday stopped at that point all supplies for Paris from the north.

The Communists at Marseilles again attempted to overthrow the Government, but in vain. All have been arrested.

General Cecilla has been appointed commandant of Paris; General Bergert has been released from arrest.

SPAIN.—Madrid, April 23. Castelar announces he will introduce a motion in Cortes demanding the dethronement of the King.

TURKEY.—Omar Pasha, commander of the Turkish field forces, is dead.

American Organs.

The following letter from a Post Captain in New Mexico, will serve to assure the public that orders from a distance can be sent for instruments with a certainty of being conscientiously executed, and that secure packing is not one of the "lost arts."

PORT UNION, N. W. MEXICO, February 28th, 1871.

To the Smith American Organ Company of Boston.

Gentlemen—The American Organ from your manufactory reached Port Union on Saturday, Feb. 25th, without a scratch or any injury whatever. It was immediately unpacked in the Chapel, and its tones, almost divine, elicited the praise of all present. I gave it a little tuning and it was ready for use on Sabbath morning.

You have received many medals in testimony of the worth of the American Organ; you should receive a medal for your mode of packing your instruments.

Nearly three thousand miles without any scratch or any injury whatever! Two hundred and fifty miles by wagon, twenty-five miles over a spur of the Rocky Mountains; it is certainly remarkable! Thanking you for your munificent liberality in sending us such a superb instrument, the best I apprehend in your manufactory, and wishing a large demand for the American Organ.

I remain, Very respectfully yours, DAVID W. EARNS. March 29th.

Notice.

THE LADIES OF ANNAPOLIS ROYAL in connection with the Baptist denomination and many others, have concluded that the time has come when the friends should arise and build a Baptist Meeting House in that ancient town. They have accordingly organized a Sewing Circle with a view to raise funds for this desired object.

The Circle is largely attended and vigorously and courageously at work. They bespeak the sympathies and benevolent aid of the Baptist Churches in the Province and of the religious public generally, surely the old TOWN OF ANNAPOLIS, the former Capital of Nova Scotia, hitherto without a Baptist Church or place of worship, has special claims upon the generous hearts in all parts of the land.

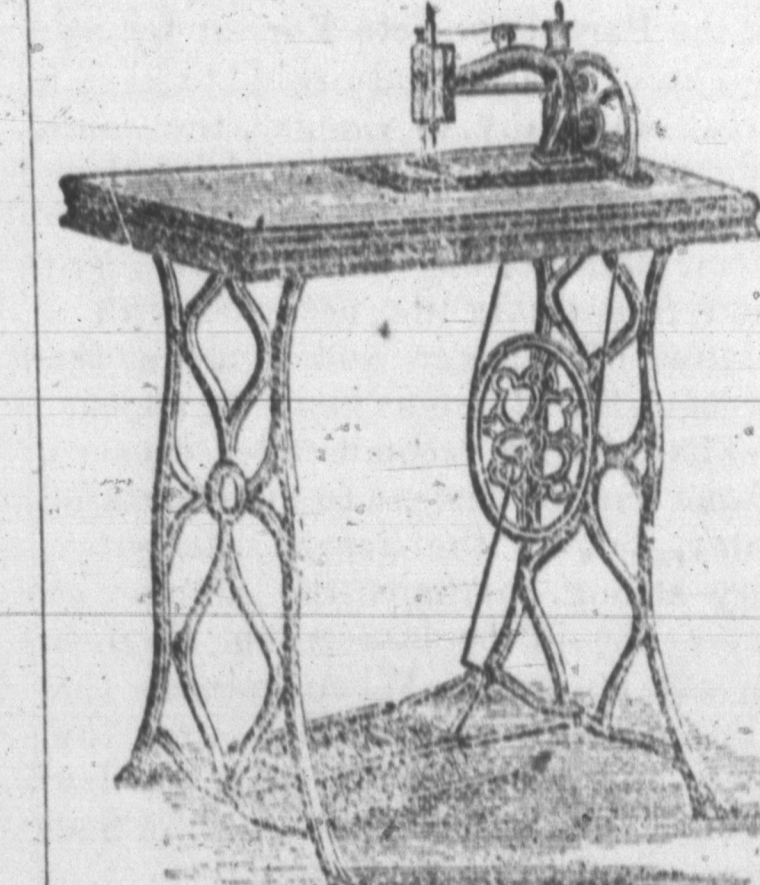

Donations in cash or contributions to the contemplated Bazaar to take place in July next may be forwarded to Mrs. A. W. Corbet, Mrs. F. Snay, Mr. Jno. Brittain, or the Subscribers, March 22. ISA. WALLACE, Lower Granville.

DR. JOSEPH D. DAVIS

WOULD inform the public that after thirty years of study, investigation and practical experimenting concerning that terrible disease

CONSUMPTION,

And the diseases of the anterior and posterior nares, throat, bronchia, lungs, heart, liver, kidneys, and uterus, and twenty years spent in investigating, experimenting and proving, with the medicinal and therapeutic properties of the roots, barks, plants and shrubs, indigenous to Massachusetts, Maine, New Brunswick and Nova Scotia,—he has discovered new remedies, and new modes of treatment, for Consumption, not previously known to Medical Science; and with the large number of cases treated, relieved and cured during the past ten years, in Maine, Massachusetts, and in different sections of Nova Scotia, has proved, beyond the shadow of a doubt, that Consumption, very often in its advanced stages, with his medicines and mode of treatment, can be cured.

He has, at great expense, procured from London, Paris, Vienna and the United States, the finest and most delicate instruments to enable him to thoroughly diagnosis diseases.

CAPE SABLE ISLAND, N. B., July 15th, 1870.

DR. DAVIS—Dear Sir—The wisest of men has said that in a multitude of counsellors there is safety. Having been benefitted by your medicines, I wish to say it to others who may be suffering from lung diseases. Early in 1869 my health began to give way, until such a lack of vital tone was experienced that I concluded it was time to try to avert the impending danger or doom; and arranged last autumn for a rest and a visit to my native Province; but on returning found myself no better; I became discouraged, fearing if no help could be obtained that I should have to abandon my work in the ministry. Happily for me, as the sequel proved, you were directed this way last winter; and, upon examination, you said my lungs were in a tubercular condition, and advised me to take medicine; to which I consented, with many misgivings, which, however, were dissipated in the course of four or five months. For the first three months I could not discern much change; but after that began to feel a new vitality permeating my whole system; my work, which for months had been burdensome, became lighter and more agreeable; and now I enjoy a vigorous state of health. If this testimony should induce any who are suffering from lung disease to employ you, with the same success, I do not doubt but they will feel that, under the Divine blessing by which you have been enabled to gather such valuable knowledge from nature's store house, they are your debtor. With earnest prayer that you may succeed in business and become a blessing to many of the afflicted, I remain, with kindest regards,

WM. M. KNOLLIN, Minister of Free Baptist Conference of N. S. Dr. Davis intends visiting the following various towns and localities:—
